**Selected Letters of Leslie Stephen** John W. Bicknell, 1996-09-18 Since F W Maitland's *Life and Letters of Leslie Stephen* 1907 there has been no volume of the letters written by this extraordinary and eminent Victorian Alpinist literary critic god killer editor of *The Cornhill Magazine* and *The Dictionary of National Biography* biographer historian of ideas and father of Vanessa Bell and Virginia Woolf Stephen corresponded with a host of men and women including such notables as his American friends James Russell Lowell Justice Holmes and art historian Charles E Norton such contemporaries among the intelligentsia as John Morley Henry Sidgwick George Eliot Robert Louis Stevenson F W Maitland and Thomas Hardy and the members of his family Minny his first wife his sister in law Anny Ritchie his son Thoby and his best beloved second wife Julia In his letters always readable we find his enthusiasms his ironic humour his self doubt and self pity his anguish over his retarded child Laura his candour his lively portraits of people and places his delight in the young Nessa Ginia and Thoby and his direct and easy style as he responds to his reader's interests and needs This second volume follows the demanding years Stephen spent as Editor of *The Dictionary of National Biography* his happy life with Julia until her death in 1895 and his continuing devotion to literature a source of much solace in his last years

**Selected Letters of Leslie Stephen: 1864-1882** Leslie Stephen, 1996 [The Smell Of The Continent](#) James Munson, Richard Mullen, 2010-12-10 I remember being much amused last year when landing at Calais wrote Mrs Frances Trollope in her 1835 book *Paris and the Parisians* at the answer made by an old traveller to a novice making his first voyage What a dreadful smell said the uninitiated stranger it is the smell of the continent sir replied the man of experience And so it was Historians James Munson and Richard Mullen examine just what it was about the smell of the continent that so attracted British travellers in the hundred years from the fall of Napoleon to the outbreak of the First World War It was the first time in history that the British en masse set out to discover Europe Drawing on contemporary accounts diaries and letters Munson and Mullen offer a compelling portrait of the Victorians abroad many of them convinced that their country was not only vastly superior but also the envy of the world From the glowing review coverage Pure charm A N Wilson *Reader's Digest* An entertaining and sometimes surprising thought provoking history Sunday Times

**Virginia Woolf and the Lives, Works, and Afterlives of the Brontës** Hilary Newman, 2024-06-15 In her feminist polemic *A Room of One's Own* Virginia Woolf famously wrote of the comparatively recent literary tradition of female writers we think back through our mothers if we are women Woolf's major literary mothers were those women novelists writing during the Victorian period and earlier Virginia Woolf and the *Lives Works and Afterlives of the Brontës* examines all of Woolf's writings on the Brontës across a wide range of genres juvenilia novels literary essays feminist polemics diaries and letters This proves particularly fruitful as Woolf herself was both a creative artist and a literary critic As a woman she was ambivalent towards the Victorian world in which she spent her youth emotionally she remained in thrall to it but intellectually she developed the modernist novel After Woolf ceased to write publicly about the Brontës she

continued to engage with them through the Hogarth Press which she had founded in 1917 with her husband Leonard. She then chose to publish books on the Brontës whose approaches to them she supported. Newman approaches her subject in a Woolfian way that is she avoids dogmatism and aims to open up discussion of the lives, works and afterlives of the Brontës as mediated by Woolf rather than closing it down to one particular interpretation. *The Making of a Cultural Landscape* Jason Wood, John K. Walton, 2016-03-09. For centuries the English Lake District has been renowned as an important cultural, sacred and literary landscape. It is therefore surprising that there has so far been no in-depth critical examination of the Lake District from a tourism and heritage perspective. Bringing together leading writers from a wide range of disciplines, this book explores the tourism history and heritage of the Lake District and its construction as a cultural landscape from the mid-eighteenth century to the present day. It critically analyses the relationships between history, heritage, landscape, culture and policy that underlie the activities of the National Park, Cumbria Tourism and the proposals to recognise the Lake District as a UNESCO World Heritage Site. It examines all aspects of the Lake District's history and identity, brings the story up to date and looks at current issues in conservation policy and tourism marketing. In doing so, it not only provides a unique and valuable analysis of this region but offers insights into the history of cultural and heritage tourism in Britain and beyond.

**John Stuart Mill** Timothy Larsen, 2018-06-21. John Stuart Mill observed in his Autobiography that he was a rare case in nineteenth-century Britain because he had not lost his religion but never had any. He was a freethinker from beginning to end. What is not often realized, however, is that Mill's life was nevertheless impinged upon by religion at every turn. This is true both of the close relationships that shaped him and of his own internal thoughts. Mill was a religious sceptic but not the kind of person which that term usually conjures up. The unexpected presence and prominence of spirituality is not only there in Mill's late startling essay *Theism* in which he makes the case for hope in God and in Christ. It is everywhere in his immediate family, his best friends and his vision for the future. It is even there in such a seemingly unlikely place as his *Logic* which repeatedly addresses religious themes. *John Stuart Mill: A Secular Life* is a biography which follows one of Britain's most well-respected intellectuals through all of the key moments in his life from falling in love to sitting in Parliament and beyond. It also explores his classic works including *On Liberty*, *Principles of Political Economy*, *Utilitarianism* and *The Subjection of Women*. In this well-researched study which offers original findings and insights, Timothy Larsen presents the Mill you never knew. The Mill that even some of his closest disciples never knew. This is John Stuart Mill, the Saint of Rationalism, a secular life and a spiritual life.

**In the Hollow of the Wave** Bonnie Kime Scott, 2012-05-23. Examining the writings and life of Virginia Woolf, *In the Hollow of the Wave* looks at how Woolf treated nature as a deliberate discourse that shaped her way of thinking about the self and the environment and her strategies for challenging the imbalances of power in her own culture, all of which remain valuable in the framing of our discourse about nature today. Bonnie Kime Scott explores Woolf's uses of nature, including her satire of scientific professionals and amateurs, her parodies of the imperial conquest of land, her

representations of flora and fauna her application of post impressionist and modernist modes her merging of characters with the environment and her ventures across the species barrier In shedding light on this discourse of Woolf and the natural world Scott brings to our attention a critical neglected and contested aspect of modernism itself She relies on feminist ecofeminist and postcolonial theory in the process drawing also on the relatively recent field of animal studies By focusing on multiple registers of Woolf s uses of nature the author paves the way for more extended research in modernist practices natural history garden and landscape studies and lesbian queer studies
