Rational Woman A Feminist Critique Of Dualism

Ramón Máiz, Ferrán Requejo

Rational Woman A Feminist Critique Of Dualism:

Rational Woman Raia Prokhovnik, 2012-11-12 To feminists and some postmodernists reason and emotion represent two fundamental polarities fixed deep within Western philosophy and reflected in the structures of our languages and two sets of hierarchical power relations in patriarchal society Raia Prokhovnik challenges the tradition of dualism and argues that rational woman need no longer be a contradiction in terms Prokhovnik examines in turn the nature of dichotomy its problems and an alternative the reason emotion dichotomy dichotomies central to the man woman dualism such as sex gender and the heterosexualist norm

Citizens and the State Takashi Inoguchi, Jean Blondel, 2012-11-12 This book is about the relationship between citizens and the state Their relationship has tended to be argued from a top down perspective without systematically examining empirical data about their association In contrast *Citizens and the State* analyses the relationship from a primarily bottom up standpoint Using the 18 country cross national survey the Asia Europe Survey data it examines how citizens relate themselves to the state Featuring case studies on France Germany Spain Sweden Britain Taiwan Japan Indonesia Greece Italy Korea the Philippines Portugal Ireland Thailand Malaysia Singapore and China the book systematically examines the relationship by asking three questions how strongly do citizens identify themselves to the country how much confidence do citizens place in the state and its institutions how satisfied are citizens with life and politics Innovatively the book attempts to answer these questions by first setting up six types of relationship between citizens and the state via factor analysis of the survey data pertaining identity confidence and satisfaction then by examining country profiles more closely and beyond the six types The book will be of interest to students and researcher of political science political theory comparative political science Asian Studies European Studies and sociology

European Integration and the Nationalities Question John McGarry, Michael Keating, 2006-09-27 A highly topical examination of the effect of European integration on relations between states and minority nations This new collection brings together the leading specialists in the field and covers a wide range of cases from Northern Ireland in the West to Estonia and Latvia in the East and Cyprus in the South East The contributors assess how European integration has affected the preparedness of states to accommodate minorities across a range of fundamental criteria including enhanced rights protection autonomy the provision of a voice for minorities in the European and international arena and the promotion of cross border cooperation among communities dissected by state frontiers The comprehensive chapters stress the importance of the nationality question and the fact that contrary to the hopes and beliefs of many on the left and right it is not going to go away Beginning with an introductory essay that summarizes the impact of European integration on the nationalities question this accessible book will be of strong interest to scholars and researchers of politics nationalism ethnic conflict and European studies

The New Politics of Masculinity Fidelma Ashe, 2007-11-30 Explores the new politics of masculinity and gender identity examining the contemporary discourses of masculinity by focusing on male pro feminist movements and locating them within the context of

