Selected Poems 1950 198:

The Other Sylvia Plath Tracy Brain, 2014-07-22 Despite being widely studied on both undergraduate and postgraduate courses the writing of Sylvia Plath has been relatively neglected in relation to the attention given to her life and what drove her to suicide Tracy Brain aims to remedy this by introducing completely new approaches to Plath's writing taking the studies away from the familiar concentration to reveal that Plath as a writer was concerned with a much wider range of important cultural and political topics Unlike most of the existing literary criticism it shifts the focus away from biographical readings and encompasses the full range of Plath's poetry prose journals and letters using a variety of critical methods

The Cambridge Introduction to British Poetry, 1945-2010 Eric Falci, 2015-11-12 The Cambridge Introduction to British Poetry 1945 2010 provides a broad overview of an important body of poetry from England Scotland Wales and Northern Ireland from the postwar period through to the twenty first century It offers a comprehensive view of the historical context surrounding the poetry and provides in depth readings of many of the period's central poets British poetry after 1945 has been given much less attention than both earlier British and American poetry as well as postwar American poetry There are very few single author studies that present the entirety of the period's poetry This book is unique for the comprehensive richness with which it presents the historical and literary historical scene as well as for its close up focus on a wide range of major poets and poems

Granular Modernism Beci Carver, 2014 Granular Modernism understands the way that some modernist texts put themselves together as a way of pulling themselves apart In this volume Beci Carver offers a new way of reading Modernist texts by drawing attention to the anomalies that make them difficult to summarise or simplify Carver proposes that rather than trying to find the shapes of narrative or argument in their writing the Granular Modernists namely Joseph Conrad William Gerhardie Evelyn Waugh Henry Green T S Eliot W H Auden and Samuel Beckett experiment in certain of their works in finding the shapelessness of a moment in history that increasingly confidently called itself modern which was to call itself shapeless The project of modernism in the late nineteenth and the first half of the twentieth century was to find a story to tell about an era full of beginnings The project of Granular Modernism was to find a way of turning the inchoateness of the modern moment into art Granular Modernism takes from the Naturalist movements of the nineteenth and early twentieth century its attentiveness to the process of mundane experiences like eating or waiting But where Naturalism sets out to offer a complete picture of a way of life Granular Modernism's eating and waiting fail to amount to anything more to paraphrase Evelyn Waugh The most they can hope for is a cumulative futility Frank Norris once described one of Stephen Crane's narrators as a locust in a grain elevator attempting to empty the silo by carrying off one grain at a time Norris is being dismissive But his image of pointless meticulous indefinite manoeuvre potentially defines the ambition of the Granular Modernists

Hemingway's Laboratory Milton A. Cohen,2012-05-05 Illuminates the development of Hemingway s themes and techniques and his future course as a stylist and writer In 1924 Ernest Hemingway published a small book of eighteen vignettes each little more than one page long with a small press in Paris Titled in our time the volume was later absorbed into Hemingway s story collection In Our Time Those vignettes as Milton Cohen demonstrates in Hemingway s Laboratory reveal a range of voices narrative strategies and fictional interests more wide ranging and experimental than any other extant work of Hemingway s Further they provide a vivid view of his earliest tendencies and influences first manifestations of the style that would become his hallmark and daring departures into narrative forms that he would forever leave behind Many of the chapters are pointillistic glimpses of violence bullfights a botched execution the fleeting thoughts of the wounded on the battlefield Others reach back into childhood Still others adopt the wry mannered voice of English aristocracy Though critics have often read these chapters as secondary asides to the longer stories that constitute the commercial collection Cohen argues that not only do the vignettes merit consideration as a unit unto themselves but that they exhibit a plethora of styles and narrative gambits that show Hemingway at his most versatile The final section examines in detail the individual chapters of in our time their historical origins their drafts themes and styles The result is an account of what is arguably Hemingway s most crucial formative period

