Portland OR      *Tennessee Historical Magazine* John Hibbert De Witt, William Alexander Provine, St. George Leakin

Sloussat, 1917      *Social Democracy in the Making* Gary Dorrien, 2019-04-23 An expansive and ambitious intellectual history of democratic socialism from one of the world's leading intellectual historians and social ethicists The fallout from twenty years of neoliberal economic globalism has sparked a surge of interest in the old idea of democratic socialism a democracy in which the people control the economy and government no group dominates any other and every citizen is free equal and included With a focus on the intertwined legacies of Christian socialism and Social Democratic politics in Britain and Germany this book traces the story of democratic socialism from its birth in the nineteenth century through the mid 1960s Examining the tenets on which the movement was founded and how it adapted to different cultural religious and economic

contexts from its beginnings through the social and political traumas of the twentieth century Gary Dorrien reminds us that Christian socialism paved the way for all liberation theologies that make the struggles of oppressed peoples the subject of redemption He argues for a decentralized economic democracy and anti imperial internationalism **Old Hickory's**

**Nephew** Mark R. Cheatham, 2007-07-01 Though remembered largely by history as Andrew Jackson's nephew Andrew Jackson Donelson was himself a significant figure in nineteenth century America a politician planter diplomat newspaper editor and vice presidential candidate His relationship with his uncle and mentor defined his life as he struggled to find the political and personal success that he wanted and his uncle thought he deserved In *Old Hickory's Nephew* the first definitive biography of this enigmatic man Mark R Cheatham explores both Donelson's political contributions and his complex tumultuous and often overlooked relationship with Andrew Jackson Born in Sumner County Tennessee in 1799 Donelson lost his father only five years later Andrew Jackson soon became a force in his nephew's life seeing in his namesake his political protégé Jackson went so far as to predict that Donelson would one day become president After attending West Point Donelson helped establish the Jacksonian wing of the Democratic party and edited a national Democratic newspaper As a diplomat he helped bring about the annexation of Texas and following in his uncle's footsteps he became the owner of several plantations On the surface Donelson was a political and personal success But few lives are so straightforward The strong relationship between the uncle and nephew defined by the concept of honor that suffused the southern society in which they lived quickly frayed when Donelson and his wife defied his uncle during the infamous Peggy Eaton sex scandal of Jackson's first presidential administration This resulted Cheatham shows in a tense relationship full of distrust and suspicion between Donelson and Jackson that lasted until the Hero of New Orleans died in 1845 Donelson later left the Democratic party in a tiff and joined the American or Know Nothing party which selected him as Millard Fillmore's running mate in 1856 Though Donelson tried to establish himself as his uncle's political successor and legator his friends and foes alike accused him of trading on his uncle's name to gain political and financial success The life of Andrew Jackson Donelson illuminates the expectations placed upon young southern men of prominent families as well as the complexities and contradictions in their lives In this biography Cheatham awakens interest in a nearly forgotten but nonetheless intriguing figure in American history **The Best Books**

William Swan Sonnenschein, 1891 **Romantik** Karina Lykke Grand, Lis Møller, Robert W. Rix, Anna Lena Sandberg, 2014-01-17 The articles in this second issue of *Romantik Journal for the Study of Romanticisms* demonstrate the crucial role of emergent regionalism and nationalism within the Romantic movement However the contributors also explore how the transmission of ideas and inspiration took place across national as well as linguistic boundaries and how knowledge was transferred from one domain of knowledge to another The articles provide a new map of such cultural exchanges in the Romantic era and the multiplicity of agencies that made them possible *Romantik* continues to locate the plurality of European Romanticisms within a comprehensive and multilingual context [American Literature and the Culture of Reprinting.](#)

1834-1853 Meredith L. McGill, 2013-10-11 The antebellum period has long been identified with the belated emergence of a truly national literature And yet as Meredith L McGill argues a mass market for books in this period was built and sustained through what we would call rampant literary piracy a national literature developed not despite but because of the systematic copying of foreign works Restoring a political dimension to accounts of the economic grounds of antebellum literature McGill unfolds the legal arguments and political struggles that produced an American culture of reprinting and held it in place for two crucial decades In this culture of reprinting the circulation of print outstripped authorial and editorial control McGill examines the workings of literary culture within this market shifting her gaze from first and authorized editions to reprints and piracies from the form of the book to the intersection of book and periodical publishing and from a national literature to an internally divided and transatlantic literary marketplace Through readings of the work of Dickens Poe and Hawthorne McGill seeks both to analyze how changes in the conditions of publication influenced literary form and to measure what was lost as literary markets became centralized and literary culture became stratified in the early 1850s *American Literature and the Culture of Reprinting 1834 1853* delineates a distinctive literary culture that was regional in articulation and transnational in scope while questioning the grounds of the startlingly recent but nonetheless powerful equation of the national interest with the extension of authors rights

*Marxism and Art* Maynard Solomon, 1979 *Marxism and Art* is a book of basic readings in Marxist criticism and aesthetics Maynard Solomon through his selections and critical introductions shows connections between the arts and society between imagination and history and between art and revolution He selects from thirty six authors to reveal the range of opinion from dogma to heresy beginning with excerpts from the works of Marx and Engels that are pertinent to an understanding of Marxist philosophy The book traverses a wide range of subjects from the origins of art to the nature of creativity the aesthetic experience the dialectics of consciousness the psychology of art and the evolution of art forms The sources of art in ritual in the labor process in the play drive and in social conflict are explored

**The Collected Letters of Harriet Martineau** Deborah Logan, 2024-07-31 This five volume set brings together the surviving letters penned by Harriet Martineau the nineteenth century writer and women s rights advocate Throughout her fifty year career Harriet Martineau s prolific literary output was matched only by her exchanges with a range of high profile British American and European correspondents This set focuses on the letters written by Martineau contextualising the correspondence through annotation of the highest standard This book is a unique and highly valuable resource for students of and others interested in the history of feminism

Blood Relations Chris Knight, 2013-10-15 The emergence of symbolic culture is generally linked with the development of the hunter gatherer adaptation based on a sexual division of labor This original and ingenious book presents a new theory of how this symbolic domain originated Integrating perspectives of evolutionary biography and social anthropology within a Marxist framework Chris Knight rejects the common assumption that human culture was a modified extension of primate behavior and argues instead that it was the product of an immense

social sexual and political revolution initiated by women Culture became established says Knight when evolving human females began to assert collective control over their own sexuality refusing sex to all males except those who came to them with provisions Women usually timed their ban on sexual relations with their periods of infertility while they were menstruating and to the extent that their solidarity drew women together these periods tended to occur in synchrony The result was that every month with the onset of menstruation sexual relations were ruptured in a collective ritualistic way as the prelude to each successful hunting expedition This ritual act was the means through which women motivated men not only to hunt but also to concentrate energies on bringing back the meat Knight shows how this hypothesis sheds light on the roots of such cultural traditions as totemic rituals incest and menstrual taboos blood sacrifice and hunters atonement rites Providing detailed ethnographic documentation he also explains how Native American Australian Aboriginal and other magico religious myths can be read as derivatives of the same symbolic logic      **Auction catalogues of books** Puttick and Simpson (messrs.),1846
