[The Grandfather Paradox](#) Dave Means, 2007-01-01 He was a government employed scientist pulled from a mundane two month study aboard a research ship stationed off the coast of Alaska Vance Carr s superiors send him to investigate and identify a mysterious object discovered in a glacier an object soon found to be something beyond comprehension or belief With his colleagues Carr unravels a mystery whose origin not only dates generations into the future but also the past He soon finds himself caught up in the greatest paradox known to man one whose outcome carries the fate of the world s population

The Caged Viking Sandra Hill, 2022-11-23 DO DREAMS COME TRUE Kirstin Magnusson is haunted by dreams of a fierce Viking warrior in a cage being tortured and humiliated by his Saxon captors Is it a fantasy or a cry for help But she s a no nonsense college professor not a Navy SEAL like her brothers or a Norse fighting man like her father once was What can she do to help Call on her academic training of course and form a

plan WHAT ABOUT NIGHTMARES Once called Hauk the Handsome Hauk Thorsson is far from it these days having lived in a filthy Saxon cage for over six months All because he allowed grief over the death of his son to distract him However Hauk has a plan to escape soon and join the approaching army of Sweyn Forkbeard until that lackbrain woman arrives and causes nothing but trouble BUT SOME DREAMS END HAPPILY EVER AFTER All right it depends on the definition of ever after And mayhap it wasn't the best idea for Hauk to kidnap Kirstin but she'd said she needed time so he was just doing what she wanted sort of

Infinite Creator Drive K J Gordon, 2015-06-01 Infinite Creator Drive Is way beyond a great read It's an epic journey The Story makes for an awesome travelling companion for those surfers and holiday makers requiring a great adventure of the mind and spirit K J Gordon has taken the beauty of Australia the World and the Universe and presented not only a great read it propels a world embracing free energy And yes there are consequences of Biblical proportions The story has several plots some shallow and funny some deep and thought provoking Infinite Creator Drive is an interesting space journey of discovery As well as being thoroughly entertaining L Haydn Gully June 2015 REVIEW Infinite Creator Drive is a revealing romp through space There is an abundance of plausible technology and future incite from the author K J GORDON And there are aspects which really make the reader stop and think The concept dealing with superior alien life is very original and shows a depth in marine science and biochemistry which must remain un-discussed as not to spoil the surprise and or shock The addition of DNA characters of legend add authentic aspects to the life discussion as it flows through the entire story line And indeed not without a twist in the tail The story of Infinite Creator Drive has a depth of unusual twists and is not so much pitched as sprayed across the imagination The reader needs to take stock of relative time as the journey hurtles through existing science on its way to find a new humanity One needs the seatbelts well tightened for this journey as well as safety gear for the powerful riding of surfing waves in Oz and on an amazing planet called Endev The future tech of DNA manufacture rolling through the subplots is rather compelling as we are just discovering these future concepts for real And one wonders at the authors incite Here is a new science of science fiction written in the non-publishable genre of Aussie Fly Boys meet the most famous man on the planet Science Fiction The mind boggles at the ploy It will never work The fly boys being surfer bums with attitude while the most famous man of his time is an aboriginal man from Alice Springs He invents anti gravity And yes the love interest would be worth meeting for real as her unordinary charm captivates in unusual ways Lastly there lies an interesting undercurrent of mental instability and aspergers twinkling lightly through the subplots as well The chapter on emotional balance as aspects of understanding Karma will stay with the reader long after they have shed a tear as the end draws near Pyramid meditation will be required Infinite Creator Drive is ironically well ahead of its time past present and future And the concept of who or what the Infinite Creator Drive is will check the reader's thought processors And very lastly the imagery will test the horizons of those prepared to take a journey that pumps the heart in its pace and yet brings a tear in emotive depth Definitely too long for a movie but what a ride that would **Lifting the**

