Selected Letters Orations And Rhetorical Dialogues:

Selected Letters, Orations, and Rhetorical Dialogues Madeleine de Scudery, 2007-11-01 Madeleine de Scudery 1607-1701 was the most popular novelist in her time read in French in volume installments all over Europe and translated into English German Italian and even Arabic But she was also a charismatic figure in French salon culture a woman who supported herself through her writing and defended women's education She was the first woman to be honored by the French Academy and she earned a pension from Louis XIV for her writing *Selected Letters Orations and Rhetorical Dialogues* is a careful selection of Scudery's shorter writings emphasizing her abilities as a rhetorical theorist orator essayist and letter writer It provides the first English translations of some of Scudery's Amorous Letters only recently identified as her work as well as selections from her Famous Women or Heroic Speeches and her series of Conversations The book will be of great interest to scholars of the history of rhetoric French literature and women's studies *Dialogues and Addresses* Madame de Maintenon, 2007-11-01 Born Françoise d'Aubigné a criminal's daughter reduced to street begging as a child Madame de Maintenon 1653-1719 made an improbable rise from impoverished beginnings to the summit of power as the second secret wife of Louis XIV An educational reformer Maintenon founded and directed the celebrated academy for aristocratic women at Saint-Cyr This volume presents the dialogues and addresses in which Maintenon explains her controversial philosophy of education for women Denounced by her contemporaries as a political schemer and religious fanatic Maintenon has long been criticized as an opponent of gender equality The writings in this volume faithfully reflect Maintenon's respect for social hierarchy and her stoic call for women to accept the duties of their state in life But the writings also echo Maintenon's more feminist concerns the need to redefine the virtues in the light of women's experience the importance of naming the constraints on women's freedom and the urgent need to remedy the scandalous neglect of the education of women In her writings as well as in her own model school at Saint-Cyr Maintenon embodies the demand for educational reform as the key to the empowerment of women at the dawn of modernity **The Ashgate Research Companion to Women and Gender in Early Modern Europe** Jane Couchman, 2016-03-23 Over the past three decades scholars have transformed the study of women and gender in early modern Europe This Ashgate Research Companion presents an authoritative review of the current research on women and gender in early modern Europe from a multi-disciplinary perspective The authors examine women's lives ideologies of gender and the differences between ideology and reality through the recent research across many disciplines including history literary studies art history musicology history of science and medicine and religious studies The book is intended as a resource for scholars and students of Europe in the early modern period for those who are just beginning to explore these issues and this time period as well as for scholars learning about aspects of the field in which they are not yet an expert The companion offers not only a comprehensive examination of the current research on women in early modern Europe but will act as a spark for new research in the field *Novel Cleopatras* Nicole Horejsi, 2019-04-08

Advocating a revised history of the eighteenth century novel *Novel Cleopatras* showcases the novel's origins in ancient mythology its relation to epic narrative and its connection to neoclassical print culture *Novel Cleopatras* also rewrites the essential role of women writers in history who were typically underestimated as active participants of neoclassical culture often excluded from the same schools that taught their brothers Greek and Latin However as author Nicole Horejsi reveals a number of exceptional middle class women were actually serious students of the classics In order to dismiss the idea that women were completely marginalized as neoclassical writers Horejsi takes up the character of Dido from ancient Greek mythology and her real life counterpart Cleopatra the queen of Egypt Together the legendary Dido and historical Cleopatra serve as figures for the conflation of myth and history Horejsi contends that turning to the doomed queens who haunted the Roman imagination enabled eighteenth century novelists to seize the productive overlap among the categories of history romance the novel and even the epic

Feminist Geopolitics Deborah P. Dixon, 2016-04-15 What can unfold from an engagement of feminist issues concerns and practices with the geopolitical How does feminism allow for a reconfiguration of how these two elements the geo and the political are understood and related What kinds of objects can be located and put into motion What kinds of relations can be drawn between these What kinds of practice become valued And what is glossed or rendered absent in the process In this thought provoking and original contribution Deborah P Dixon cautions against the exhaustion of feminist geopolitics as a critique of both a classical and a critical geopolitics and points instead to how feminist imaginaries of Self Other and Earth allow for all manner of work to be undertaken Importantly one of the things they provide for is a reservoir of concerns thoughts and practices that can be reappropriated to flesh out what a feminist geopolitics can be While providing a much needed sustained interjection that draws out achievements to date the book thus gestures forward to productive lines of inquiry and method Grounded via a series of globally diverse case studies that traverse time as well as space *Feminist Geopolitics* feels for the borders of geopolitical thought and practice by navigating four complex and corporeally aware objects of analysis namely flesh bone touch and abhorrence

