Reassessing Civil Rights

David Long, Peter Wilson

Reassessing Civil Rights:

The Federal Civil Rights Enforcement Effort--a Reassessment United States Commission on Civil Rights, 1973

Reassessing Solitary Confinement United States. Congress. Senate. Committee on the Judiciary. Subcommittee on the Constitution, Civil Rights, and Human Rights, 2012 *Reproduction and Society* Carole Joffe, Jennifer Reich, 2025-05-30

The new edition of *Reproduction and Society* assembles an authoritative collection of the best scholarship on reproductive matters to help students and readers think critically and more expansively about acts of reproduction as social phenomena. The social, political, and personal meanings of reproduction have become increasingly important and surround us in the news during elections and even within popular culture. In the aftermath of the United States Supreme Court's decision to overturn a nearly 50-year-old precedent guaranteeing a constitutional right to abortion, these issues have become even more pressing. Exploring the topic from a sociological lens and drawing on influential writing from other fields including history, economics, anthropology, and medicine, editors Carole Joffe and Jennifer Reich are assured and accessible guides as they lead readers across six core thematic areas: analyzing reproductive self-determination and why it matters; from a reproductive justice perspective, the new edition examines issues related to contraception and sterilization, abortion, pregnancy, maternal/fetal conflicts, and uses of reproductive technologies. Readers will encounter classical texts that have contributed to the foundation of this exciting field as well as more recent research that continues to push the field forward, all in the service of sharpening their understanding of why reproductive politics have been and continue to be contentious, complicated, and high stakes. Refreshed and significantly expanded with over two dozen new selections, the second edition of this reader will have wide appeal for undergraduate and graduate students who are new to the study of reproduction, both in courses that focus on the topic across different disciplines and as a supplement to courses on the family, gender, health care, social problems, and sexuality.

Reassessing ASEAN Jeannie Henderson, 2014-02-25 With the accession of Cambodia in April 1999, the Association of South East Asian Nations (ASEAN) finally achieved its founding vision: the incorporation of all ten South East Asian states. However, ASEAN 10 faces an unprecedented series of challenges stemming from the organization's rapid enlargement since 1995, economic crisis among key members, and political upheavals in Indonesia, its largest and most important member. ASEAN in 1999 is a pale imitation of the more confident organization which emerged from the end of the Cold War as one of the world's most successful experiments in regionalism. This paper asks whether ASEAN can remain relevant to the management of regional problems.

Reassessing the Responsibility to Protect Brett R. O'Bannon, 2015-10-05 This book explores conceptual and operational questions regarding the development and implementation of the Responsibility to Protect. The mass atrocity norm known as the Responsibility to Protect (R2P) has enjoyed meteoric success since the concept was introduced in 2001. But perhaps precisely because of how quickly the concept secured its privileged place in the pantheon of ideas and concerns in international affairs, many fundamental

