**The Reality of the Resurrection** Merrill Chapin Tenney, 1963 Jesus return from the dead to resume contact with his disciples is the great unshakable reality of the ages says Merrill C Tenney Dean Tenney makes a forceful case for the traditional Christian view of the Resurrection and demonstrates that Christ's conquest of death has prime significance for the spiritual and intellectual concerns of our age His clear well organized presentation covers almost every aspect of this central doctrine Pagan Myths Hebrew Scriptures and Apocrypha Old Testament Predictions Evidence of the Gospels and Acts Developing Theology of the New Testament Emerging Creed of the Early Church Historical Evidence for the Resurrection Resurrection and the Nature of God Salvation and Eschatology What Christ's Conquering of Death Means for Humanity How the Resurrection Can Give Meaning and Purpose to Life Today

**The Reality of the Resurrection** Stefan Alkier, 2013-10 In The Reality of the Resurrection Stefan Alkier bridges the chasm between history and theology Through a patient historical canonical and hermeneutical study Alkier demonstrates that the resurrection of Jesus is inextricably bound to the general eschatological resurrection of the dead Jesus resurrection is no isolated miracle but is instead the crucial disclosure of the nature of reality the identity of God and the destiny of human beings Interpretation of Jesus resurrection is thus necessarily and unavoidably both historical and theological Alkier accomplishes three tasks Through a descriptive exegetical survey of New Testament rhetoric he locates the resurrection of the Crucified One within a distinct narrative world Alkier then employs the semiotics of C S Peirce to develop a creative epistemology that avoids propositional literalism and modernist reductionism Alkier finally outlines how resurrection impacts Christian praxis The Reality of the Resurrection witnesses to that which Paul names as of first importance not only for the early Christian communities but also for the shaping of our communities today

**Knowing the Truth About the Resurrection** John Ankerberg, John Weldon, 2011-04-06 Throughout history people have tried to discredit Christianity by disputing the claim that Jesus Christ died and rose from the dead Is there evidence so persuasive that after careful evaluation skeptics and critics will realize the truth of the resurrection Unequivocally yes Join in this exploration of the events surrounding the resurrection including The historical and logical evidence supporting Christ's resurrection The accuracy and precision of Jesus predictions The resurrection's unequalled impact on the world This booklet provides a clear concise look at the resurrection It gives you the opportunity to understand and examine the evidence that is the foundation for biblical Christianity

Closer Look at the Reality of the Resurrection Bob George, 1992-07

Resurrection John Shelby Spong, 2009-10-13 Using approaches from the

Hebrew interpretive tradition to discern the actual events surrounding Jesus' death. Bishop Spong questions the historical validity of literal narrative concerning the Resurrection. He asserts that the resurrection story was born in an experience that opened the disciples' eyes to the reality of God and the meaning of Jesus of Nazareth. Spong traces the Christian origins of anti-Semitism to the Church's fabrication of the ultimate Jewish scapegoat, Judas Iscariot. He affirms the inclusiveness of the Christian message and emphasizes the necessity of mutual integrity and respect among Christians and Jews.

**The Third Day** Hank Hanegraaff, 2003-02-09 A study of the historical details surrounding Christ's death and resurrection covering Jesus's fatal torment, empty tomb appearances, and transformation. The foundation of Christian faith, the resurrection of Jesus Christ, is defended in detail in this powerful work from author Hank Hanegraaff's bestseller *Resurrection: Factual Evidence*. Evidence is examined from the fatal torment and empty tomb to Christ's appearances and transformation. Believers will find this chronicle of immense help in defending their faith with tangible proof and in terms the secular world can appreciate and understand. Not merely a shield for spiritual battle, this book is a torch to arm Christians with a convincing case study of the resurrection of Jesus Christ. As Joni Eareckson Tada said, "Hands down, slam dunk, the resurrection is the bottom line for the believer." Hank leaves no stone unturned, thoroughly portraying the resurrection as our grand hope, the glorious springboard from which we will dive into eternity. With laser beam focus, Hank zeroes in on the most convincing facts that back up Jesus's death, his empty tomb, his post-resurrection appearances, and the subsequent transformation of those who encountered him. What's more, he answers the so what question by demonstrating the relevance of the Resurrection to every individual and even to the cosmos itself. Lee Strobel, bestselling author of *The Case for Christ*. *The Reality of Jesus*, Dermot A. Lane, 1975

For a few decades jet packs seemed to be everywhere on Gilligan s Island Lost in Space Thunderball and even the opening ceremony of the 1984 Olympics Inventors promised we d all be flying with them now enabling us to zoom around effortlessly in the sky and getting us to work without traffic jams and trains What happened to the jet pack In The Great American Jet Pack Steve Lehto gives us the definitive history of this and related devices explaining how the technology arose how it works and why we don t have them in our garages today These individual lift devices as they were blandly labeled by the government men who financed much of their development answered man s desire to simply step outside and take flight No runways no wings no pilot s license were required Soaring through the air with the wind in your face and landing anyplace there was room to stand could this be done Yes it could be and it was But the jet pack was perhaps the most overpromised technology of all time From the rocket belt to the jet belt to the flying platform and all the way to Yves Rossy s 21st century free flights using a jet powered wing this book profiles the inventors and pilots the hucksters and cheats the businessmen and soldiers who were involved with these machines And it finally tells a great American story of a technology whose promise may one day yet come to fruition **Lux Mundi** Charles Gore,1890 *Lux mundi, studies in the religion of the Incarnation, ed. by C.
