**Reality, Knowledge, and the Good Life** Willem A. DeVries, 1991-01-01 *Religion, Reality, and a Good Life* Eberhard Herrmann, 2004 Do we have access to reality as it is conceptualized by us Against metaphysical realism and postmodern relativism Eberhard Herrmann develops a pragmatic realism It stresses reality as conceptualized reality while at the same time not ruling out objectivity Contents include The Nature of the Enquiry The Philosophical Problem Formulated Religion and Philosophy Philosophy Reasons for and Against Metaphysical Realism Critique of Semantic Realism Pragmatic Realism Realism from an Internal Perspective Religious Metaphysical Realism Religious Metaphysical Anti Realism Religious Statements as Purported Assertions Christian Theism The Character of Religious Utterances Pragmatic Realism The Function of Religion Two Material Definitions of Truth Perspectives on Views of Life The Role of the Emotions in Our Conception of Reality Emotions and the Conceptualization of Values **Reality? Aaron Simmons, Michael Strawser, 2017-09-11 Collected critical essays analyzing Kierkegaard s work in regards to theology and social moral thought Kierkegaard s God and the Good Life focuses on faith and love two central topics in Kierkegaard s writings to grapple with complex questions at the intersection of religion and ethics Here leading scholars reflect on Kierkegaard s understanding of God the religious life and what it means to exist ethically The contributors then shift to psychology hope knowledge and the emotions as they offer critical and constructive readings for contemporary philosophical debates in the philosophy of religion moral philosophy and epistemology Together they show how Kierkegaard continues to be an important resource for understandings of religious existence public discourse social life and how to live virtuously All in all the editors of this volume have put together a thoughtful and sometimes provocative collection of essays by a number of Kierkegaard scholars and philosophers for the reader s consideration The volume undoubtedly makes a contribution to contemporary philosophical debates in the philosophy of religion moral philosophy and epistemology especially with regard to the importance of faith and love for leading a good and meaningful human life International Journal for Philosophy of Religion Invites the reader to think anew about what Kierkegaard was

saying and what we can learn from him in the context of our time particularly what it means to become a Christian in terms of the moral task of love and living a life worthy of a human being Sylvia Walsh translator of Kierkegaard's Discourses at the Communion on Fridays Technology and the Good Life? Eric Higgs, Andrew Light, David Strong, 2010-12-15 Can we use technology in the pursuit of a good life or are we doomed to having our lives organized and our priorities set by the demands of machines and systems How can philosophy help us to make technology a servant rather than a master Technology and the Good Life uses a careful collective analysis of Albert Borgmann's controversial and influential ideas as a jumping off point from which to address questions such as these about the role and significance of technology in our lives Contributors both sympathetic and critical examine Borgmann's work especially his device paradigm apply his theories to new areas such as film agriculture design and ecological restoration and consider the place of his thought within philosophy and technology studies more generally Because this collection carefully investigates the issues at the heart of how we can take charge of life with technology it will be a landmark work not just for philosophers of technology but for students and scholars in the many disciplines concerned with science and technology studies **Religion and the Good Life** Marcel Sarot, W.

Stoker, 2022-01-04 Studies in Theology and Religion 10 In this volume fourteen philosophers of religion reflect on religious views of the good life Some authors focus on positive religion and its specific religious representations of the good life while others abstract from these and focus on philosophical religion and its conceptual articulations of the good life The tension between positive religion and philosophical religion between representation and concept is itself also analyzed This volume is a result of the co operation of the philosophers of religion who are senior members of the Netherlands School for Advanced Studies in Theology and Religion NOSTER Religion and the Good Life Religion and the Good Life Introduction Marcel Sarot Utrecht and Wessel Stoker Amsterdam PART I THE RELATIONSHIP BETWEEN REPRESENTATION AND CONCEPT The Tension between Representation and Concept as a Challenge for Philosophy of Religion Peter Jonkers Utrecht Beyond Representation and Concept The Language of Testimony R D N van Riessen Kampen PART II THE TENSION BETWEEN REPRESENTATION AND CONCEPT Seduction and Guidance Some Remarks on the Ambiguities of Reason and Reflective Thought in Connection with Religion and the Good Life W Dupr Nijmegen The Good Life is Historical Ben Vedder Nijmegen The Quality of Life Comic Vision in Charles Dickens and Iris Murdoch Henry Jansen Amsterdam Narrative Atonement and the Christian Conception of the Good Life Gijsbert van den Brink Leyden Myths and the Good Life Ricoeur's Hermeneutical Approach to Myth Wessel Stoker Amsterdam Bhajans and their Symbols Religious Hermeneutics of the Good Life Hendrik M Vroom Amsterdam PART III REPRESENTATIONS OF THE GOOD LIFE Models of the Good Life Marcel Sarot Utrecht The Highest Good and the Kingdom of God in the Philosophy of Kant A Moral Concept and a Religious Metaphor of the Good Life Donald Loose Tilburg Rotterdam Jacques Derrida and Messianity Victor Kal Amsterdam Skepticism and the Meaning of Life Michael Scott Manchester Ultimate Happiness and the Love of God Vincent Brummer Utrecht Human Being and the Natural

