Lindsay,2012-09-15 Does God exist Does He do anything in this world Famous authors like Richard Dawkins

suggest strongly that it is very unlikely but how unlikely is it God Doesn't We Do brings James A Lindsay's mathematical expertise to the question and is able to put the matter under a microscope only available through an understanding of abstract mathematics which he makes accessible to any reader Because of that this book will change the conversation about the existence of God The central theme of this book though points out that even if there were a God we have no reason to believe He does anything at all in this world Thus the responsibility is on us as it always has been to make our world what it will be From the back cover Our world is one that is full of difficult challenges and many people still turn to God for solutions or credit Him with ones that they find The time for that kind of superstition is long passed God Doesn't We Do seeks to address the topic on philosophical grounds making appeals to a scientific mindset and evidence based decision making in fields where religion has dominated for centuries including morality politics and even spirituality The title really says it all God Doesn't We Do Only Humans Can Solve Human Challenges Mind Your Faith David A. Horner, 2011-09-12 For young Christians about to embark on the collegiate experience David Horner provides a guide to thinking as a Christian Carefully exploring how ideas work he gives students essential tools for thinking critically contextually and coherently unpacking worldviews and discerning truth **In the Face of Death** Fabian F. Grassl, 2020-01-01 My theological work was always only a superstructure placed upon the experiences and sufferings of my life Helmut Thielicke Thielicke's story is one of extraordinary circumstances Especially as a young man living through Germany's darkest hour he was time and again put on the brink of death by fatal sickness Nazi oppression and war These experiences left an indelible mark on his worldview In this thoroughly researched study Fabian F Grassl takes a fresh and original look at Thielicke's turbulent life through the specific lens of suffering and death He paints an intimate portrait of a boundary rider whose theology uniquely developed in the face of death As a result new light is cast on one of the outstanding theologians ethicists and preachers of the twentieth century The reader is invited to explore a world of thought decidedly shaped by the eschatological existence of an intriguing personality a flawed human being like the rest of us yet endowed with a fascinating theological prowess taking his stand amongst Germany's major historical upheavals of the last century *Debating Christian Theism* J. Hank Hanegraaff,2011-08-30 Compelling evidence that the Bible is God s Holy Word Using the memorable acronym MAPS radio host and Bible scholar Hank Hanegraaff masterfully reveals four proofs that confirm the divine origin of the Bible M represents the strength of the manuscript itself as many actual fragments have been located A stands for the archaeological proofs that have been uncovered P is for the prophecy that has accurately predicted events S

represents the scriptural synergy found in the unity consistency and harmony of the sixty six books These clearly presented proofs provide powerful indicators that confirm the trustworthiness and divine nature of Scripture that God has indeed spoken and that the Bible is the reliable repository of His words      **Why Does God Seem So Hidden?** Joshua C.

Waltman,2023-04-06 Why does God seem so hidden obscure and silent Why doesn t he make himself known in a more explicit way to those who dispute his existence This line of questioning presents a perplexing conundrum for Christian theologians On the one hand Christians affirm that God s revelation of himself is sufficient but on the other hand it appears that some genuine seekers remain unconvinced of his existence In recent decades philosopher J L Schellenberg has proposed an argument for atheism that attempts to exploit this apparent contradiction This book offers a new take by approaching the conversation using a Trinitarian theological lens The character of Trinitarian love shapes the way God communicates in pursuit of relationships Namely God desires spiritually oriented communal divine human relationships and this endeavor necessarily entails hiddenness This work proposes five spiritual criteria that an individual must meet to be open to having a relationship with the triune God and these are the criteria that atheists have failed to consider Articulating these five is exactly what is needed to resolve the vexing theological puzzle of divine hiddenness      Christian Apologetics Alister E.
