Racism In The Irish Experience

Karl Cordell, Stefan Wolff

Racism In The Irish Experience:

Racism In The Irish Experience Steve Garner, 2004 Academically rigorous study which situates the Irish experience within both the historical development of an Irish racial consciousness and contemporary patterns of migration **Affecting Irishness** Padraig Kirwan, Michael O'Sullivan, 2009 The writers in this text seek to reconcile the established critical perspectives of Irish studies with a forward looking critical momentum that incorporates the realities of globalisation and economic migration **Experiences of Islamophobia** James Carr, 2015-09-07 Since 9 11 interest in Islamophobia has steadily increased as has the number of academic publications discussing the phenomenon However theoretical expositions have dominated the field Lived experiences of Islamophobia by contrast have received little attention In recognition of the importance of addressing this imbalance this book provides theoretically informed analyses alongside everyday testimonies of anti Muslim racism set comparatively in an international context Carr argues that the failure of the neoliberal state to collect data on anti Muslim racism highlights the perpetuation of race blindness within governance Not only does this mean that the salience of racism is denied in the lives of those who experience it but this also enables the state to absolve itself from challenging the issue and providing the necessary supports to Muslim communities Offering original empirical research and theoretical engagement with the concept of race blind neoliberal governance this book will appeal to students and scholars across the social sciences in addition to policymakers and activists working in this topical area Muscular Nationalism Sikata Banerjee, 2012-04-23 A particular dark triumph of modern nationalism has been its ability to persuade citizens to sacrifice their lives for a political vision forged by emotional ties to a common identity Both men and women can respond to nationalistic calls to fight that portray muscular warriors defending their nation against an easily recognizable enemy This us versus them mentality can be seen in sectarian violence between Hindus and Muslims Tamils and Sinhalese Serbs and Kosovars and Protestants and Catholics In Muscular Nationalism Sikata Banerjee takes a comparative look at India and Ireland and the relationship among gender violence and nationalism Exploring key texts and events from 1914 2004 Banerjee explores how women negotiate muscular nationalisms as they seek to be recognized as legitimate nationalists and equal stakeholders in their national struggles Banerjee argues that the gendered manner in which dominant nationalism has been imagined in most states in the world has had important implications for women's lived experiences Drawing on a specific intersection of gender and nationalism she discusses the manner in which women negotiate a political and social terrain infused with a masculinized dream of nation building India and Ireland two states shaped by the legacy of British imperialism and forced to deal with modern political social conflict centering on competing nationalisms provide two provocative case studies that illuminate the complex interaction between gender and nation **Working-Class Women in Irish Literature and Theatre** Clara Mallon, Salomé Paul, 2025-07-25 Working Class Women in Irish Literature and Theatre critically engages with works of theatre both by and about working class women historically and presently Addressing professional and

community theatre productions from both textual and performative perspectives this volume focuses on works of theatre by practitioners directors playwrights and performance artists across rural and urban contexts Irish theatre has a long history of signifying social class Yet the representations of working class women in Irish theatrical history also encompass several problematic issues starting with the fact that these depictions were created by male writers like J M Synge and Se n O Casey to name but a few Nonetheless the theatre s emphasis on embodied performance and its ability to reach its public in an unmediated way has attracted working class engagement perhaps more than other art forms in Ireland Contemporary playwrights in the Republic and the north of Ireland have tirelessly striven to illuminate working class women s lived experiences and have reframed the characterisation of working class women by drawing out the intersection of social class with sexualities ethnic minorities and racial identities This edited collection also includes the voices of directors playwrights and performers who identify with a working class social background offering first hand accounts of their lived experience in the theatre industry

Pregnant on Arrival Eithne Luibhéid, 2013-08-01 State alert as pregnant asylum seekers aim for Ireland Country Being Held Hostage by Con Men Spongers and Those Taking Advantage of the Maternity Residency Policy From 1997 to 2004 headlines such as these dominated Ireland s mainstream media as pregnant immigrants were recast as illegals entering the country to gain legal residency through childbirth As immigration soared Irish media and politicians began to equate this phenomenon with illegal immigration that threatened to destroy the country s social cultural and economic fabric Pregnant on Arrival explores how pregnant immigrants were made into paradigmatic figures of illegal immigration as well as the measures this characterization set into motion and the consequences for immigrants and citizens While focusing on Ireland Eithne Luibh id s analysis illuminates global struggles over the citizenship status of children born to immigrant parents in countries as diverse as the United States Hong Kong and elsewhere Scholarship on the social construction of the illegal immigrant calls on histories of colonialism global capitalism racism and exclusionary nation building but has been largely silent on the role of nationalist sexual regimes in determining legal status Eithne Luibh id turns to queer theory to understand how pregnancy sexuality and immigrants relationships to prevailing sexual norms affect their chances of being designated as legal or illegal Pregnant on Arrival offers unvarnished insight into how categories of immigrant legal status emerge and change how sexual regimes figure prominently in these processes and how efforts to prevent illegal immigration ultimately redefine nationalist sexual norms and associated racial gender economic and geopolitical hierarchies