Desire for God Reflections on the Natural and the Supernatural Eef Dekker Utrecht  
Cynthia Hampton, 1990-07-05 Hampton illuminates the overall structure of the Philebus Taking the interrelations of pleasure knowledge and being as the keys to understanding the unity of the dialogue she focuses on the central point The analysis of both pleasure and knowledge can be understood fully only if placed within the context of the more general and fundamental question of how human life fits into the overall structure of reality What guides the discussion of the good life throughout the dialogue is the conviction that we can only realize our human good by shaping our lives so that they are true to the universal Good which unites all things It is around this crucial point that the dialogue is structured Thus according to Hampton's interpretation the Philebus shows what it says that if we delve deeply enough we shall discover that behind the appearance of disorder lies beauty proportion and truth

*Philosophical Theology and the Knowledge of Persons* Eleonore Stump, 2023-02-02 In the series of essays collected in this book Eleonore Stump offers reflections that illustrate the nature and importance of learning from the Christian heritage in its development over the ages of the Christian tradition and its continued development in interaction with contemporary philosophy theology and science The essays show the power of this heritage in philosophical theology and in philosophical biblical exegesis Central to the concerns they address is the Christian conviction that at the foundation of all reality is a God who is love in a welcoming personal relationship offered to all human beings The essays explore the nature of God and some puzzles about God's interactions with human beings they also examine the nature of human knowledge of God and argue that it can be achieved not only through propositional truths but also through knowledge of persons and even through apprehension of beauty in nature or the arts The book closes with an examination of what it is to will in accordance with the will of God for those who long for him

**The Role of Pedagogy in Shaping the Socio-Political Reality of Society** Leon Miller, 2024-07-11 This collection of essays highlights education's role as one of the cornerstone institutions of society due to the role it plays in human social and sustainable development Thus this book explains various pedagogical and socio-political prescriptions for improving the conditions of society and in addition the human condition The book emphasizes that the scope of educational activities necessarily includes the relationship between the school and society i.e. in that the society plays a

key role in the continued growth and development of its individual members In this respect this edited book explains the role of pedagogy in realizing the goal that social action aims to achieve and realizing the highest good possible by means of organized social activity The achievement of this good is the goal that human social action aims to achieve     **The Good Life** Burton F. Porter, 2017-01-05 Intended for use in the introduction to ethics course The Good Life Options in Ethics Fifth Edition is designed to engage today's practical minded student in more fundamental questions The book ranges from ideals in living the good to contemporary moral problems the right exploring and analyzing both areas in order to stimulate deeper reflection The first section of the book clears away the obstacles to pursuing ethical understanding relativism determinism and egoism Then traditional definitions of the good life are discussed theories such as hedonism self realization duty evolutionism religious ethics and virtue ethic The final section addresses today's social problems including abortion euthanasia animal welfare capital punishment and sexual morality New to the Fifth Edition Chapter 6 Following Nature has been eliminated and its contents have been integrated into appropriate chapters New section entitled Contemporary Moral Issues includes new chapters on Contraception and Abortion Punishment and the Death Penalty Sexual Ethics The Natural Environment Racism and Sexism An Instructor's Manual and Test Bank now accompany the text     **Resisting Reality** Sally Anne Haslanger, 2012-10-25 In this collection of previously published essays Sally Haslanger draws on insights from feminist and critical race theory and on the resources of contemporary analytic philosophy to develop the idea that gender and race are positions within a structure of social relations Explicating the workings of these interlocking structures provides tools for understanding and combatting social injustice     *The Tragedy of Almightiness* Sybe Schaap, 2016-01-06 The Tragedy of Almightiness encircles the theme of human yearning for omnipotence as expressed in religion and various ideologies The central question revolves around the matter of what in pursuing such an extreme power of the will man seeks to achieve While exploring the question a thought provoking link is made between religion and atheism between the Biblical longing for God's promise and the Marxist appeal for man to realize that same promise Omnipotence must vouch for the fulfilling of the promise for justice and for man's dream of redemption However that is not where it ends The longing for salvation turns out to have a dangerous reverse side to it because it encourages a turning away from the actual world and the all pervading evil Omnipotence also facilitates the avenging of such evil History has shown what this kind of yearning can lead to The book demonstrates how modernity translates Biblical longings into ideologically justified revengefulness The description of this process leads to a plea for renewed ethical purpose in life It is a challenge that also extends to religion Hence the reason that it is necessary to depart from the idea of omnipotence     **Theological Philosophy** Lydia Schumacher, 2016-02-17 For much of the modern period theologians and philosophers of religion have struggled with the problem of proving that it is rational to believe in God Drawing on the thought of Thomas Aquinas Theological Philosophy seeks to overturn the longstanding problem of proving faith's rationality and to establish instead that rationality requires to be explained by appeals to faith

Building on a constructive argument developed in a companion book *Rationality as Virtue* Lydia Schumacher advances the conclusion that belief in the God of Christian faith provides an exceptionally robust rationale for rationality and is as such intrinsically rational At the same time Schumacher overcomes a common tendency to separate spiritual from ordinary life and construes the latter as the locus of proof for the rationality of Christian faith **International Library of the**