The Collected Poems of William Carlos Williams: 1939-1962 William Carlos Williams,1991 Collection of poems of William Carlos Williams from 1939 1962 *American Writers* Elizabeth H. Oakes,2004 *American Writers* focuses on the rich diversity of American novelists **Durrell-Miller Letters, 1935-1980** Lawrence Durrell, Henry Miller,1998-09-19 In 1935 a young Englishman living on Corfu wrote enthusiastically to a middle aged Brooklynite who had just published a succes de scandale in Paris *Tropic of Cancer* turns the corner into a new life which has regained its bowels Henry Miller realizing that in Lawrence Durrell he had hooked his ideal reader responded You re the first

Britisher who's written me an intelligent letter about the book Thus began a correspondence that ended only with Miller's death in 1980 nearly 1 000 000 words later The Durrell Miller Letters 1935-80 contains an extensive and representative selection of the total correspondence Almost half of the present volume has never been published before including some recently recovered lost letters in addition many passages expurgated from letters published in 1963 have been restored Editor Ian S MacNiven of the State University of New York Maritime College is quite right to regard the Durrell Miller correspondence as a dual biography of the creative lives of two of this century's great literary iconoclasts a biography At once as serious as Schopenhauer and as winning as wine Modern English classical poetry Bhawesh Kumar Jha, 1996

Vibrant with Words Ursula Bethell, 2005 To date no full length biography has been published these letters few of which have ever been published before allow her to tell her own life story in a narration that can be earnestly solemn or gaily witty that records moments of joy and of sorrow but that emerges finally as an intensely moving account of one woman's attempt to come to terms with the grief that dominated her final years With their extensive annotations they give us an unrivalled picture of this significant woman and her attitudes to life and literature BOOK JACKET Andrew Young Richard Ormrod, 2018-08-30 Andrew Young was one of the most original inventive and paradoxical poets of the twentieth century C S Lewis called him A modern Marvell and a modern marvel and Philip Larkin remarked that His works are in no danger of being forgotten Regarded as a major poet by academic scholars Young's prestige in this critical biography is taken one step further and declared a great poet Dr Richard Ormrod criticises and analyses Andrew Young's poetry to establish this greatness especially in his lengthy masterpiece *Out of the World and Back* It also explores his fascinating life and personality a wry whimsical erudite complex man a theist and a pantheist an ironist and wordsmith and a fervent naturalist less at ease with people Anyone interested in or studying twentieth century poetry at any level will find this book invaluable and its claims challenging Lovers of plants birds and animals will be stunned by Young's deeply observant unsentimental nature poetry and by the two witty and engaging prose flower books *A Prospect of Flowers* and *A Retrospect of Flowers* both hardy perennials **Irish Literature** Alexander Norman Jeffares, Peter Van de Kamp, 2006 The second of the three volumes roughly spans the middle decades of the nineteenth century a period dominated by the enormity of the Great Famine Its terror is recorded in first hand accounts and in the powerless yet forceful reactions which this cataclysmic event engendered in such writers as John Mitchel who in his *Jail Journal* pits the self against the state This volume documents the rise of cultural nationalism in the work of the contributors to *The Nation* Davis Mangan Lady Wilde and the response of Unionist intelligentsia in the *Dublin University Magazine* It juxtaposes the authentic Gaelic voice in translation Ferguson and Walsh against the haunting intensity of Mangan and the non conformism of his fellow inauthenticator Father Prout It witnesses the stage Irishman in Lever's fiction being placed on Boucicault's popular podium in his reworking of Gerald Griffin's account of *The Colleen Bawn* It records the rise of Fenianism in such writers as Charles Kickham and it sees Ireland taking stock in the

work of W E H Lecky It notes the emergence of a new literary confidence in the works of Sigerson and Todhunter It extends well beyond examinations of Irish identity not only in encapsulating popular writing but also by incorporating writers of Irish descent who investigated different cultures