feminist debates **Ethnic Diversity and the Nation State** David James Smith, John Hiden, 2012 This book explores a largely forgotten legacy of multicultural political thought and practice from within Eastern Europe and examines its relevance to post Cold War debates on state and nationhood Featuring a Preface by former UK Home Secretary Charles Clarke it weaves theory and practice to challenge established understandings of the nation state Eastern Europe is still too often viewed through the prism of ethnic conflict which overlooks the region's positive contribution to modern debates on the political management of ethno cultural diversity and towards the construction of a united Europe beyond the nation state Based on extensive archival research in Estonia Latvia Germany Russia as well as the League of Nations Archive in Geneva this book explores this neglected multicultural legacy and assesses its significance in the post Cold War era which has seen the reappearance of national cultural autonomy laws in several states of Eastern Europe **Ethnic Diversity and the Nation State** is invaluable reading for students and scholars of political science history sociology and European studies and also for policy makers and others interested in minority rights and ethnic conflict regulation **Rethinking Gramsci** Marcus Green, 2011-03-30 This edited volume provides a coherent and comprehensive assessment of Antonio Gramsci's significant contribution to the fields of political and cultural theory It contains seminal contributions from a broad range of important political and cultural theorists from around the world and explains the origins development and context for Gramsci's thought as well as analysing his continued relevance and influence to contemporary debates It demonstrates the multidisciplinary nature of Gramscian thought to produce new insights into the intersection of economic political cultural and social processes and to create a vital resource for readers across the disciplines of political theory cultural studies political economy philosophy and subaltern studies **Democracy, Nationalism and Multiculturalism** Ramón Máiz, Ferrán Requejo, 2004-06-11 This book provides an up to date review of subnational and multicultural issues in Western multinational states **Autonomy and Identity** Ros Hague, 2011-04-06 Autonomy and Identity are key concepts in both political and feminist thought and have played central roles in both fields Although there has been much academic work on both concepts there has arguably been little that has addressed the connections between autonomy and identity **Autonomy and Identity** seeks to draw innovative links between these concepts in order to develop a new understanding which sees autonomy as a process by which we change and develop our identity It draws on thinkers from the canon of political thought such as G W F Hegel Mary Wollstonecraft J S Mill and Simone de Beauvoir and features illustrative examples drawn from a wide range of contemporary issues including pornography domestic violence and women's citizenship Hague argues that identity is best understood as changing multiple and something we need to take control of ourselves In order to support this version of identity there needs to be a concept of autonomy which emphasises self direction to control our identity Providing valuable insight into the complexities of thinking about linking autonomy to identity this book will be of interest to students and scholars of political science gender studies contemporary political thought and the history of political thought

Democracy, Dialectics, and Difference Brian C. Lovato, 2015-12-07 It has been nearly two centuries since Marx famously turned Hegel on his head in order to repurpose dialectics as a revolutionary way of thinking about the internal contradictions of our social relations. Despite critiques from post structuralists, post colonialists and others, there has been a resurgence of dialectical thought among political theorists as of late. This resurgence has coincided with a rise in the mention of words like class warfare, socialism and communism among the general public on the streets of Seattle in 1999, in Cairo's Tahrir Square in the actions of the Greek anarchists and the Spanish indignados and in the rallying cry of 'we are the 99%' of the Occupy Movement and in academia. This book explores how it is that dialectical thought might respond to the critiques brought forth by those on the left who are critical of Marxism's universalizing and authoritarian legacy. Brian C. Lovato singles out Ernesto Laclau and Chantal Mouffe as the key interlocutors in this ongoing conversation between Marxism and post structuralism. Laclau and Mouffe argue that Marxist theory is inherently authoritarian, cannot escape a class reductionist theory of revolutionary subjectivity and is bound by a closed Hegelian ontology. Lovato argues the opposite by turning to two heterodox Marxist thinkers, Raya Dunayevskaya and C. L. R. James, in order to construct a radically democratic, dynamic and open conceptualization of dialectical thought. In doing so, he advances a vision of Marxist theory that might serve as a resource to scholars and activists committed not only to combatting capitalism but also to fighting against colonialism, patriarchy, white supremacy and heteronormativity. The writings of Dunayevskaya and James allow for Marxism to become relevant again in these tumultuous early years of the 21st century.

Sexual Justice / Cultural Justice Barbara Arneil, Monique Deveaux, Rita Dhamoon, Avigail Eisenberg, 2006-11-22

This key volume explores the relationship between cultural justice and sexual justice in multicultural societies in a new light. The authors challenge the framing of feminism and multiculturalism as one of inevitable conflict as well as the portrayal of liberal sexual equality and cultural rights as irreconcilable, moving the debate beyond the culture/gender impasse. Focusing on three theoretical themes from a feminist perspective: the meaning and role of culture and identity in politics; the problem of autonomy in relation to culture and identity; the crucial role of democracy in addressing the theoretical and practical problems raised by this set of issues. The diverse contributors break new theoretical ground by providing detailed engagement with the concrete experiences of women and minorities who are caught in the dilemmas of gender and cultural justice. The collected chapters address sexual/cultural justice in a range of different countries, offering illuminating case studies on Britain, South Africa, Canada, the Netherlands, Australia, Mexico and the United States. *Sexual Justice / Cultural Justice* will be of strong interest to students and researchers working in the areas of gender and feminist theory, politics, law, philosophy and sociology.

