## Abstract:

Harold Pinter is one of the major figures in contemporary drama and is best known for his blend of reality and illusion in his plays. It is difficult to demarcate the line between the reality and illusion of human action in his plays. The elusive nature of reality and illusion fill his plays with mysterious, suspense and ambiguities which are constant in conflict and collusion with each other in personal, social and psychological dimension of human action and consciousness. Pinter thinks that though the event of his plays apparently appears unfamiliar and vague, but they are as real as the ordinary life of human being which can be found anywhere, at any time, in any place in real life of ordinary man in the world. His plays are realistic in the sense that the people of his plays are the inhabitants of the same world where we belong. Pinter explains reality is as faulty as illusion which is not absolute qualities. The perception of reality is different to different persons so it is difficult to hold it. He generally engenders his plays with an image of situation and a couple characters from real life which further develops with entrance of intruders and fear of insiders. The present paper is an attempt to analysis of reality and illusion in *The Homecoming*.

## Introduction:

Harold Pinter's plays are full of with reality and illusion of human action that it is difficult to demarcate the line between the two. The elusive nature of reality and illusion fill his plays with mysterious, suspense and ambiguities which are constant in conflict and collusion with each other in personal, social and psychological dimension of human action and consciousness. Aristotle said in his famous theory that the playwright may represent men as they were or as they ought to be in real life. Martin Esslin said that there is no difference in reality and play, but only that what happens in reality is irreversible, while in play it is possible to start again from scratch. Play is a simulation of reality. He further says that drama is mimetic action, an imitation of the real world and contains a far greater element of reality. His plays depict the confrontation of man with an unknown and malicious unreality of the world. Pinter accepted in his interview with Harry Thompson that his characters are from real world and his role in depicting them in his plays is merely as a detached observer. They come up on the pages often with pointless stream of consciousness that he feels these people also live in the same world where we lives. Harold Pinter created an entirely and remarkably familiar world by arranging and selecting particular situation of the characters in his plays.

Pinter's realism begins with his use of an English vernacular at different levels of series of variable. He often locates to the conventional ideas of the speech of the working middle classes. His ear for ordinary speech is very accurate that he painstakingly gives more important to pause and silence of their speech as their thought in the dialogue. In *The Homecoming*, Pinter uses North London speech which involves abusive language of butcher family as Max says, 'Listen! I'll chop your spine off, you talk to me like that! You understand? Talking to your lousy filthy father like that! (6), while Lenny simply tells the way how to prepare cheese roll, 'I made that roll myself. I cut it and put the butter on. I sliced a piece of cheese and put it in between. I put it on a plate and I put it in the sideboard. I did all that before I went out. Now I come back and you've eaten it.' (103) The natural colloquial rhythm in the speech pattern of this play is noted by Bill Naismith. He pointed out idiomatic, colloquial and unsophisticated expression like 'knock about with' and 'shove off' which associated more with the working-class language. Even William Baker and Stephen Tabachnick say that 'this language derives directly from the East End of London and mirrors the violence with infects the characters' historical world.' We agree with Gale

*The Vital Lie* Anthony S. Abbott, 2003-08-08 The Vital Lie is the first book to examine the reality illusion conflict in modern drama from Ibsen to present day playwrights The book questions why vital lies necessary for life itself are such an obsessive concern for playwrights of the last hundred years Using the work of fifteen playwrights Abbott seeks to discover if modern playwrights treat illusions as helpful or necessary to life or as signals of sicknesses from which human beings need to be cured What happens to characters when they are forced to face the truth about themselves and their worlds without the protection of their illusions The author develops a three part historical analysis of the use of the reality illusion theme from its origins as a metaphysical search to its current elaborations as a theatrical game      *Harold Pinter, Fascism, and Outrage* Dennis Eugene Russell, 2025-09-04 This book locates Harold Pinter's controversial anti fascism overtly political plays not as revolutionary works designed to mobilize the masses but as cries of moral outrage against the authoritarian forces of oppression Displaying on stage the plight of political prisoners facing illegal detainment brutal interrogation and torture

Pinter employs an aggressive graphic style seeking to shock spectators out of their apathy and denial and encourage awareness of such documented realities of fascist rule Russell argues that Pinter's political plays are not propagandistic screeds but rather reflect a level of quasi-journalistic facticity about the global rise of fascism The author emphasizes that Pinter develops a fictional framework in an effort to reach a level of truth beyond the mere compilation of facts Pinter seeks to abrasively drill down through the facts of political torture to expose the truth that lies at the rotting core of fascism Russell interprets Pinter's fascism plays as artifacts of anti-theatre that abandon conventional theatrical narrative in favor of a sensorial assault on spectators to raise consciousness of the rising threat of fascist rule He argues that by compelling audiences to witness fascist brutality Pinter paints spectators into a corner of moral perplexity *The Cambridge Companion to Harold Pinter* Peter Raby, 2009-03-19 Harold Pinter was one of the world's leading and most controversial writers and his impact and influence continues to grow This Companion examines the wide range of Pinter's work his writing for theatre radio television and screen and also his highly successful work as a director and actor Substantially updated and revised this second edition covers the many developments in Pinter's career since the publication of the first edition including his Nobel Prize for Literature win in 2005 his appearance in Samuel Beckett's play *Krapp's Last Tape* and recent productions of his plays Containing essays written by both academics and leading practitioners the volume places Pinter's writing within the critical and theatrical context of his time and considers its reception worldwide Including three new essays new production photographs five updated and revised chapters and an extended chronology the Companion provides fresh perspectives on Pinter's work *The Films of Harold Pinter* Steven H. Gale, 2001-03-29 The Films of Harold Pinter is a collection of ten original essays on the screenplays of master British dramatist and screenwriter Harold Pinter Written by noted Pinter and film specialists the book explores individual Pinter masterpieces such as *The French Lieutenant's Woman* *The Go Between* *Accident* and *The Pumpkin Eater* Along with offering explications of the films themselves it also provides insights into Pinter's creative process and the differences between the novel drama and film Despite having written twenty-three film scripts and concentrating his recent artistic attention almost exclusively on screenwriting Pinter's work for the screen has been paid sparse critical attention over the years This book leaves little doubt however that Harold Pinter has made important contributions to the cinema not the least of which has to do with the primary characteristics of his screenplays in almost every case he has produced a script that is a work of art in its own right one that can stand on its own
