**Literature and Feminism** Ashmita Khasnabish, 2022-12-16 This book analyses the resolution of the psychic problem of diasporic existence from a postcolonial feminist perspective by inscribing and defining the meaning of virtual diaspora through the lens of the East India and the West It explores the situation that arises when one leaves one s country and becomes an emigrant immigrant which often causes pain both in the departure from one s motherland and in the adaptation to a new environment The book employs the theory of Deleuze and Guattari and explores the interstices of real and virtual diaspora and the aftermath of diaspora as a mental journey Adding a new interpretation of transcendence taken from the Indian perspective the book examines the Deleuze s theory of immanence and transcendence and the two major concepts of becoming and real virtual The book also examines the works of Helene Cixous J M Coetzee Jhumpa Lahiri Kunal Basu and Tagore in light of the concept of virtual diaspora and from a postcolonial feminist angle It does so by raising the following questions When one has emigrated to a different country can one conceive of that existence as real or virtual or both Do emigrants or diasporic individuals live a life of both real and virtual diaspora This comes from the idea that both real and virtual diaspora under different paradigms may be related to the power struggle and master slave dialectic that affects all of humanity A valuable addition to the study of postcolonial literature the book will also be of interest to researchers in the fields of diaspora studies postcolonial feminist theory postcolonial literature feminist philosophy interdisciplinary studies and Asian Studies in particular South Asian Studies     **Translating Chinese Fiction** Tan Yesheng, 2024-06-28 Drawing on the

Chaudhuri,2018-09-20 Strategic thinking for a writer articulates itself as dislike and as allegiance In this wonderfully rich and diverse collection of essays Amit Chaudhuri explores the way in which writers understand and promote their own work in antithesis to writers and movements that have gone before Chaudhuri s criticism disproves and questions several assumptions that a serious and original artist cannot think critically in a way that matters that criticism can t be imaginative and creative work contain radical argumentation that a writer reflecting on their own position and practice cannot be more than a testimony of their work but open up how we think of literary history and reading Illuminating new ways of thinking about Western and non Western traditions prejudices and preconceptions Chaudhuri shows us again that he takes nothing as

a given literary tradition the prevalent definitions of writing and culture and the way the market determines the way culture and language express themselves He asks us to look again at what we mean by the modern and how it might be possible to think of the literary today     Dickens and the Virtual City Estelle Murail,Sara Thornton,2017-10-14 This book explores the aesthetic practices used by Dickens to make the space which we have come to know as the Dickensian City It concentrates on three very precise techniques for the production of social space counter mapping overlaying and troping The chapters show the scapes and writings which influenced him and the way he transformed them packaged them and passed them on for future use The city is shown to be an imagined or virtual world but with a serious aim for a serious game Dickens sets up a workshop for the simulation of real societies and cities This urban building with is transferable to other literatures and medial forms The book offers vital understanding of how writing and image work in particular ways to recreate and re enchant society and the built environment It will be of interest to scholars of literature media film urban studies politics and economics     **Travel, Modernism and Modernity** Robert Burden,2016-03-09 Focusing on the significance of travel in Joseph Conrad E M Forster D H Lawrence Henry James and Edith Wharton Robert Burden shows how travel enabled a new consciousness of mobility and borders during the modernist period For these authors Burden suggests travel becomes a narrative paradigm and dominant trope by which they explore questions of identity and otherness related to deep seated concerns with the crisis of national cultural identity He pays particular attention to the important distinction between travel and tourism at the same time that he attends to the slippage between seeing and sightseeing between the local character and the stereotype between art and kitsch and between older and newer ways of storytelling in the representational crisis of modernism Burden argues that the greater awareness of cultural difference that characterizes both the travel writing and fiction of these expatriate writers became a defining feature of literary modernism resulting in a consciousness of cultural difference that challenged the ethnographic project of empire     **A Compendium of Indian Writing in English** Sureya Sultana,2021-12-31     **A Room with a View, Where Angels Fear to Tread** E.M.