Morality and Nationalism Catherine Frost, 2006-04-18

This book takes a unique approach to explore the moral foundations of nationalism. Drawing on nationalist writings and examining almost 200 years of nationalism in Ireland and Quebec, the author develops a theory of nationalism based on its role in representation. The study of nationalism has tended towards the construction of dichotomies, arguing for example that

there are political and cultural or civic and ethnic versions of the phenomenon However as an object of moral scrutiny this bifurcation makes nationalism difficult to work with The author draws on primary sources to see how nationalists themselves argued for their cause and examines almost two hundred years of nationalism in two well known cases Ireland and Quebec The author identifies which themes if any are common across the various forms that nationalism can take and then goes on to develop a theory of nationalism based on its role in representation This representation based approach provides both a basis for the moral claim of nationalism while at the same time identifying grounds on which this claim can be evaluated and limited It will be of strong interest to political theorists especially those working on nationalism multiculturalism and minority rights The special focus in the book on the Irish and Quebec cases also makes it relevant reading for specialists in these fields as well as for other area studies where nationalism is an issue

Political Reconciliation Andrew

Schaap,2004-11-23 Since the end of the Cold War the concept of reconciliation has emerged as a central term of political discourse within societies divided by a history of political violence Reconciliation has been promoted as a way of reckoning with the legacy of past wrongs while opening the way for community in the future This book examines the issues of transitional justice in the context of contemporary debates in political theory concerning the nature of the political Bringing together research on transitional justice and political theory the author argues that if we are to talk of reconciliation in politics we need to think about it in a fundamentally different way than is commonly presupposed as agonistic rather than restorative

Liberal Democracy as the End of History Christopher Hughes,2012-02-20 Francis Fukuyama claims that liberal democracy is the end of history This book provides a theoretical re examination of this claim through postmodernist ideas The book argues that postmodern ideas provide a valuable critique to Fukuyama s thesis and poses the questions can we talk about a universal and teleological history a universal human nature or an autonomous individual It addresses whether postmodern theories concerning the movement of time what it means to be human and what it means to be an individual subject can be accommodated within a theory of a history that ends in liberal democracy The author argues that incorporating elements of postmodern thought into Fukuyama s theory makes it possible to produce a stronger and more compelling account of the theory that liberal democracy is the end of history The result of this is to underpin Fukuyama s theory with a more complex understanding of the movement of time the human and the individual and to show that postmodern concepts can paradoxically be used to strengthen Fukuyama s theory that the end of history is liberal democracy The book will be of interest to students and scholars of political theory postmodernism and the work of Francis Fukuyama

Deleuze and World Politics Peter Lenco,2013-07-03 The central argument of this book is that the univocal ontology and corresponding immanent metaphysics of the French philosopher Gilles Deleuze 1925 1995 can provide a theoretical perspective capable of accounting for the complex nature of world politics Drawing on a wide variety of Deleuze s writings it develops a thorough investigation of his ontology and metaphysics as they pertain to core questions of world politics such as

power identity hierarchy space time territory and the state The book explores the dynamics of contemporary world politics and issues by focusing on the anti or alter globalization movement AGM It analyses several approaches to social and political theory which deal explicitly with the AGM including global governance theory international relations social movement theory Marxism and post Marxism These are contrasted with a larger Deleuzian theory which can be of use when addressing the diffuse and often paradoxical aspects of world politics Deleuze's work poses a major challenge to traditional understanding of global politics and this book will be of considerable interest to those with an interest in social and political theory critical international relations and globalization studies Capabilities Equality Alexander Kaufman,2007-05-07 In this volume

leading scholars present new and original essays to address controversies raised regarding the focus structure and justification of the capabilities approach to equality **In Defense of Human Rights** Ari Kohen,2007-03-06 This book

establishes a defence of human rights that can be shared by both non religious and religious people **Multiculturalism and Moral Conflict** Maria Dimova-Cookson,Peter Stirk,2009-10-16 Bringing together leading scholars on multiculturalism this book confronts the reality of moral conflict in the debate on multiculturalism while resisting the simplification which frequently accompanies commentary on both sides of a polarised debate *John Stuart Mill - Thought and Influence*

