

The background is an abstract painting. The top portion is a textured blue, suggesting a sky. Below this is a wide band of orange and yellow, representing a ground or a sunset. In the lower-left corner, there is a faint, golden-colored wheel with many spokes, resembling a Dharma wheel or a sun. The overall texture is painterly and expressive.

Inward Michal Pagis, 2019-09-04 Western society has never been more interested in interiority. Indeed it seems more and more people are deliberately looking inward toward the mind, the body or both. Michal Pagis's *Inward* focuses on one increasingly popular channel for the introverted gaze: vipassana meditation, which has spread from Burma to more than forty countries and counting. Lacing her account with vivid anecdotes and personal stories, Pagis turns our attention not only to the practice of vipassana but to the communities that have sprung up around it. *Inward* is also a social history of the westward diffusion of Eastern religious practices spurred on by the lingering effects of the British colonial presence in India. At the same time, Pagis asks knotty questions about what happens when we continually turn inward as she investigates the complex relations between physical selves, emotional selves, and our larger social worlds. Her book sheds new light on evergreen topics such as globalization, social psychology, and the place of the human body in the enduring process of self-awareness.

Destroying Mara Forever John Powers, Charles S. Prebish, 2010-02-16 A thought-provoking collection of essays on Buddhist ethics by some of the leading thinkers in the field. The reader is provided with engaging explorations of central issues in Buddhist ethics, insightful analyses of the ways Buddhist ethical principles are being applied today in both Asian and Western countries, and groundbreaking proposals about how Buddhist perspectives might inform debates on some of the core ethical issues of the modern world, including consumerism, globalization, environmental problems, war, ethnic conflict, and inter-religious tensions. The leading figure in identifying the field of Buddhist ethics and articulating some of its core issues is Professor Damien Keown of the University of London. This book brings together a group of eminent scholars who have all been influenced by Keown's work and who are also friends and close colleagues. The result is a wonderful volume for those who are struggling with practical issues of ethical concern. This will be a valuable resource in the study of ethics for years to come.
