## Cajun Literature and Cajun Collective Memory

Mathilde Köstler, 2022-12-19 How does Cajun literature emerging in the 1980s represent the dynamic processes of remembering in Cajun culture Known for its hybrid constitution and deeply ingrained oral traditions Cajun culture provides an ideal testing ground for investigating the collective memory of a group In particular francophone and anglophone Cajun texts by such writers as Jean Arceneaux Tim Gautreaux Jeanne Castille Zachary Richard Ron Thibodeaux Darrell Bourque and Kirby Jambon reveal not only a shift from an oral to a written tradition They also show hybrid perspectives on the Cajun collective memory Based on recurring references to place the texts also reflect on the Acadian past and reveal the innate ability of the Cajuns to adapt through repeated intertextual references The Cajun collective memory is thus defined by a transnational outlook a transversality cutting across various ethnic heritages to establish and legitimize a collective identity both amid the linguistic and cultural diversity in Louisiana and in the face of American mainstream culture *Cajun Literature and Cajun Collective Memory* represents the first analysis of the mnemonic strategies Cajun writers use to explore and sustain the Cajun identity and collective memory

expendable and unworthy of the rights and treatment accorded to full citizens Thus the author assesses portrayals of violence in contemporary literature as a crystallization of the existing disjunction between the socially disqualified and those who wield colonial political and religious power Moreover the author argues that in order to understand contemporary politics and the current climate of insecurity a deeper understanding of precarity in North Africa from colonial times to the present is crucial By affirming their right to exist the author argues that the marginal bodies of North Africa offer unique insights into the society that marginalized them and thus from the often inaudible and invisible periphery they nevertheless challenge the dominant ideas of the center

Cet ouvrage est une rédition numérique d'un livre paru au XXe siècle désormais indisponible dans son format d'origine     *The European Jews, Patriotism and the Liberal State 1789-1939* David Aberbach, 2012-12-07 The fragility of the liberal democratic state after 1789 is illustrated in the history of the European Jews from the French Revolution to the Holocaust Emancipation and hope of emancipation amongst the European Jewish population created a plethora of Jewish identities and forms of patriotism This book takes the original approach of studying European Jewish patriotism as a whole with particular attention given to creative literature Despite their growing awareness of racial genocidal hatred most European Jews between 1789 and 1939 tended to be patriotic toward the countries of their citizenship an attitude reflected in the literature of the time Yet the common assumption among emancipated Jews that anti-Semitism would fade in a world governed by reason proved false For millions of European Jews the infinite possibilities they associated with emancipation came to nothing The Jewish experience exposed many of the weaknesses and failings of the liberal multicultural state and demonstrated that its survival cannot be taken for granted but is dependent on vigilance and struggle By focusing on Jewish patriotism from 1789-1939 this book explores the nature of the liberal state how it can fail and the conditions needed for its survival