questions remain concerning its origins its conceptual contents and its relevance to actual cases of mass atrocity This book seeks to explore that terrain by drawing together a group of scholars diverse enough to engage with the complex array of political legal and ethical questions raised by R2P Critical questions raised here include What are the limits of the authority that R2P confers on international actors What does the evolution of R2P mean for North South relations Just how significant is R2P in the context of the broader human rights landscape In addition to those conceptual and theoretical matters special attention is given to the operational context in which the meaning of R2P is ultimately rendered As events in Africa have figured so significantly into the norm s development the contributors pay special attention to the problems and prospects of mass atrocity prevention in that context This volume will be of much interest to students of the Responsibility to Protect war and conflict studies peacebuilding international law and IR Security Studies **Asian Security Reassessed** Stephen Hoadley,Jurgen Ruland,2006 This book traces changes in the concept of security in Asia from realist to cooperative comprehensive and human security approaches and assesses a number of policy alternatives to management of both old and new security threats It surveys not only orthodox security threats such as tensions between regional powers or armed ethnic antagonists but also new sources of anxiety such as resource scarcity economic instability irregular migration community fragmentation and international terrorism Security policies of major powers such as China Japan and the United States and the moderating roles of regional organizations such as ASEAN ARF SCO and KEDO are evaluated in historical and contemporary perspectives Contributors proffer policy relevant insights where appropriate The book concludes that traditional security approaches remain valid but need to be adapted to the new challenges and offers suggestions for incorporating fresh Asian security perceptions into the agendas of policy makers analysts and scholars **Superfund Reassessment and Reauthorization** United States. Congress. Senate. Committee on Environment and Public Works. Subcommittee on Superfund, Waste Control, and Risk Assessment,1995 At War with Civil Rights and Civil Liberties Thomas E. Baker,John F. Stack,2006 Two hundred and eleven years ago Congress proposed and the states ratified the Bill of Rights Since that time these rights have been challenged over and over again The Alien and Sedition Acts the Civil War the Red Scares during both World Wars the Cold War and its permanent crisis mentality the Vietnam era and its civil unrest and now the War on Terrorism all are points along a line of contested history and conflict Each of these crises generated stresses and strains for our constitutional guarantees of civil rights and liberties This book looks at the War on Terrorism and the campaigns in Afghanistan and Iraq through the lenses of constitutional law and American politics A cohesive set of essays by leading legal scholars brings these challenges into sharp focus offering a unique perspective on executive power the rule of law and the delicate balance between rights liberties and threats Publisher **Policing the Womb** Michele Goodwin,2020-03-12 This book tells the real life horror story of states abusing laws and infringing on rights to police women and their pregnancies *Sir John Denham (1614/15-1669) Reassessed* Philip Major,2016-05-05 Sir John Denham 1614 15

1669 Reassessed shines new light on a singular colourful yet elusive figure of seventeenth century English letters Despite his influence as a poet wit courtier exile politician and surveyor of the king s works Denham remains a neglected figure The original essays in this interdisciplinary collection provide the sustained modern critical attention his life and work merit The book both examines for the first time and reassesses important features of Denham s life and reputations his friendship circles his role as a political satirist his religious inclinations his playwriting years and the personal political and literary repercussions of his long exile and offers fresh interpretations of his poetic magnum opus Coopers Hill Building on the recent resurgence of scholarly interest in royalists and royalism as well as on Restoration literature and drama this lively account of Denham s influence questions assumptions about neatly demarcated seventeenth century chronological geographic and literary boundaries What emerges is a complex man who subverts as well as reinforces conventional characterisations of court wit gambler and dilettante

Pursuing Equal Opportunities Lesley A. Jacobs, 2004 This book offers original and innovative contributions to the debate about equality of opportunity The first part sets out a theory of equality of opportunity that presents equal opportunities as a normative device for the regulation of competition for scarce resources The second part shifts the focus to the consideration of the practical application by courts or legislatures or public policy makers of policies for addressing racial class or gender injustices The author examines standardized tests affirmative action workfare universal health care comparable worth and the economic consequences of divorce

Charles H. Thompson on Desegregation, Democracy, and Education Louis Ray, 2020-07-22 The goals of achieving equal citizenship rights for African Americans and international respect for human rights inspired Charles H Thompson to focus his attention on ending segregation as public policy in the United States As editor of *The Journal of Negro Education* from 1932 to 1963 Thompson tirelessly championed equal educational and economic opportunities for African Americans and other targets of discrimination Charles H Thompson on *Desegregation Democracy and Education* captures the evolving struggle for civil rights from the perspective of an education insider brilliant scholar activist and arguably the leading dean in African American higher education between 1938 and 1963 This study focuses on Thompson s efforts between 1953 and 1963 to mobilize his readers including African American teachers to support the civil rights movement including voter registration drives boycotts the sit ins as well as the NAACP litigation campaign He encouraged them to support principled African American leaders such as Dr Martin Luther King Jr and their campaigns for social justice Thompson remained confident that they and their allies would prevail so long as they adhered to the ethical principles that informed their movement and applied political and economic pressure intelligently The desegregation of public education and the strengthening of African American higher education for Thompson served as wedges for extending democracy in the US

