## **Reason And The Contours Of Faith:**

Reason & the Contours of Faith Richard Rice, 2013-05-17 Can reason and religion get together Should believers think Can thinking people believe Does religion have to make sense Does careful thinking help or hinder religious experience People have wrestled with such questions for hundreds of years and they are just as perplexing today as ever Reason the Contours of Faith explores the wide ranging issues these questions raise from biblical interpretation and proofs for God s existence to the nature of religious conversion Its central purpose is to find an alternative to both fideism the idea that reason has nothing to do with faith and rationalism the conviction that reason has everything to do with it Part One Reason and the Contents of Faith argues that reason contributes in important but limited ways to our understanding of religion Part Two Reason and the Experience of Faith shows that reason can support religious commitment but never produces it

Reason and the Contours of Faith Richard Rice, 1991-01-01 Creation, Catastrophe & Calvary John Templeton Baldwin, 2000 In this scientific age what difference does it make whether I believe the world was created in six literal days and that the world was destroyed by a global flood In answering these questions Creation Catastrophe and Calvary shows how these beliefs are related to key issues such as the forgiveness of our sins and Sabbath observance Foreword Introduction Meet the Authors An Angel s Worldview The Days of Creation in Genesis 1 A Second Creation Account Biblical Evidence for the Universality of the Genesis Flood The Grand Canyon and the Genesis Flood The Geologic Column and Calvary The Rainbow Connection Implications for an Evangelical Understanding of the Atonement Evolution A Theory in Crisis The Role of Creation in Seventh day Adventist Theology Science and Theology Focusing the Complementary Lights of Jesus Scripture Faith and Reason Anthony Fisher, Hayden Ramsay, 2004 The first in a new series with Australian Catholic and Nature University this collection of essays deals with two important themes Faith and reason are heavily weighted words They point to elemental aspects of human existence The papers and discussions presented strive to clarify and corelate these basic activities or dimensions of human beings In all the complexities of the possible relationships and interweaving of faith and reason two kinds of questions keep recurring One the one hand what is the value of human intelligence and how is it endorsed and supported by faith On the other hand what is the distinctive intelligence or rationality of faith and how does it relate to the perennial search for wisdom represented in it various philosophical forms Contributors include Marilyn McCord Adams Raimond Gaita John Haldane John McDermott SJ Kevin Hart and Anthony Kelly CSsR Faith Has Its Reasons Kenneth Boa, Robert M. Problems of Faith S.H. Smith,2014-07-11 The material here was originally intended as a third section in Smiths previous offering The Problem of God but took on a life of its own to become a separate work The Problem of Faith is thus a sequel to the former work and deals with those questions with which all thinking believers wrestle the nature of religious language evil and the God of love the concept of miracles and of prayer the relationship between faith and reason life after death and the problem of hell The aim is to encourage the reader to engage afresh with these essential issues Faith, Reason, and Beyond Reason Mark J. Boone,2024-07-16 The relationship between faith and reason is multifaceted Faith transcends reason in that it is more than reason alone can contain or fully guarantee yet it is neither unreasonable nor something to which reason is irrelevant and reason says some pretty fine things about it This volume updates nine previously published articles on faith and reason by a Christian philosopher who has been studying these matters for two decades alongside one new essay and a philosophical dialogue These articles explain and integrate key ideas on faith and reason including Alvin Plantinga s account of how Christian belief can be knowledge even without evidence defenses of faith from Augustine and

