**Why Women Rebel** Alexis Henshaw, 2016-12-08 *Why Women Rebel* presents a global analysis of the extent to which women are engaged in armed organized rebellions and why they choose to join such rebellions Henshaw has collected and analyzed data on women's participation in over 70 post Cold War rebel groups The book provides a theoretical analysis drawing upon both mainstream literature in the social sciences and critical feminist inquiry on women

and political violence to offer a new gendered theory on why women rebel The book reveals that women are active in over half of all rebel groups sampled and that while the majority of rebel groups have women serving in support roles away from direct combat approximately a third of these groups employ women in the conduct of armed attacks and just over a quarter have women in a leadership capacity Henshaw reaffirms the idea that women are more likely to be engaged in left wing political organizations but does suggest that more conservative or traditional movements may also successfully incorporate women by appealing to concerns about community rights Addressing several gaps in the current literature on this topic this book will be of interest to academics in the fields of political science international relations security studies and gender and women s studies     [The Forging of a Rebel](#) Arturo Barea,2019-03-26 This astonishing autobiographical trilogy hailed by George Orwell and Gabriel Garc a M rquez is the most definitive and personal account of Spain s history during the 20th century Guardian The Forging of a Rebel is an unsurpassed account of Spanish history and society from early in the twentieth century through the cataclysmic events of the Spanish Civil War Arturo Barea s masterpiece charts the author s coming of age in a bruised and starkly unequal Spain These three volumes recount in lively detail Barea s daily experience of his country as it pitched toward disaster we are taken from his youthful play and rebellion on the streets of Madrid to his apprenticeship in the business world and to the horrors he witnessed as part of the Spanish army in Morocco during the Rif War The trilogy culminates in an indelible portrait of the Republican fight against Fascist forces in which the Madrid of Barea s childhood becomes a shell and bullet strewn warzone Combining historical sweep and authority with poignant characterization and novelistic detail The Forging of a Rebel is a towering literary and historical achievement

**Bride** Miranda Martin, 2021-06-30 Crystal Truth be told I've always been a little jumpy but being kidnapped by aliens shoved my anxiety into high gear. They buy and sell us Earth girls like chattel. Stealing us from our dying planet and keeping us on lockdown until they're ready to trade us away. When my fellow humans and I are rescued by the savage Draconian Warriors, things get better but we're not free. So the other women leverage me into mating one of the Draconians in a grand scheme to take over the ship. I'm nothing if not a team player but why did it have to be the huge, scarred one who's as socially awkward as I am. Deceiving these brutal warriors seems like a really bad idea, the kind that could cause a small human like me to wind up dead or worse. Desperately in love with a massive winged and tailed alien, Drake, I live for nothing more than starting a revolution among my Draconian brethren. I will set us free at long last from the misery of our Draconian Queens, who have been driven insane by a parasite. I don't have time or desire to rescue the human Queens, but my brother insists. When one of them lays claim to me, I'm suspicious. She panicked at the mere sight of me during the rescue and only hours later she selected me for her mate. I'm no fool. She's a wily one, talking and squirming her way past my defenses. She's soft, beautiful, and scents like a goddess, but I can't let her ruin my people's only chance at freedom. Somehow I have to make her my Queen and set my people free. **Rebel Stars: Books 0-2** Edward W. Robertson, 2017-11-11 FROM A USA TODAY bestseller and Audie nominated author. A thousand years ago an alien invasion set humanity back to the Iron Age. Slowly we recovered, colonizing the Solar System in peace. And discovered that an unknown force is stopping us from exploring any farther. But before the cause can be discovered, a slow-burning conspiracy threatens to explode into system-wide war. With enemies at home and in the darkness beyond, a team of unlikely heroes—a janitor, a mercenary, an asteroid miner, and a pirate—are the only ones who can avert a second apocalypse. This set includes the first three books of the newly finished REBEL STARS series.

**Cloak & Ghost: Rebel Cell** Jonathan Moeller, 2018-12-14 My name is Nadia and I'm a shadow agent of the High Queen of the Elves. But for some reason the High Queen wants me to attend the birthday party of an Elven noble. Just in case there's trouble. And it's just my luck, there's going to be more trouble than either of us expect. **A Mississippi Rebel in the Army of Northern Virginia** Thomas D. Cockrell, Michael B. Ballard, 2001-09-01 Born the eighth child in a wealthy Mississippi plantation family in 1843, David Eldred Holt joined Company K of the 16th Mississippi Regiment in 1861 and served in the Eastern theater throughout the Civil War. Late in his life, at a time when many former soldiers, both Union and Confederate, were reliving their memories of that event, Holt penned this memoir recounting the idyllic life of an affluent southern boy before the war and the exhilarating, sometimes humorous, often terrifying experiences of a common soldier in camp and in

battle This new edition has been expanded to include Holt's never before published diary entries from the last year of the war
