Art Now Gallery Guide, 2001 **African Economies and the Politics of Permanent Crisis, 1979-1999** Nicolas Van de Walle, 2001-09-24 This Book explains why African countries have remained mired in a disastrous economic crisis since the late 1970s It shows that dynamics internal to African state structures largely explain this failure to overcome economic difficulties rather than external pressures on these same structures as is often argued Far from being prevented from undertaking reforms by societal interest and pressure groups clientelism within the state elite ideological factors and low state capacity have resulted in some limited reform but much prevarication and manipulation of the reform process by governments which do not really believe that reform will be effective On Exhibit, 2001 Art Lover's Travel Guide to American Museums Judith Swirsky, 2001 With over 750 listings this travel guide to American art museums provides a directory of permanent collections and a year of special exhibitions Organized by state and city by city there is practical information about each venue's hours ticket prices handicap accessibility and facilities in addition to concise descriptions of collections and special shows A calendar of temporary exhibits is provided for each museum There are additional indexes of travelling exhibition itineraries and exhibits featuring Acoustiguide tours *Access*, 2001 **New Art Examiner**, 1999 The independent voice of the visual arts Texas Museum of Fine Arts, Houston, Alison De Lima Green, 2000-10 Provides the first assessment of the artists who have shaped the rich history of art in Texas from its 19th century origins to the diversity of the present scene **Artforum International**, 2000 Whitney Biennial Whitney Museum of American Art, 2000

Technology Integration and Transformation of Elections in Africa Cosmas Uchenna Nwokefor, 2017-02-22 *Technology Integration and Transformation of Elections in Africa* serves as a standard textbook and a reference guide to students in both undergraduate and graduate programs in tertiary institutions where elaborate discourse

on the impact of technology to political elections and advancements across the continental Africa have continued to gain weight The rationale in publishing this textbook far more outweighs its timeliness but speaks highly of its significance because it deals with technology integration and transformation of elections in Africa a region whose elections has been continuously marred by corruption and incessant fraudulent activities perpetrated by both the citizens various political parties and the umpires whose responsibilities were to present a credible election Elections in Africa draws international attention and the news is seldom good For instance the elections in Kenya fueled violence that left 1 500 dead and 300 000 displaced while elections in Zimbabwe suffered from massive fraud and brutal suppression In Nigeria in 1999 and 2011 the result of the elections were in shambles and some of the parties that lost the election took to the street resulting in the death of significant percentage of innocent people

Queer Media Images Theresa Carilli,Jane Campbell,2013-05-16 Queer Media Images LGBT Perspectives presents fifteen chapters that address how the gay lesbian bisexual and transgendered communities are depicted in the media This collection focuses on how the LGBT community has been silenced or given voice through the media Through a study of queer media images this book scrutinizes LGBT media representations and how these representations contribute to a dialogue about civil rights for this marginalized community While the communication discipline has been open to the LGBT community there has been an absence of published research and a marginalizing or tokenizing of the queer voice Through a study of media representations this unique collection provides a snapshot into the issues surrounding LGBT identity during a time when the Defense of Marriage Act is called into question and explores what it means to study images through a queer lens
