Recent Events and Present Policies in China John Otway Percy Bland,1912 **The Recognition Policy of the United States** Julius Goebel (Jr.),1915 Modern China's Foreign Policy Werner Levi,1953-01-01 Modern China's Foreign Policy was first published in 1953 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions What are China's objectives in world affairs and what course will she pursue to achieve her goals These are the questions of vital concern to the Western democracies questions that can be approached intelligently only from a knowledge of how China's foreign policy has developed In this illuminating and carefully documented book Professor Levi analyzes China's attitudes and actions toward the rest of the world and clarifies many motivations behind her behavior past and present He traces the development of her foreign relations from the beginning of the modern era of Chinese contacts with Westerners a little more than hundred years ago The emphasis however is on the twentieth century and particularly on the years since the peace settlements of World War I The complex balance of relationships between China and the United States on the one hand and China and the Soviet Union on the other since the end of World War II is discussed in detail Communist doctrine notwithstanding its apparent rigidity is shown to be a conveniently adjustable tool capable of adaptation to the needs and strategies of present day China An integral part of the account is the attempt to single out and interpret the internal forces cultural social and economic that have influenced and shaped China's external policies Thus it is shown that the determinants of China's foreign policy have often been pressures and complexities within the country and that an understanding of the Chinese people and their traditions is essential to nations in their dealings with China The Recognition Policy of the United States Julius Goebel,1915 **Modern Chinese History** Harley Farnsworth MacNair,1923 Current Policy , **Current Policy** United States. Department of State. Bureau of Public Affairs,1987 *The Fortnightly Review* ,1913 **The Statesman's Year-Book** M. Zabriskie,2016-11-11 This book deals particularly with the vital question the control of Manchuria It describes in detail the struggle between Russia and America checked and counterchecked by nearly all the other governments of Europe and Asia for domination of this rich and strategic area The Statesman's Year-Book J. Scott-Keltie,M. Epstein,2016-12-28 The classic reference work that provides annually updated information on the countries of the world The Statesman's Year-book ,1928 **China's Local Councils in the Age of Constitutional Reform, 1898-1911** Roger R. Thompson,2020-03-23 Dazzled by the model of Japan's Western style constitutional government Chinese officials and elite activists made plans to establish locally elected councils By October

1911 government agencies had reported the establishment of about 5 000 councils Throughout the period data on self government reforms collected from localities were compiled in provincial capitals then collated summarized and archived in Beijing Simultaneously directives were being sent from the capital to the provinces From this wealth of previously unexamined material Roger R Thompson draws a portrait in motion of the reforms He demonstrates the energy and significance of the late Qing local self government movement while making a compelling case that it was separate from the well studied phenomenon of provincial assemblies and constitutionalism in general *The Bookman* ,1913 **The Metropolitan Library Record** Peking National Library,1928 The Outlook ,1912 **Co-operative Bulletin** Pratt Institute. Library,1913 **China's Republic** Diana Lary,2007-02-08 Twenty first century China is emerging from decades of war and revolution into a new era Yet the past still haunts the present The ideals of the Chinese Republic which was founded almost a century ago after 2000 years of imperial rule still resonate as modern China edges towards openness and democracy Diana Lary traces the history of the Republic from its beginnings in 1912 through the Nanjing decade the warlord era and the civil war with the Peoples Liberation Army which ended in defeat in 1949 Thereafter in an unusual excursion from traditional histories of the period she considers how the Republic survived on in Taiwan comparing its ongoing prosperity with the economic and social decline of the Communist mainland in the Mao years This introductory textbook for students and general readers is enhanced with biographies of key protagonists Chinese proverbs love stories poetry and a feast of illustrations
