Language, Science and Popular Fiction in the Victorian Fin-de-Siècle Christine Ferguson, 2017-03-02 Christine Ferguson's timely study is the first comprehensive examination of the importance of language in forming a crucial nexus among popular fiction biology and philology at the Victorian fin de siècle Focusing on a variety of literary and non literary texts the book maps out the dialogue between the Victorian life and social sciences most involved in the study of language and the literary genre frequently indicted for causing linguistic corruption and debasement popular fiction Ferguson demonstrates how Darwinian biological philological and anthropological accounts of primitive and animal language were co-opted into wider cultural debates about the apparent brutality of popular fiction and shows how popular novelists such as Marie Corelli Grant Allen H G Wells H Rider Haggard and Bram Stoker used their fantastic narratives to radically reformulate the relationships among language thought and progress that underwrote much of the contemporary prejudice against mass literary taste In its alignment of scientific cultural and popular discourses of human language *Language Science and Popular Fiction in the Victorian Fin de Siècle* stands as a corrective to assessments of best selling fiction's intellectual ideological and aesthetic simplicity

The Ethos of Romance at the Turn of the Century William J. Scheick, 2014-10-14 The romance genre was a popular literary form among writers and readers in the nineteenth and early twentieth centuries but since then it has often been dismissed as juvenile unmodern improper or subversive In this study William J Scheick seeks to recover the place of romance in fin de siècle England and America to distinguish among its subgenres of eventuary aesthetic and ethical romance and to reinstate ethical romance as a major mode of artistic expression Scheick argues that the narrative maneuvers of ethical romance dissolve the boundary between fiction and fact In contrast to eventuary romances which offer easily consumed entertainment or aesthetic romances which urge upon readers a passive appreciation of a wondrous work of art ethical romances potentially disorient and reorient their readers concerning some metaphysical insight hidden within the commonplace They prompt readers to question what is real and what is true and to ponder the wonder of life and the text of the self there to detect what the reader might do in the art of his or her own life The authors whose works Scheick discusses are Nathaniel Hawthorne H Rider Haggard Henry James C J Cutcliffe Hyne H G Wells John Kendrick Bangs Gilbert K Chesterton Richard Harding Davis Stephen Crane Mary Austin Jack London Robert Louis Stevenson Mary Cholmondeley and Rudyard Kipling This wide selection expands the canon to include writers and works that highly merit re-reading by a new generation

Saturday Review of Politics, Literature, Science and Art ,1898 *Analytical and Classified Catalogue of the Library ...: I.-P* Dennis O'Donovan,1899 **Scott: Waverley** Richard Humphrey,1993 *The Novel Art* Mark McGurl,2020-06-30

Once upon a time there were good American novels and bad ones but none was thought of as a work of art The Novel Art tells the story of how beginning with Henry James this began to change Examining the late nineteenth century movement to elevate the status of the novel its sources paradoxes and reverberations into the twentieth century Mark McGurl presents a more coherent and wide ranging account of the development of American modernist fiction than ever before Moving deftly from James to Stephen Crane Edith Wharton Gertrude Stein William Faulkner Dashiell Hammett and Djuna Barnes among others McGurl argues that what unifies this diverse group of ambitious writers is their agonized relation to a middling genre rarely included in discussions of the fine arts He concludes that the new product despite its authors desire to distinguish it from popular forms never quite forsook the intimacy the genre had long cultivated with the common reader Indeed the art novel sought status within the mass market and among its prime strategies was a promotion of the mind as a source of value in an economy increasingly dependent on mental labor McGurl also shows how modernism s obsessive interest in simple mindedness revealed a continued concern with the masses even as it attempted to use this simplicity to produce a heightened sophistication of form Masterfully argued and set in elegant prose The Novel Art provides a rich new understanding of the fascinating road the American novel has taken from being an artless enterprise to an aesthetic one