Thinkers of the Twenty Years' Crisis : Inter-War Idealism Reassessed David Long, Peter Wilson, 1995-12-14 This book reassesses the contribution to international thought of some of the most important thinkers of the inter war period It takes as its starting point E H Carr s

famous critique which more than any other work established the reputation of the period as the utopian or idealist phase of international relations theorizing This characterization of inter war thought is scrutinized through ten detailed studies of such writers as Norman Angell J A Hobson J M Keynes David Mitrany and Alfred Zimmern The studies demonstrate the diversity of perspectives within idealism and call into question the descriptive and analytical value of the entire notion It is concluded that idealism is an overly general term useful for scoring debating points rather than providing a helpful category for analysis

Public Education Myron Lieberman, 1993 In this blistering critique of our failing public schools Lieberman explains why public education is in irreversible and terminal decline and tells what we must do to get American schooling back on track A refreshingly clear analysis of our educational crisis and a rallying cry for market system approaches to school reform

Freedom of Speech: Volume 21, Part 2 Ellen Frankel Paul, Fred D. Miller, Jr, Jeffrey Paul, 2004-07-05 Whether free speech is defended as a fundamental right that inheres in each individual or as a guarantee that all of society's members will have a voice in democratic decision making the central role of expressive freedom in liberating the human spirit is undeniable Freedom of expression will as the essays in this volume illuminate encounter new and continuing controversies in the twenty first century Advances in digital technology raise pressing questions regarding freedom of speech and with it intellectual property and privacy rights Campaign finance reform limits the formerly sacrosanct category of political speech Expressive liberties may face their greatest challenge from government efforts to thwart terrorism The twelve legal scholars and philosophers whose work appears in this volume examine the history of free speech doctrine its relevance to other social and personal values and the radical critiques it has withstood in recent years

For Discrimination Randall Kennedy, 2015-06-09 The definitive reckoning with Affirmative Action one of America's most explosively contentious and divisive issues from one of our most important and perceptive writers on race and the law The Washington Post A clear eyed take on America's battle over affirmative action and diversity Kennedy goes straight at the issue with fearlessness and a certain cheekiness Los Angeles Times Compelling Powerful Wall Street Journal What precisely is affirmative action and why is it fiercely championed by some and just as fiercely denounced by others Does it signify a boon or a stigma Or is it simply reverse discrimination What are its benefits and costs to American society What are the exact indicia determining who should or should not be accorded affirmative action When should affirmative action end if it must Randall Kennedy gives us a concise and deeply personal overview of the policy refusing to shy away from the myriad complexities of an issue that continues to bedevil American race relations

Reassessment of U.S. Foreign Policy United States. Congress. House. Committee on International Relations. Subcommittee on Future Foreign Policy Research and Development, 1975

Herbert Hoover Reassessed, 1981

Discordant Neighbours: A Reassessment of the Georgian-Abkhazian and Georgian-South Ossetian Conflicts B. George Hewitt, 2013-03-27 The 2008 Georgian Russian war focused the world's attention on the Caucasus South Ossetia and Abkhazia had been de facto independent since the early 1990s However Russia

s granting of recognition on 26 August 2008 changed regional dynamics The Caucasus is one of the most ethnically diverse areas on earth and the conflicts examined here present their own complexities This book sets the issues in their historical and political contexts and discusses potential future problems This volume is distinguished from others devoted to the same themes by the extensive use the author a Georgian specialist makes of Georgian sources inaccessible to most commentators His translated citations thus cast a unique and revealing light on the interethnic relations that have fuelled these conflicts

Stigma and Sexual Orientation Gregory M. Herek, 1998 This timely and accessible contribution towards a deeper understanding of homophobia provides much needed insight into the issue of prejudice in general Topics discussed include the nature of antigay prejudice stereotypes and behaviors the consequences of homophobia and related phenomena on the well being of lesbians gay men and bisexuals and the critical need for psychology and science to examine homophobia and related issues

As recognized, adventure as skillfully as experience about lesson, amusement, as skillfully as pact can be gotten by just checking out a book **Reassessing Civil Rights** in addition to it is not directly done, you could take even more on the subject of this life, with reference to the world.

We find the money for you this proper as competently as easy habit to get those all. We manage to pay for Reassessing Civil Rights and numerous ebook collections from fictions to scientific research in any way. along with them is this Reassessing Civil Rights that can be your partner.