Under the Raj Sumanta Banerjee, 1998 Like other pre colonial socio economic formations the profession of prostitution underwent a dramatic change in Bengal soon after the British take over Under the Raj explores the world of the prostitute in nineteenth century Bengal It traces how from the peripheries of pre colonial Bengali rural society they came to dominate the center stage in Calcutta the capital of British India thanks to the emergence of a new clientele brought forth by the colonial order Sumanta Banerjee examines the policies the British administration implemented to

revamp the profession to suit its needs as well as to screen its practitioners in a bid to protect its minions in the army from venereal diseases He also analyzes the class structure within the prostitute community in nineteenth century Bengal its complex relationship with the Bengali bhadralok society and what is more important and fascinating for modern researchers in popular culture the voices of the prostitutes themselves which we hear from their songs letters and writings collected and reproduced from both oral tradition and printed sources

The Politics of Compulsive Education Karl Kitching, 2014-12-05

The marketised and securitised shaping of formal education sites in terms of risk prevention strategies have transformed what it means to be a learner and a citizen In this book Karl Kitching explores racialised dimensions to suggest how individuals and collectives are increasingly made responsible for their own welfare as good or bad students at the expense of the protection of their rights as learner citizens Focusing on Ireland as a post colonial Atlantic state the book demonstrates how liberal governance racisms migration and mass education are interconnected and struggled over at local national European and global levels Using a variety of qualitative studies and analytic approaches The Politics of Compulsive Education details the significance of mass education s to the ongoing racialisation of national sovereignty It draws on in depth historical policy media and school based research moving from the 19th century to the present day Chapters explore diverse themes such as student deportation austerity and the politics of community integration the depoliticisation of third level education via international student and quality teacher regimes the racialised distribution of learner ability and school based bullying and harassment Combined these studies demonstrate the possibilities and constraints that exist for educational anti racisms both in terms of social movements and everyday classroom situations The Politics of Compulsive Education asks key questions about anti racist responsibility across multiple education sites and explores how racisms are both shaped and can be interrupted by the interaction of the global and the local as seen in terms of migration the distribution of capital media education policy discourse and teacher and learner identifications It will be of interest to researchers academics and postgraduate students of sociology education cultural studies political theory philosophy and postcolonial studies

Crossing Borders Mary Haour-Knipe, the late Richard Rector, 2002-09-11

Academics and activists have come together in this edited volume to tackle the complex issues surrounding migration and AIDS The book sets the agenda for the development of HIV AIDS prevention and care programme in migrant and minority ethnic communities Issues covered include migration patterns policies for migrant health legal and human rights issues as they affect mobile populations racism and stigma and HIV AIDS prevention care and programme evaluation as they pertain to migrant communities The editors end with an overview of some of the key issues which remain to be addressed The book identifies foundations on which bridges can be built attempting to turn away from thinking of migration in terms of them and us of public health in terms of protection and from conceptualizing AIDS in terms of the infected and the non infected It is hoped that readers will take up the challenge turn towards groups too often ignored and ultimately work towards social justice and