Scientific Veil Paul Sukys, 1999 Lifting the Scientific Veil has been written to afford the nonscience student the same meaningful opportunity to explore germane scientific topics as is generally given the science student to learn about the humanities and social sciences Since nonscientists are generally responsible for making laws financing research or at the very least for voting it is essential that they understand the significant impact that science has on everyday life The book is designed to introduce nonscientists in an informative and comprehensible manner to four of the most significant scientific theories of the twentieth century the big bang quantum physics relativity and evolution After each theory is explained informally the book shows how that theory and related technology impact upon one's personal life Legal and political aspects of these theories are explored as well as philosophical and theological implications

The Blue Streak Alexander Rein, 2007-01-29 The hacker's approach to Special Relativity grew out of an attempt to demystify the puzzling features of the theory to intelligent but intuition blocked lay persons by a strategy aimed at this particular handicap The insufficiently understood basic concepts the most obstinate stumbling blocks are explained at length first The four dimensional cornerstone of the theory the all important Invariant is presented as a geometric structure analogous to the Diagonal of a box like Frame of Reference to which Time is subsequently added as the Fourth Dimension The exposition of the theory of Special Relativity is primarily intuition oriented while remaining also geometrically conceptualized and mathematically developed It is built up from scratch around First Principles starting out with our primitive notions of Space Time and Motion which are then continually updated and refined The conceptual tools and terminology for investigating Linear Motion at Uniform Velocity are provided in a step by step fashion and always visualized by suitable illustrations The Spacetime terrain curved but not spherical and its domains Past Present and Future are defined mapped and explained The standard topics of Special Relativity are individually elaborated in the already introduced step by step fashion and its mathematical results the equations are not just displayed in print as usually done in undergraduate textbooks but are actually derived from familiar situations using only elementary algebra the simplest possible math for the task These derivations are additionally written out fully in longhand for the benefit of those still inexperienced or whose math has all gone to rust The Theory of Relativity is covered in sufficient detail to make this book an optional supplement in a college level physics course It can also serve as a source of information and insight in high school and adult science clubs but above all it was meant to be a self study manual a virtual class room at home a do it yourself tutoring aid Besides standard fare two speculative topics are included 1 a Faster than Light chapter dealing with its chief reputed consequence the reversal of Time Arrow once the travel speed has crashed the Light Barrier and 2 a tentative description of a very very fast moving object caught by our wide open eyes or by a super fast shutter speed camera The book and its intended readership are described in the Preface Basic concepts and a brief historical background of the theory are given in the Introduction In Chapters I XV you'll find the main topics and in the Postscript there are additional comments pertinent to but reaching above and beyond the contents of this book Social

Physics and a Theory of Everything Tim Delaney, 2025-05-15 Social physics is a field that combines the academic disciplines of physics and sociology Attempting a theory of everything from the social physics perspective provides us with the advantage of utilizing the knowledge already gained from the field of physics on certain matters such as the properties of the forces of nature while the field of sociology provides us with great insights into the role and actions of human behavior This book uses social physics to address major questions of human life These questions include what is the fate of humanity and specifically what role will artificial intelligence AI play Is there an afterlife and if yes what are the possible scenarios of an afterlife What is the fate of the planet Earth and what is the fate of our universe

