Reason And Experience Modern Revivals In Philosophy S:

Revival: Contemporary Indian Philosophy (1936) S. Radhakrishnan, J. H. Muirhead, 2018-12-20 The book includes essays which are all written by philosophers of or about forty five years of age They fall into two main groups those in which the writer devotes himself chiefly to the exposition of the great Vedic tradition as he has apprehended it and made it the basis of his own life's work and those in which the writer while on the whole remaining true to the spirit of that tradition has sought to give new interpretations of it either by instituting comparisons of it with the Western doctrines most closely allied to it or by treating of modern problems in a way which though suggested by what he has learned from the West is yet stamped with the mark of his own racial sympathy Western readers will naturally find the latter group more attractive but this volume will have failed of its purpose if it does not give them some sense of the truth that underlies even the essays with which owing to the presuppositions in which these are founded they find themselves least in sympathy **Whitaker's Books in Print**

, 1998 **Contemporary East Asia and the Confucian Revival** Jana S. Rošker, Nataša Visočnik, 2015-10-28 The so called Confucian revival which came to prominence at the end of the twentieth century and which is manifested in the philosophical stream of Modern Confucianism is one of the most significant elements within new Asian modernisation ideologies By providing new insights into the culturally conditioned structure of Asian societies this book contributes to the improvement of political economic and cultural relations between Western and East Asian countries Most classical Western modernisation theories have assumed that Confucianism would have to be abandoned if East Asia wanted to dev **Guide to Reprints**, 2009

Revival: A Modern Introduction to Logic (1950) Lizzie Susan Stebbing, 2018-05-08 As the author of this volume states the science of logic does not stand still This book was intended to cover the advances made in the study of logic in the first half of the nineteenth century during which time the author felt there to have been greater advances made than in the whole of the preceding period from the time of Aristotle Advances which in her eyes were not present in contemporary text books As such this book offers a valuable insight into the progress of the subject tracing this frenetic period in its development with a first hand awareness of its documentary value **Subject Guide to Books in Print**, 1997 **Readers' Guide to Periodical**

Literature Anna Lorraine Guthrie, 1904 An author subject index to selected general interest periodicals of reference value in libraries **Revival: Thought and Reality - Hegelianism and Advaita (1937)** Poolla Tirupati Raju, 2018-07-27 This work is a contribution to certain aspects of idealistic philosophy It is a comparative study yet it is not a comparison for the sake of comparison This book examines the supra rational Absolutism of the West developed under the Hegelian influence and in the light of the criticisms shows the peculiar character of the Advaita Vedanta of Sankara It is therefore not a mere exposition but a criticism and construction The discussions are not cosmological but epistemological and metaphysical approached from the side of logic The work may also be viewed as a reorientation of Sankara's system It places Sankara's philosophy in line

with the idealistic philosophies of the West so that we can understand the peculiarities of the former in terms of the latter It thus discovers or brings into clearer light the guiding principle of Sankara's thought It brings out the full significance of the principles of non contradiction applied by Sankara as a test of truth and reality and shows its difference from the same principle as understood by Hegel and the Hegelians The aim of this work is to attempt at laying the metaphysical foundation of the logic of supra rational Absolutism the interpretation of Advaita is based mostly on polemical works Guide to Reprints K G Saur Publishing, K. G. Saur Verlag GmbH & Company, Walter de Gruyter GmbH, 2005-10 The established reference work Guide to Reprints has been radically reworked for this edition Bibliographical data was substantially increased where information was obtainable In addition the user friendliness of Guide to Reprints was raised to the high level of other K G Saur directories through author title cross references a subject volume a person index and a publisher index In this edition the directory lists more than 60 000 titles from more than 350 publishers Books in Print, 1991

Universalist Union, 1837 C.S. Lewis' Case for the Christian Faith Richard Purtill, 2011-05-09 Drawing on the whole body of C S Lewis published fiction and non fiction as well as previously unpublished letters Richard Purtill offers a clear comprehensive assessment of Lewis' defense of Christianity He examines Lewis' thinking on religion in light of contemporary thought giving attention to such central issues as the nature of God the divinity of Christ the manifestation of miracles in history the challenge of faith the meaning of death and the afterlife C S Lewis' Case for the Christian Faith is an excellent introduction to Lewis' best thinking on the major themes of the Christian tradition Those who know his writing will find a new appreciation of his Christian imagination and a deep respect for his distinctive contribution to an understanding of Christianity Evangelical Nonconformists and Higher Criticism in the Nineteenth Century Willis Borders Glover, 1954

Contemporary Perspectives on Natural Law Ana Marta González, 2016-05-13 Resorting to natural law is one way of conveying the philosophical conviction that moral norms are not merely conventional rules Accordingly the notion of natural law has a clear metaphysical dimension since it involves the recognition that human beings do not conceive themselves as sheer products of society and history And yet if natural law is to be considered the fundamental law of practical reason it must show also some intrinsic relationship to history and positive law The essays in this book examine this tension between the metaphysical and the practical and how the philosophical elaboration of natural law presents this notion as a limiting concept between metaphysics and ethics between the mutable and the immutable between is and ought and in connection with the latter even the tension between politics and eschatology as a double horizon of ethics This book contributed to by scholars from Europe and America is a major contribution to the renewed interest in natural law It provides the reader with a comprehensive overview of natural law both from a historical and a systematic point of view It ranges from the mediaeval synthesis of Aquinas through the early modern elaborations of natural law up to current discussions on the very possibility and practical relevance of natural law theory for the contemporary mind *Western Political Thought* Robert

Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability *Revival: Aspects of Judaism (1928)* Rabbi Salis Daiches, 2018-05-08 Addressed to Jews and non Jews alike though aware that these two reader groups were likely to approach the book with very different presuppositions Daiches sets out to define Judaism in relation to philosophy to explain Kant's philosophy through the superiority of halakhah defend a biblically based Jewish interpretation of history and champion Judaism as a religion of freedom guaranteed by halakhah Jewish law **The American museum or repository of ancient and modern fugitive pieces, prose and poetical**, 1789 **The Wesley banner and revival record [afterw.] The Wesley banner [afterw.] The Wesley banner and Christian family visitor [ed. by S. Divine Promise and Human Freedom in Contemporary Catholic Thought Kevin A. McMahon, 2015-07-01 It has always been understood that the central claim of Christianity that Jesus born of Mary is the Son of God is as much a declaration of the mystery of the human as it is the mystery of God just as the claim that in virtue of this identity he is the Christ who restores and more transforms the created order intensifies the mystery of the human even further When the age of revolution was followed by the age of science and the effort to shape the environment by technology was joined by an injunction to shape societies and economies and class conflicts became part of world conflicts the question about the human emerged as a crisis in the meaning of being human Yet the Catholic mind preoccupied like every other with the crisis has conducted its reflection within a tradition of Christian humanism insisting on the mystery and the tragedy and still the dignity of the human This collection of essays by thirteen Catholic scholars of philosophy theology and political thought investigates a range of topics from human sexuality and marriage to moral freedom and responsibility in a pluralistic society while demonstrating that the Gospel passed on in an ecclesial tradition entered into through a sacramental tradition remains the one radical source of confidence in the quest for human truth
