**Book Review Digest** ,2001      **Choice** ,1976      *Who's Who of American Women* ,1973      **Arts & Humanities Citation Index** ,2000      Who's who in the West Marquis Who's Who, LLC,1974      *The Descent of Ideas* Donald R.

Kelley,2017-09-29 The history of ideas better known these days as intellectual history is a flourishing field of study which has been the object of much controversy but hardly any historical exploration This major new work from Donald R Kelley is the first comprehensive history of intellectual history tracing the study of the history of thought from ancient medieval and early modern times its emergence as the history of ideas in the 18th century and its subsequent expansion The point of departure for this study is the perspective opened up by Victor Cousin in the early 19th century on Eclecticism and its association with the history of philosophy established by Renaissance scholars Kelley considers a broad range of topics including the rivalry between ideas and language the rise of cultural history the contributions of certain 19th and 20th century practitioners of the history of ideas in interdisciplinary areas of philosophy literature and the sciences and finally the current state of intellectual history The central theme of the book is the interplay between the canon of philosophical thought and the tradition of language and textual study the divergence of the latter marking the descent of ideas into the realm of cultural history

**Selected Writings** Isaiah Berlin,1979      **Studies in Intellectual History** George Boas,2020-02-03 This volume gathers work by Harold Cherniss George Boas Ludwig Edelstein Leo Spitzer and others      **Intellectual History** ,1979

**Orwell and England** George Orwell,2021-01-07 George Orwell perhaps one of the most perceptive writers of the twentieth century wrote extensively about English life and politics This selection of his essays and journalism brings together his most provocative and insightful writing on England and Englishness Part of the Macmillan Collector s Library a series of stunning clothbound pocket sized classics with gold foiled edges and ribbon markers These beautiful books make perfect gifts or a treat for any book lover This edition is edited and introduced by Professor Michael Gardiner Orwell s interests were broad He often wrote about everyday concerns such as transport food and the weather Turning to social issues he exposed the plight of the poor and the unemployed He dissected the idea of nationalism and he examined the failings of the Left What emerges from his acute observation of English rituals habits and attitudes is his belief that these are the very things with which the English people can defend themselves against oppression His writing remains insightful and prescient to this day