Beyond Common Sense Dr Satinder Singh Malik, 2020-06-03 Human sensors collect the information from environment and our body Intellect dwells upon the obvious looking information and extracts out of ordinary inferences The joy lies in knowing The art of knowing from routine information is called common sense In Sanskrit common sense is known as Vivek It arises from thought when intellect dwells upon the information for a slightly longer period than routine The intellect will dwell upon such information when it is used to when the mind is relatively free and not overburdened by sense pursuits What lies beyond common sense is the treasure of unmeasured potential Sixth sense is a sense which connects human cognitive complex to the dimension of consciousness and it is known as Pragyan in Sanskrit Pragyan is Intuition The root word for intuition is Latin intueri meaning in to you Intuition has spiritual roots which lie in the dimension of consciousness In the forthcoming chapters in this book a perspective of background environment is provided Science gives too specific but overall sketchy information about the complete picture whereas Philosophy does a better job on this Philosophy is also based on logic and reason but there is no need to establish proof in a laboratory and its scope is vast To complete our lifetimes we cannot await Science to buildup the complete picture and use that to carve a path for our lives Some key questions have been answered as to how this universe came in to being Big Bang theory assumed a primeval atom and the source of this atom remained unresolved Astronomers keep getting baffled after detecting matter in universe older than itself A summary of the applicable dimensions has been proposed along with nature of various dimensions Time is a substance which flows like a wave Origin of human life and presence of distinctive racial features has been explored Common information as to why there are 12 hours in a day or seven days in a week is also important steps in human understanding of life on this planet A unique link between astronomy and astrology has been established by replenishing the information which went missing down the ages A chapter on how to enhance the sixth sense is a practical guide which is simple and easy to follow This information is not freely available in a concise and logical manner Evolved human society has the potential to change the course of life on a planet The change starts with us and we have to accept the challenge of enhancing our sixth sense to connect to a dimension of consciousness and fulfill the life's goals

Black Hull (The Complete Novel) Joseph Turkot, 2013-12-02 Imagine a distant future where technology's inexorable advance has halted for all but the richest 1% of humanity Indigents who still have it fly spaceships that are hundreds of years old and entreat the help of robots that are relics of the past The wealthy having achieved immortality through science and secured total power through purchase of all government seats spread and consume the last resources of the cosmos The unlucky majority pursue one goal The generational commitment to buying a ticket into Utopia the virtual reality program that simulates what in antiquity was known as heaven Little do they question the mysterious origin and purpose of their gloried destination For those who can't afford to upload their consciousnesses into Utopia and leave their physical bodies forever behind there are few options but to live the life of an outlaw Eight hundred years in the past Mick Compton is ripped away through a wormhole into the dystopian future of the Messier 82 galaxy In a place where the only thing that matters is getting into paradise he wants only to get back home to his proper place and time to his wife and family so that he can right the wrongs of his past But Sera a battle hardened smuggler with plans of her own for him won't make it so easy And a darker agenda is at play in M82 the terrorist known as The Force of Darkness has reached a terrifying conclusion Humanity is a

virus whose chance at equilibrium with its environment long ago failed The only solution is complete extermination of mankind After decades of surreptitious construction FOD is nearly ready to detonate a quantum black hole with the power to consume the entire spread of the human race Will Mick succumb to the draw of Utopia and forsake his desire to return to a real family Will FOD pull off the ultimate terrorist act and destroy humanity once and for all Find out in Black Hull *In My Opinion, the Inquest Hearing of Lizzie Andrew Borden* Keith A. Buchanan, 2017-06-07 In the year 1892 on the fourth day of August an infamous crime was committed during the late morning hours in the city of Fall River It was during a time when the cotton mill industry was thriving and the population within the city was growing The heart of the city was busy with many people working on and tending to their daily affairs as being nothing more than the norm Then suddenly without warning evil had taken its revenge upon two prominent people within this community Such an event had sent waves of fear and dismay throughout the city People gathered by the hundreds standing at the front gate of house number 92 on Second Street What such evil act had taken place within this wonderful home and darkened this great city of prosperity and goodwill As the people waited so desperately to hear of the news that could shed some light upon this situation it was finally revealed The lifeless bodies of Mr and Mrs Andrew Jackson Borden lay inside the home on Second Street sustaining blunt force wounds by means of a hatchet or an axe Both bodies were severely traumatized and mutilated and according to Dr Seabury W Bowen Mr Bordens face was so brutally cut that one could not even recognize him This darkened cloud has only begun its fury and as time moves forward much greater evil will come about This infamous crime will make this city a place for all to remember that throughout the days ahead many will come in defense of the victims but then it will be those who seek justice that requires no law or boundaries to a society that is governed by such