William James accounts of empirical evidence for faith from different world religions the distinction between faith and sight in the New Testament the structure of the evidence for the authority of the Bible the idea that faith transcends reason because some articles of faith are beyond human comprehension even if we have evidence that they are true and the nature of faith as a total commitment beyond what the evidence alone can guarantee **Reasoning from Faith** Justin Sands, 2018-01-16 An enlightening commentary on Merold Westphal's intricate thought and provokes new questions concerning the original project of his diverse philosophy B Keith Putt editor of The Future of Continental Philosophy of Religion Merold Westphal is considered to be one of the preeminent Continental philosophers of religion His articulation of faith as the task of a lifetime has become a touchstone in contemporary debates concerning faith s relationship to reason As Justin Sands explores his philosophy he illuminates how Westphal's concept of faith reveals the pastoral theological intent behind his thinking Sands sees Westphal's philosophy as a powerful articulation of Protestant theology but one that is in ecumenical dialogue with questions concerning apologetics and faith's relationship to ethics and responsibility a more Catholic point of view By bringing out these features in Westphal's philosophy Sands intends to find core philosophical methodologies as well as a passable bridge for philosophers to cross over into theological discourses An engaging and illuminating work William Desmond David Cook Chair in Philosophy Villanova University Professor of Philosophy Institute of Philosophy KU Leuven Belgium A long overdue critical homage to one of the bravest religious thinkers of our generation Richard Kearney Charles B Seelig Chair of Philosophy at Boston College **Thinking Theologically** Fritz Guy, 1999 Religious commitment is a motivation not a substitute for careful thinking So writes Fritz Guy in Thinking Theologically Adventist Christianity and the Interpretation of Faith a new release from Andrews University Press and a work long awaited by his colleagues and students Guy offers his philosophy of how North American Seventh day Adventists ought to go about the business of doing theology The work is addressed to theological students pastors and serious general readers who are interested in what theological thinking is why it is important who needs to be doing it and how it should be done Preface What Theological Thinking Actually Is Basic vocabulary Basic characteristics More vocabulary Why Everyone Should Think Theologically An essential task An inclusive task A parable How Theological Thinking Should Begin Audiences and motivations Moral principles Methodological principles Why Theological Thinking is Open Ended Limitations and change Continuing discovery Kinds of development How to Think with Intellectual Integrity Criteria Application Theological fallacies Examining the ingredients How Scripture Should Function Priority over subsequent theological tradition Ellen White as an agent of scripture Scripture as a whole Theological Christocentricity Existential perspective What Else Is Involved Relation to scripture Varieties of ingredients How Culture Makes a Difference Secularity and secularism Underlying intuitions Theological implications Envisioning the work What Logical Presuppositions Need to Be Identified Meaning and validity Belief and trust Evidence and demonstration What Forms Theological Thinking Can Take Traditional systematic form

**Faith After Foundationalism** D. Z. Phillips, 2018-02-02 Such is the clarity of its exposition and interest of its argument that it can be recommended to those seeking an introduction to recent work in epistemology The interest of the book however is greater than that For the discussion of foundationalism and of recent reactions to it is subtly interwoven into a discussion of recent and not so recent philosophy of religion Colin Lyas Philosophy In Bad Faith Andrew Levine, 2011-10-01 For readers interested in political theory and political activism as well as anyone puzzled by the persistence of theistic conviction in the modern world this critique of religious belief provides insightful analysis In light of rational standards for belief acceptance that are universally acknowledged in enlightened circles theistic convictions are deeply problematic Thus it is not surprising that some of the most important heirs of the Enlightenment tradition Ludwig Feuerbach mile Durkheim Sigmund Freud and Friedrich Nietzsche wondered implicitly why belief in God persists and even flourishes among those who should and in some sense do know better This book provides fresh insight into the work of those thinkers by reflecting on the explanations they proffered and on their explanatory strategies For all their many differences their respective explanations share a common core and are driven by a similar largely unelaborated normative commitment On Levine's account believers today believe in bad faith in other words they evince a fundamental intellectual dishonesty If only for this reason they merit reproach even in the comparatively rare instances when faith perspectives do more good than harm From this standpoint the author reflects on the liberal turn in the so called Abrahamic religions Judaism Christianity and Islam and depicts liberal religion as a vehicle of exit for those who implicitly acknowledge the untenability of the beliefs they profess yet are unable or unwilling to face this reality squarely He argues that liberal religion is therefore a transitory phenomenon albeit one that has survived for a long time and that is not about to expire soon Levine then faults the religious Left on this account arguing that even in those historically rare conditions where bad faith motivates welcome political engagement it is nevertheless undermined by its deep inauthenticity **Kierkegaard's Dancing Tax Collector** Sheridan Hough, 2015-08-20 Kierkegaard's account of the life of faith turns on an astonishing claim a person living faithfully continually enjoys and takes part in everything What can this assertion actually mean The pseudonymous author of Fear and Trembling Johannes de silentio imagines what such a human being might look like indeed as de silentio puts it He looks just like a tax collector This seemingly ordinary person in his movements of faith finds infinite significance and an absorbing joy in his environment from moment to moment How does he do it This characterization of faithful comportment is unique in the

Kierkegaardian corpus and becomes the tantalizing centerpiece of an exploration of the Kierkegaardian self Sheridan Hough embarks on a groundbreaking existential phenomenological investigation of the uncanny abilities of the faithful life through an analysis of Kierkegaard's spheres of existence each sphere reveals a specific kind of significance and indeed a way of being in the world Hough employs a distinctively original narrative voice one that examines Kierkegaard's ontology from the perspective of his pseudonymous voices and from the characters that they create This approach is both descriptive and diagnostic by understanding what someone living out an aesthetic ethical or a religious existence seeks to achieve the phenomenon of the faithful life and its demands comes into sharper focus This faith is not simply some thought about God's greatness indeed the propositional content of faith is a central issue of the book Instead Hough argues that Kierkegaardian faith is the hallmark of the fullest flowering of a human life one achieved in ways only hinted at in the demeanor of the cheerful and enigmatic tax collector an existential task in which temporality finitude is what it is all about
