introduced as diversions to quell revolutionary stirrings to today's figurative ones in the form of collegiate and professional sports programs He details the conveyor belt that brings kids from inner cities and small towns to big time programs where they're cut off from their roots and exploited by team owners sports agents and the media He also sets his sights on athletes like Michael Jordan who he says have abdicated their responsibility to the community with an apathy that borders on treason The power black athletes have today is as limited as when masters forced their slaves to race and fight The primary difference is today's shackles are invisible Praise for *Forty Million Dollar Slaves* A provocative passionate important and disturbing book The New York Times Book Review Brilliant a beautifully written complex and rich narrative Washington Post Book World A powerful call for more black athletes to give back to their communities Los Angeles Times