the Renaissance Benedict S. Robinson, 2016-12-05 Conversation is the beginning and end of knowledge wrote Stephano Guazzo in his *Civil Conversation* Like Guazzo's this is a book dedicated to the Renaissance concept of conversation a concept that functioned simultaneously as a privileged literary and rhetorical form the dialogue an intellectual and artistic program the humanists interactions with ancient texts and a political possibility the king's council or the republican concept of mixed government In its varieties of knowledge production the Renaissance was centrally concerned with debate and dialogue not only among scholars but also and perhaps more importantly among and with texts Renaissance reading practices were active and engaged such conversations with texts were meant to prepare the mind for political and civic life and the political itself was conceived as fundamentally conversational The humanist idea of conversation thus theorized the relationships among literature politics and history it was one of the first modern attempts to locate cultural production within a specific historical and political context The essays in this collection investigate the varied ways in which the Renaissance incorporated textual conversation and dialogue into its literary political juridical religious and social practices They focus on the importance of conversation to early modern understandings of ethics on literary history itself as an ongoing authorial conversation and on the material and textual technologies that enabled early modern conversations *A History of Early Modern Women's Writing* Patricia Phillippy, 2018-01-18

England, 1670-1750 Leah Orr, 2023 Based on a survey of nearly seven hundred works with female authors from this period this book contends that authorship was constructed not always by the author for market appeal that biography often supported an authorial persona rooted in the genre of the work and that authorship was a role rather than an identity

The Short Chronicle Jeanne de Jussie, 2007-11-01 Jeanne de Jussie 1503-61 experienced the Protestant Reformation from within the walls of the Convent of Saint Clare in Geneva In her impassioned and engaging Short Chronicle she offers a singular account of the Reformation reporting not only on the larger clashes between Protestants and Catholics but also on events in her convent devious city councilmen who lied to trusting nuns lecherous soldiers who tried to kiss them and iconoclastic intruders who smashed statues and burned paintings Throughout her tale Jussie highlights women's roles on

both sides of the conflict from the Reformed women who came to her convent in an attempt to convert the nuns to the Catholic women who ransacked the shop of a Reformed apothecary Above all she stresses the Poor Clares faithfulness and the good men and women who came to them in their time of need ending her story with the nuns arduous journey by foot from Reformed Geneva to Catholic Annecy First published in French in 1611 Jussie s Short Chronicle is translated here for an English speaking audience for the first time providing a fresh perspective on struggles for religious and political power in sixteenth century Geneva and a rare glimpse at early modern monastic life *Church Mother* Katharina Schütz Zell, 2007-11-01 Imbued with character and independence strength and articulateness humor and conviction abundant biblical knowledge and intense compassion Katharina Schütz Zell 1498 1562 was an outspoken religious reformer in sixteenth century Germany who campaigned for the right of clergy to marry and the responsibility of lay people women as well as men to proclaim the Gospel As one of the first and most daring models of the pastor s wife in the Protestant Reformation Schütz Zell demonstrated that she could be an equal partner in marriage she was for many years a respected if unofficial mother of the established church of Strasbourg in an age when ecclesiastical leadership was dominated by men Though a commoner Schütz Zell participated actively in public life and wrote prolifically including letters of consolation devotional writings biblical meditations catechetical instructions a sermon and lengthy polemical exchanges with male theologians The complete translations of her extant publications except for her longest are collected here in *Church Mother* offering modern readers a rare opportunity to understand the important work of women in the formation of the early Protestant church **Zayde** Marie-Madeleine Lafayette, 2007-11-01 Standing at the critical juncture between traditional romance and early novelistic realism *Zayde* is both the swan song of a literary tradition nearly two thousand years old and a harbinger of the modern psychological novel *Zayde* unfolds during the long medieval struggle between Christians and Muslims for control of the Iberian Peninsula Madame de Lafayette 1634 93 takes the reader on a Mediterranean tour typical of classical and seventeenth century romances from Catalonia to Cyprus and back again with battles prophecies and shipwrecks dotting the crisscrossed paths of the book s noble lovers But where romance was long and episodic *Zayde* possesses a magisterial architecture of suspense Chaste and faithful heroines and heroes are replaced here by characters who are consumed by jealousy and unable to love happily And unlike in traditional romance the reader is no longer simply expected to admire deeds of bravery and virtue but instead is caught up in intense first person testimony on the psychology of desire Unavailable in English for more than two centuries *Zayde* reemerges here in Nicholas Paige s accessible and vibrant translation as a worthy representative of a once popular genre and will be welcomed by readers of French literature and students of the European novelistic tradition **French Women Poets of Nine Centuries** Norman R. Shapiro, 2008-09-22 Original texts and translations are presented on facing pages allowing readers to appreciate the vigor and variety of the French and the fidelity of the English versions Divided into three chronological sections spanning the Middle Ages through the sixteenth
