Real War The Classic Reporting On The Vietnam War:

The Real War Jonathan Schell, 2000-01-07 Jonathan Schell's extraordinary on the scene writing about Vietnam has stood the test of time in our continuing attempt to understand how and why the United States went to war and how and why it lost. In *The Village of Ben Suc* written with skill that many a veteran reporter will envy New York Times Schell recounts how American forces destroyed a village caught up in the largest American military operation of the war he flies into Ben Suc in the attack helicopters follows the assault on the village and describes the fate of the villages after they have been taken to refugee camps. In *Military Half* Schell describes the destruction of two entire provinces in South Vietnam by American bombing and ground operations he flies in the air control planes that guide the bombing and provides firsthand accounts of the runs and their results. In *Real War* Schell offers a personal look back at the war he reported decades before. *The Real War* is without equal in re-creating the sights the sounds and the feel of Vietnam. "There It Is": Narratives of the Vietnam War Tom Burns, 2021-09-06 This book provides a critical survey of the literature on the Vietnam War and is intended both for academic and general readers. Earlier works of this kind constantly recycled criticism of a half dozen of the same works. In this study the aim was to discuss a much greater number of works including a few that have never been discussed. To appeal to non-academic readers Lit Crit jargon was kept to a minimum and parallels with earlier works of war literature especially those of the two world wars were established. The Vietnam War David L. Anderson, 2017-03-22 The Vietnam War endured for thirty years cost billions of dollars and resulted in thousands of Vietnamese French and American deaths. Massive American military intervention in Vietnam embroiled America in protests placed enormous strains on the western alliance and altered U.S. relations with the Soviet Union and China. David L. Anderson's concise overview critiques U.S. errors in magnifying the strategic importance of South East Asia in the Cold War and in underestimating the strength of the Vietnamese communist movement. *Supplement to Vietnam 1964-1973* Elwood L. White, 2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium. The bibliography is selected from the holdings on that war housed in the McDermott library United States Air Force Academy and includes books journal articles government publications and technical reports Newspaper articles works of fiction collections of poetry and most personal narratives are not included. The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia. Those items are also excluded from this bibliography since they are limited to in-house use only. Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist. Vietnam and America Marvin E.
