Why Men Marry Harold Schmitt,2006-08 Why Men Marry is written to address multiple reasons for men embracing the institution of marriage It is my opinion that many real life motives are not discussed or simply written off as trivial For example a man may marry to find out if love really exists The male becomes exasperated by revolving door relationships that simply demand more and more material expectations for continued involvement Exploring personal motives for marriage can produce a lifetime of growth accomplishment and personal satisfaction to the individual who is willing to invest time and energy into future rewards Marriage for convenience hinders the prospect of mutual satisfaction and the betterment of our society Better marriages will bring a healthier society It is my belief that reading concise episodes of individual lives will open a new world of discovery about yourself If you can appreciate uncovering fifty reasons why men entertain marriage then Why Men Marry will be a book you will want to read and give to a friend for discussion Each story can be quickly read to uncover the understanding of

the male s mind for undertaking the mystery of marriage The book is designed to be read while having morning coffee or enjoying a break at the office Food for thought is what I used as a diet for this book Are you hungry for new ideas about marriage *Graduate Theorizations: Imaginative Applied Sociologies—Manifest and Latent* Mohammad H.

Meyers takes the reader on a careful rational sustained criticism of arguments about the immorality of homosexuality Meyers refutes anti gay arguments by showing that they are based on unreasonable or demonstrably false ideas about the nature of morality Working through the morality arguments against homosexuality Meyers shows how the nature of morality demands impartial overriding reasons to act He argues that morality is not grounded in visceral feelings of disgust commands from the scriptures or mysterious Platonic essences In clear convincing discussion Meyers examines morality to promote the moral logic of granting rights to all people no matter their sexual orientation Public Reason and Political Community Andrew Lister,2013-10-24 Public Reason and Political Community defends the liberal ideal of public reason against its critics but as a form of moral compromise for the sake of civic friendship rather than as a consequence of respect for persons as moral agents At the heart of the principle of public justification is an idealized unanimity requirement which can be framed in at

least two different ways Is it our reasons for political decisions that have to be unanimously acceptable to qualified points of view otherwise we exclude them from deliberation or is it coercive state action that must be unanimously acceptable otherwise we default to not having a common rule or policy on the issue at hand Andrew Lister explores the anti perfectionist dilemma that results from this ambiguity He defends the reasons model on grounds of the value of political community and applies it to recent debates about marriage

Brown, Mary Helen Mahar, Paul Kint Nance, Robert Earl Iffert, Betty S. Clarke, Ilo Remer, Leslie Frank Robbins, Theodore Lee Abell, Joseph Harvey Cain, 1965 **My World** MICHAEL JEAN NYSTROM-SCHUT, 2004-05-19 Let me tell you how much fun it is to be a book writer One of my friends recently said to me I dont even know anyone whos ever READ a book let alone WRITE one I was amused Well you know its really not so hard to write a book You just talk about what you feel and organize your thoughts along the way At some point as you stay determined to make it happen the book comes into the world For me now having compiled over 30 book length manuscripts of various topics and subject matter I have become more and more inclined to share the way I see the world with others along the way You might call what I like to write about as having to do with personal philosophy or individual world view Everyone has a way they see their world this book is part of how I see mine It seems that all kinds of people have something to say about what life is and is not I am like most people so am no exception I have come to enjoy giving such opinions and points of view with just about anyone who will listen I wrote this book MY WORLD The First 50 Years because I wanted to be sure and document the way life appeared to be to me at the half century mark in my personal growth and evolution I did it in a way that enables you to read right through it or if you prefer you can take it slowly over a one year span of time and think about the ideas and thoughts carefully How you read the book is entirely up to you Ten years earlier I had written a similar book Earth Dwelling An Owners Manual for Life in order to share thoughts about the meaning and purpose of life It is amazing the difference that ten years can make I like to think that I am growing Gee Could that be I sure hope so People from the worlds of philosophy religion and the popular culture are anxious to share

the way they see the world with others I have a passion to do that also and so I wrote this book in order to summarize how things in life appeared to me I could be way off you decide for yourself At any rate my world is MY way of seeing life in YOUR world you will see it your special way and that is part of the beauty of this life Each person is free to see it differently and that is our basic right to do so I like that I actually feel so strongly about what I am saying here that I created a web site which is called HowIseetheworld.com to talk about and share ideas with others Take a look at it some time Thoughts are powerful and have a tendency to either make you great or even destroy you before your time So think good thoughts And enjoy the book as well **Health and Disease in Relation to Marriage and the Married State** Hermann Senator, 1929

Direct Jurisdiction Anselmo Reyes, Wilson Lui, 2021-08-26 The second thematic volume in the series Studies in Private International Law Asia looks into direct jurisdiction that is the situations in which the courts of 15 key Asian states Mainland China Hong Kong Taiwan Japan South Korea Malaysia Singapore Thailand Vietnam Cambodia Myanmar the Philippines Indonesia Sri Lanka and India are prepared to hear a case involving cross border elements For instance where parties are habitually resident abroad and a dispute has only some little or no connection with an Asian state will the courts of that state accept jurisdiction and hear the case and if so on what conditions More specifically the book's chapters explore the circumstances in which different Asian states assume or decline jurisdiction not just in commercial matters but also in other types of action such as family consumer and employment disputes The Introduction defines terminology and identifies similarities in the approaches to direct jurisdiction taken by the 15 Asian states in civil and commercial litigation Taking its cue from this the Conclusion assesses whether there should be a multilateral convention or soft law instrument articulating principles of direct jurisdiction for Asia The Conclusion also discusses possible trajectories that Asian states may be taking in respect of direct jurisdiction in light of the COVID 19 pandemic and the political tensions currently besetting the world The book suggests that enacting suitable rules of direct jurisdiction requires an Asian state to strike a delicate balance between affording certainty and protecting its nationals At heart direct jurisdiction involves sometimes difficult policy considerations and is not just about drawing up lists of jurisdictional grounds and exceptions to them **Bulletin** United States.