J.M. Coetzee and the Life of Writing David Attwell,2015 J M Coetzee is one of the world s most intriguing authors Compelling razor sharp erudite the adjectives pile up but the heart of the fiction remains elusive Now in J M Coetzee and the Life of Writing David Attwell explores the extraordinary creative processes behind Coetzee s novels from Dusklands to The Childhood of Jesus Using Coetzee s manuscripts notebooks and research papers recently deposited at the Harry Ransom Center of the University of Texas at Austin Attwell produces a fascinating story He shows convincingly that Coetzee s work is strongly autobiographical the memoirs being continuous with the fictions and that his writing proceeds with never ending self reflection Having worked closely with him on Doubling the Point Essays and Interviews and given early access to Coetzee s archive David Attwell is an engaging authoritative source J M Coetzee and the Life of Writing is a fresh fascinating take on one of the most important and opaque literary figures of our time This moving account will change the way Coetzee is read by teachers critics and general readers

Why Should I Write a Poem Now Srinivas Rayaprol,William Carlos Williams,2018-12-15 Their intense epistolary relationship between Srinivas Rayaprol and William Carlos Williams lasting almost a decade and little known up to now is chronicled in this edition of their letters

Still Mad: American Women Writers and the Feminist Imagination Sandra M. Gilbert,Susan Gubar,2021-08-17 A brilliant sweeping history of the contemporary women s movement told through the lives and works of the literary women who shaped it Forty years after their first groundbreaking work of feminist literary theory The Madwoman in the Attic award winning collaborators Sandra M Gilbert and Susan Gubar map the literary history of feminism s second wave From its stirrings in the midcentury when Sylvia Plath Betty Friedan and Joan Didion found their voices and Diane di Prima Lorraine Hansberry and Audre Lorde discovered community in rebellion to a resurgence in the new millennium in the writings of Alison Bechdel Claudia Rankine and N K Jemisin Gilbert and Gubar trace the evolution of feminist literature They offer lucid compassionate and piercing readings of major works by these writers and others including Adrienne Rich Ursula K Le Guin Maxine Hong Kingston Susan Sontag Gloria Anzald a and Toni Morrison Activists and theorists like Nina Simone Gloria Steinem Andrea Dworkin Eve Kosofsky Sedgwick and Judith Butler also populate these pages as Gilbert and Gubar examine the overlapping terrain of literature and politics in a comprehensive portrait of an expanding movement As Gilbert and Gubar chart feminist gains including creative new forms of protests and changing attitudes toward gender and sexuality they show how the legacies of second wave feminists and the misogynistic culture they fought extend to the present In doing so they celebrate the diversity and urgency of women who have turned passionate rage into powerful writing

The Irish Literary Periodical, 1923-1958 Frank Shovlin, 2003 Table of contents Paul Celan and Martin Heidegger James K. Lyon, 2006-02-22 This work explores the troubled relationship and unfinished intellectual dialogue between Paul Celan regarded by many as the most important European poet after 1945 and Martin Heidegger perhaps the most influential figure in twentieth century philosophy It centers on the persistent ambivalence Celan a Holocaust survivor felt toward a thinker who respected him and at times promoted his poetry Celan although strongly affected by Heidegger s writings struggled to reconcile his admiration of Heidegger s ideas on literature with his revulsion at the thinker s Nazi past That Celan and Heidegger communicated with each other over a number of years and in a controversial encounter met in 1967 is well known The full duration extent and nature of their exchanges and their impact on Celan s poetics has been less understood however In the first systematic analysis of their relationship between 1951 and 1970 James K Lyon describes how the poet and the philosopher read and responded to each other s work throughout the period He offers new information about their interactions before during and after their famous 1967 meeting at Todtnauberg He suggests that Celan who changed his account of that meeting may have contributed to misreadings of his poem Todtnauberg Finally Lyon discusses their two last meetings after 1967 before the poet s death three years later Drawing heavily on documentary material including Celan s reading notes on more than two dozen works by Heidegger the philosopher s written response to the poet s Meridian speech and references to Heidegger in Celan s letters Lyon presents a focused perspective on this critical aspect of the poet s intellectual development and provides important insights into his relationship with Heidegger transforming previous conceptions of it
