**Rebecca Harding Davis and American Realism** Sharon M. Harris,1991-06 From the late 1860s until her death in

1910 Rebecca Harding Davis was one of the best known writers in America She broke into print as a young woman in the 1860s with *Life in the Iron Mills* which established her as one of the pioneers of American realism She developed a literary theory of the commonplace nearly two decades before William Dean Howells shaped his own version of the concept Yet in spite of her importance to the literary and popular culture of her time she has been for the most part ignored by scholars

Rebecca Harding Davis and American Realism helps to change that     Resisting Regionalism Donna M. Campbell,1997

Despite such prickly themes according to Donna Campbell local color fiction fulfilled some specific needs of the public for nostalgia for a retreat into mildly exotic locales for a semblance of order preserved in ritual     **Ukraine's Foreign and Security Policy 1991-2000** Roman Wolczuk,2002-10-17 This book analyses Ukraine s relations with each of its neighbours in the 1990s It examines the degree to which these relations fitted into Ukraine s broad objective of reorienting its key political ties from East to West and assesses the extent to which Ukraine succeeded in achieving this reorientation It shows how in the early days of independence Ukraine fought off threats from Russia and Romania to its territorial integrity and how it made progress in establishing good relations with its western neighbours as a means of moving closer towards Central European sub regional and European regional organisations It also shows how the sheer breadth and depth of its economic and military ties to Russia continued to exert such a strong influence that relations with Russia dwarfed Ukraine s relations with all other neighbours resulting in a foreign and security policy which attempted to counterbalance the competing forces of East and West     **A Sense of Place** Christian Riegel,1998-03 A re evaluation of regionalism in Canadian and American writing A Sense of Place provides a comparative approach to the issue within a continental framework The contributors to this collection including Frank Davey Marjorie Pryse and Jonathan Hart look at a broad range of writers They explore regionalism on both sides of the border in light of the central political cultural literary and theoretical debates of our times

Finding the Middle Ground David Douglas Charbonneau,2003     **My Antonia** Willa Cather,2004-06-29 A successful lawyer remembers his boyhood in Nebraska and his friendship with an immigrant Bohemian girl Includes background information a chronology of the author s life explanatory notes critical analyses and other reference material     **Regional Realism and Regional Magazines in the American 1890s** Peter Edward Benson,1978     **Eurasian Regionalisms and Russian Foreign Policy** Mikhail A. Molchanov,2016-03-03 Bridging foreign policy analysis and international political economy this volume offers a new look at the problem of agency in comparative regional integration studies It examines evolving regional integration projects in the Eurasian space defined as the former Soviet Union countries and China and the impact that Russian foreign policy has had on integration in the region Mikhail Molchanov argues that new regionalism in Eurasia should be seen as a reactive response to contemporary challenges that these developing states face in the era of globalization Regional integration in this part of the world treads the unknown waters and may not simply repeat the early steps in the evolution of the European Union The question of a hegemonic leadership in particular as exercised by a country

that spearheads regional integration efforts animates much of the discussion offered in the book Moreover Eurasian regionalisms are plural phenomena because of complementary and competing projects that engage the same or partially overlapping groups of countries By combining foreign policy studies with an examination of the international political economy of regionalism in Eurasia the author furthers our understanding of new regionalism both theoretically and empirically