equity *Race and State* Karen Fricker, Ronit Lentin, 2009-01-14 Speaking about racism in the western political climate of the first decade of the twenty first century is more difficult than ever before There is a feeling in post colonial and post immigration societies that the blatant overt racism of the past is no longer as pressing Admitting racism elicits discomfort because common wisdom tells us that racism opposes everything that we believe in as citizens of democratic civilised modern states Yet state racism appears to be here to stay and in many ways is more acceptable than ever before Immigration detention centres the deportation of failed asylum seekers and illegal immigrants racial profiling and the rolling back of liberties won by the civil rights movement are all examples of how state racism impacts on our daily lives *Race and State* contributes to breaking the taboo of discussing the links between race and state The papers collected in this book highlight the interconnections between race and state from historical theoretical or contemporary sociological perspectives Part I of the book looks at theoretical issues in conceptualising the race state relationship Part II examines racism in its most pernicious contemporary manifestation the racialisation of terror Part III on the racial state s of Ireland is an important addition to the debate examining Ireland as a test case for demonstrating and interpreting the relationship between race and state *The Celts* Ian Stewart, 2025-03-04 A new history of the Celts that reveals how this once forgotten people became a pillar of modern national identity in Britain Ireland and France Before the Greeks and Romans the Celts ruled the ancient world They sacked Rome invaded Greece and conquered much of Europe from Ireland to Turkey Celts registered deeply on the classical imagination for a thousand years and were variously described by writers like Caesar and Livy as unruly barbarians fearless warriors and gracious hosts But then in the early Middle Ages they vanished In *The Celts* Ian Stewart tells the story of their rediscovery during the Renaissance and their transformation over the next few centuries into one of the most popular European ancestral peoples *The Celts* shows how the idea of this ancient people was recovered by scholars honed by intellectuals politicians and other thinkers of various stripes and adopted by cultural revivalists and activists as they tried to build European nations and nationalisms during the eighteenth and nineteenth centuries Long forgotten the Celts improbably came to be seen as the ancestors of most western Europeans and as a pillar of modern national identity in Britain Ireland and France Based on new research conducted across Europe and in the United States *The Celts* reveals when and how we came to call much of Europe Celtic why this idea mattered in the past and why it still matters today as the tide of nationalism is once again on the rise *The Culture and Ethnicity of Nineteenth Century Baseball* Jerrold I. Casway, 2017-05-29 Evolving in an urban landscape professional baseball attracted a dedicated fan base among the inhabitants of major cities including ethnic and racial minorities for whom the game was a vehicle for assimilation But to what extent were these groups welcomed within the world of baseball and what effect did their integration or as in the case of African Americans their ultimate inability to integrate have on the culture of a pastime that had recently become a national obsession How did their mutual striving for acceptance affect relations between these minorities In deep and long lasting

ways as it turns out This book provides a carefully considered portrait of baseball as both a sporting profession one with quick changing rules and roles and as an institution that reinforced popular ideas about cultural identity masculinity and American exceptionalism **Rethinking Northern Ireland** David Miller,2014-09-25 Rethinking Northern Ireland provides a coherent and critical account of the Northern Ireland conflict Most writing on Northern Ireland is informed by British propaganda unionist ideology or currently popular ethnic conflict paradigm which allows analysts to wallow in a fascination with tribal loyalty Rethinking Northern Ireland sets the record straight by reembedding the conflict in Ireland in the history of an literature on imperialism and colonialism Written by Irish Scottish and English women and men it includes material on neglected topics such as the role of Britain gender culture and sectarianism It presents a formidable challenge to the shibboleths of contemporary debate on Northern Ireland A just and lasting peace necessitates thorough re evaluation and Rethinking Northern Ireland provides a stimulus to that urgent task **Routledge Handbook of Ethnic Conflict** Karl Cordell,Stefan Wolff,2010-10-18 A definitive global survey of the interaction of race ethnicity nationalism and politics this handbook blends theoretically grounded rigorous analysis with empirical illustrations to provide a state of the art overview of the contemporary debates on one of the most pervasive international security challenges today The contributors to this volume offer a 360 degree perspective on ethnic conflict from the theoretical foundations of nationalism and ethnicity to the causes and consequences of ethnic conflict and to the various strategies adopted in response to it Without privileging any specific explanation of why ethnic conflict happens at a specific place and time or why attempts at preventing or settling it might fail or succeed the Routledge Handbook of Ethnic Conflict enables readers to gain better insights into such defining moments in post Cold War international history as the disintegrations of the Soviet Union and Yugoslavia and their respective consequences and the genocide in Rwanda as well as the relative success of conflict settlement efforts in Northern Ireland Macedonia and Aceh By contributing to understanding the varied and multiple causes of ethnic conflicts and to learning from the successes and failures of its prevention and settlement the Handbook makes a powerful case that ethnic conflicts are neither unavoidable nor unresolvable but rather that they require careful analysis and thoughtful and measured responses