Georgios Varouxakis,Paul Kelly,2010-02-25 More than two hundred years after his birth and 150 years after the publication of his most famous essay On Liberty John Stuart Mill remains one of the towering intellectual figures of the Western tradition This book combines an up to date assessment of the philosophical legacy of Mill's arguments his complex version of liberalism and his account of the relationship between character and ethical and political commitment Bringing together key international and interdisciplinary scholars including Martha Nussbaum and Peter Singer this book combines the latest insights of Mill scholarship with a long term appraisal of the ways in which Mill's work has been received and interpreted from the time of his death in 1873 to today The book offers compelling insights into Mill's posthumous fate and reputation his youthful political and intellectual activism his views on the formation of character the development of his thought on logic his differences from his father and Bentham his astonishingly prescient environmentally sensitive and green thought his relation to virtue ethics his conception of higher pleasures and its relation to his understanding of justice his feminist thought and its place in contemporary debates and feminist discourses his defence of free speech and its fundamental significance for his liberalism and his continued contemporary relevance on a number of major issues This book will be of interest to students and scholars of Politics Political Theory Philosophy History English Psychology and also Cultural Studies Empire studies nationalism and ethnicity studies Gramsci and Global Politics Mark McNally,John Schwarzmantel,2009-03-09 This book explains and assesses the relevance of the ideas of Gramsci It takes his core concepts and uses them to analyse features of present day politics and assess the extent to which his ideas can aid the understanding of the contemporary political world

The Temporality of Political Obligation Justin C. Mueller,2015-12-22 The Temporality of Political Obligation offers a

critique and reconceptualization of the ways in which our political obligations what we owe to political authorities and communities and the reasons why we ought to obey their rules have been traditionally conceptualized justified and contested Drawing from theories of time and temporality Justin Mueller demonstrates some of the unacknowledged assumptions and theoretical blind spots shared among these ostensibly opposed positions and the problems and contradictions that this neglect of time poses Enriching the literature on the philosophers Henri Bergson and Gilles Deleuze Mueller demonstrates how their theoretical frameworks on time can be used to analyze a political problem that is usually confined to the concerns of normative liberal democratic theory Politically this book provides readers with the means to better identify and analyze the diverse temporalities they encounter in everyday life and better understand their experiences of them A welcomed and timely read which will be of interest to scholars involved in recent efforts to engage with the social and political dimensions and consequences of time and temporality

Unveiling the Power of Verbal Artistry: An Mental Sojourn through **Rational Woman A Feminist Critique Of Dualism**

In a global inundated with displays and the cacophony of instantaneous communication, the profound energy and psychological resonance of verbal art often diminish in to obscurity, eclipsed by the constant assault of sound and distractions. Rational Woman A Feminist Critique Of Dualism Introduction

In today's digital age, the availability of Rational Woman A Feminist Critique Of Dualism books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rational Woman A Feminist Critique Of Dualism books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rational Woman A Feminist Critique Of Dualism books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rational Woman A Feminist Critique Of Dualism versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rational Woman A Feminist Critique Of Dualism books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rational Woman A Feminist Critique Of Dualism books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another

popular platform for Rational Woman A Feminist Critique Of Dualism books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rational Woman A Feminist Critique Of Dualism books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rational Woman A Feminist Critique Of Dualism books and manuals for download and embark on your journey of knowledge?

FAQs About Rational Woman A Feminist Critique Of Dualism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rational Woman A Feminist Critique Of Dualism is one of the best book in our library for free trial. We provide copy of Rational Woman A Feminist Critique Of Dualism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rational

Woman A Feminist Critique Of Dualism. Where to download Rational Woman A Feminist Critique Of Dualism online for free? Are you looking for Rational Woman A Feminist Critique Of Dualism PDF? This is definitely going to save you time and cash in something you should think about.
