## **Reassessing Arms Control:**

**Reassessing Arms Control** David Carlton, Carlo Schaerf, 1985 *Success and Failure in Arms Control Negotiations* April Carter, 1989 Governments have been negotiating about disarmament or more limited forms of arms control for forty years Despite these negotiations weapons of increasing deadliness and sophistication continue to be developed Through the use of case studies of particular negotiations Partial and Comprehensive Test Ban SALT I and II INF and START and MBFR CFE the book explores both the reasons for success and the obstacles leading to failure and assesses the importance of different types of explanation Dr Carter not only analyses the reasons why negotiations fail she also examines the conditions under which they are likely to succeed The result is a balanced comprehensive treatment of the problems and prospects for arms control

*Scrutiny of arms export controls (2012)* Great Britain: Parliament: House of Commons: Business, Innovation and Skills Committee, 2012-07-13 The Committees on Arms Export Controls CAEC believe that the Government should apply significantly more cautious judgements on the export of arms to authoritarian regimes which might be used for internal repression The Committees have scrutinised in unprecedented detail the Government's latest 2010 Annual Report on Strategic Export Controls HC 1402 session 2011 12 ISBN 9780102973662 the Government's quarterly information on individual export licence approvals and refusals and the Government's policies and performance on arms export controls and on arms control generally The Committees conclude that the Government's review of its policies and practices on arms exports following the Arab Spring should not have been carried out merely as an internal review and should instead have been the subject of public consultation in accordance with the Government's stated policy of transparency on arms exports And whilst the Government's introduction of a new licence suspension mechanism is welcome this is not sufficient to ensure that arms exported are not used for internal repression overseas because in many cases the arms will have left the UK before suspension occurs The Government should extend its arms export policy review from countries in the Middle East and North Africa to authoritarian regimes and countries of human rights concern worldwide Annex 7 of the report gives selected arms export licence approvals by the Government to countries of human rights concern and the report also contains details of the extant UK Government approved arms export licences to Argentina Bahrain Egypt Libya Saudi Arabia Syria Tunisia and Yemen

**Air University Review**, 1986-07 **Reassessing the Rogue Tory** Janice Cavell, Ryan M. Touhey, 2018-11-15 The years when John Diefenbaker's Progressive Conservatives were in office were among the most tumultuous in Canadian history Coming to power on a surge of optimistic nationalism in 1957 the Rogue Tory had stirred up more controversy than any previous prime minister by the time he was defeated in 1963 This was nowhere more apparent than in his handling of international affairs This book reassesses foreign policy in the Diefenbaker era to determine whether its failures can be mainly attributed to the prime minister's personality traits particularly his indecisiveness or to broader shifts in world affairs Written by leading scholars who mine new sources of archival research the chapters examine the full range of international

issues that confronted Diefenbaker and his ministers and probe the factors that led to success or failure decision or indecision on specific issues Rather than dismissing Diefenbaker as a Rogue Tory on the world stage this fascinating reconsideration of the Diefenbaker years challenges readers to push beyond the conventional and reassess his record with fresh eyes Energy Abstracts for Policy Analysis ,1988 *China, a Reassessment of the Economy* United States.