Which Direction Ireland? Proceedings of the 2006 ACIS Mid-Atlantic Regional Conference Donald McNamara,2009-10-02 Ireland is going changes so rapidly and so dramatically that it has left many people both in Ireland and abroad wondering where it is headed next as well as leaving some people wondering where it actually came from Which direction Ireland probes a variety of currents and concepts at play in Ireland examining geographical historical social political and literary changes that have taken place in both Ireland and Irish America It offers cogent insight into those changes and and well founded projections about the future While examining the question Which Direction Ireland provides encouragement for those who want to make the journey with enthusiasm as well as curiosity **Messy Europe** Kristín Loftsdóttir,Andrea L. Smith,Brigitte Hipfl,2018-02-19 Using the economic crisis as a starting point Messy Europe offers a

critical new look at the issues of race gender and national understandings of self and other in contemporary Europe It highlights and challenges historical associations of Europe with whiteness and modern civilization and asks how these associations are re envisioned re inscribed or contested in an era characterized by crises of different kinds This important collection provides a nuanced exploration of how racialized identities in various European regions are played out in the crisis context and asks what work crisis talk does considering how it motivates public feelings and shapes bodies boundaries and communities

The Changing Faces of Ireland Merike Darmody, Naomi Tyrrell, Steve Song, 2011-10-22 Before the economic boom of the 1990s Ireland was known as a nation of emigrants The past fifteen years however have seen the transformation of Ireland from a country of net emigration to one of net immigration on a scale and at a pace unprecedented in comparative context As a result Irish society has become more diverse in terms of nationality language ethnicity and religious affiliation and these changes are now clearly reflected in the composition of both primary and secondary schools presenting these with challenges as well as opportunities Despite the increased number of ethnically diverse immigrant children and young people in the Ireland currently there is a paucity of information about aspects of their lives in Ireland This book is aimed at contributing to this gap in knowledge This edited collection will be of interest to researchers in the fields of migration studies childhood studies education studies human geography sociology applied social studies social work health studies and psychology It will also be a useful resource to educators social workers youth workers and community members working with or preparing to work with children with immigrant and ethnic minority backgrounds in Ireland

The International Handbook of the Demography of Race and Ethnicity Rogelio Sáenz, David G. Embrick, Néstor P. Rodríguez, 2015-06-03 Examining key countries in every region of world this handbook presents population profiles and analyses concerning racial ethnic disparities and changing intergroup relations Inside prominent scholars from various parts of the world and disciplines address the links between stratification demography and conflict across the globe Organized by region continent coverage for each profiled country includes demographic information a historical overview that addresses past racial ethnic conflict identification of the most salient demographic trends and issues that the country faces theoretical issues related to the linkages between stratification demography and conflict methodological issues including quality of data and cutting edge methods to better understand the issue at hand and details on the possible future of the existing trends and issues with particular emphasis on public policy and human rights This handbook will help readers to better understand the commonalities and differences that exist globally in the interplay between stratification demography and conflict In addition it also provides an excellent inventory of theoretical perspectives and methodological approaches that are needed to better comprehend this issue This handbook will appeal to students researchers and policy analysts in the areas of race and ethnic relations demography inequality international sociology international relations foreign studies social geography and social development

Islam, Race, and Pluralism in the Pakistani Diaspora Craig Considine, 2017-07-06 This book explores the

Pakistani diaspora in a transatlantic context enquiring into the ways in which young first and second generation Pakistani Muslim and non Muslim men resist hegemonic identity narratives and respond to their marginalised conditions Drawing on rich documentary ethnographic and interview material gathered in Boston and Dublin *Islam Race and Pluralism in the Pakistani Diaspora* introduces the term Pakphobia a dividing line that is set up to define the places that are safe and to distinguish us and them in a Pakistani diasporic context With a multiple case study design which accounts for the heterogeneity of Pakistani populations the author explores the language of fear and how this fear has given rise to a politics of fear whose aim is to distract and divide communities A rich cross national study of one of the largest minority groups in the US and Western Europe this book will appeal to sociologists anthropologists political scientists and geographers with interests in race and ethnicity migration and diasporic communities

Tolerance and diversity in Ireland, north and south Iseult Honohan, Nathalie Rougier, 2015-11-01 Examines the treatment of cultural and religious diversity indigenous and immigrant on both sides of the Irish border to analyse the current state of tolerance and the kinds of policies that need to be developed to respect diversity
