**Outlaw Bikers and Ancient Warbands** Carl Bradley,2021-10-13 This book is the first to compare the shared cultural tenets of ancient warbands and outlaw biker gangs It argues that the values of hyper masculinity can be traced from the former into the contemporary environment of the latter codes of honour loyalty and bravery have prioritised small groups of males over women and other men creating a history of hyper masculinity that shows little sign of stopping Indeed Outlaw Bikers and Ancient Warbands Hyper Masculinity and Cultural Continuity argues that such hyper masculine culture can be found in many male groups such as the police military and sports and that if we want to understand hyper masculinity and face it as a society then we need to recognize that outlaw bikers are a reflection of behavior that has a very long tradition This pioneering work explores these issues from ancient times and into the future

**Motorcycle** Steven E. Alford,Suzanne Ferriss,2008-01-03 Easy Rider Motocross Grand Prix James Dean in Rebel Without a Cause The motorcycle is a global icon of untamed freedom symbolizing a daring and reckless lifestyle of adventure Yet there are few books that chronicle how and when this legendary vehicle roared down the open road Motorcycle explores the roots of the rebel s ultimate ride After early incarnations as a nineteenth century steam powered bicycle and multi wheeled vehicles the modern motorcycle came into its own as a cheap mobile military asset during World War I From there it rapidly spread through modern culture as a symbol of rebellion and subversive power and Motorcycle tracks the symbolic role that the bike has played in literature art and film The authors also investigate the international subcultures that revolve around the motorcycle and scooter They chart the emergence of American biker culture in the 1950s when decommissioned fighter pilots sought new ways to satiate their desire for thrill and danger and explore how the motorcycle came to represent the untamed nonconformity of the American West In contrast smaller scooters such as the Vespa and moped became the utilitarian vehicle of choice in space starved metropolises across Europe and Asia Ultimately the authors argue the motorbike is the exemplary Modernist object dependent on the perfect balance of man and machine An unprecedented and wholly engrossing account Motorcycle is an essential reading for the Harley Davidson roadhog bike collector or anyone who s felt the power of the unmistakable king of the road
