Selected Theatre Criticism Vol 1 1900 1919:

The Emergence of the Modern American Theater, 1914-1929 Ronald Harold Wainscott, Ronald Harold, Wainscott, Wainscott, Ronald Harold Wainscott, 1997-01-01 Exploring the emergence of the modern American theatre in New York during a period of immense creative output and experimentation and against a backdrop of conflicting cultural economic and political events this text draws upon material from plays and productions in between 1914 1929 Broadway and Corporate Capitalism M. Schwartz, 2009-07-20 Through an examination of plays actors reviews and audience response of the period this study traces the development of Broadway as a source of mature American drama and the simultaneous development of Professional Managerial Class consciousness and habitus Women Pulitzer Playwrights Carolyn Casey Craig, 2004-11-05 In the first century of the coveted Pulitzer Prizes only 11 women have won the prize for drama Zona Gale 1921 Susan Glaspell 1931 Zoe Akins 1935 Mary Coyle Chase 1945 Ketti Frings 1958 Beth Henley 1981 Marsha Norma 1983 Wendy Wasserstein 1989 Paula Vogel 1998 Margaret Edson 1999 and Suzan Lori Parks 2002 This book is about them and their landmark plays beginning with Gale's *Miss Lulu Bett* which championed the unmarried woman forced to work in the home of a married relative and closing with Parks controversial *Topdog Underdog* which made her the first black woman to win the prize Drawn from personal interviews with the playwrights and research from archives and unpublished material this work shows how the stage art of women has reflected life in the American family and traces a strong thread of feminist history in our culture Overview chapters set the stage for each playwright and play with sketches of the time period highlighting the major points of women's experiences in culture society and the family Other chapters analyze each play in detail and discuss the playwright's life and opinions The book also includes a quick history of the Pulitzer Prize and a chapter honoring black female playwrights **The Critics' Canon** Richard Hudson Palmer, 1988-10-19 Palmer clearly states that his purpose is to explain 1) the ways of critics to theatre practitioners the ways of theatre to inexperienced reviewers and the dynamic convergence of theatre and critic to anyone interested in theatre The work is a well written primer for writers and it will be useful primarily to performers who object to unfavorable criticism without understanding the nature and purpose of reviewing Accessible to general readers and undergraduates Choice Palmer begins with an examination of the theatrical review as a medium for informing and entertaining theatregoers documenting events of artistic or community importance and supporting theatre through critical evaluation and publicity He next comments on how journalistic pressures affect reviewers Citing brief examples from hundreds of reviews the author devotes a chapter to each of the elements that needs to be covered in a review including performers script direction music and choreography together with stage and lighting design and other physical aspects of the production The final chapter develops criteria for assessing the strengths and weaknesses of a theatrical review based on aesthetic standards the cultural tastes of theatregoers and the interests of the community Palmer's experience as both a theatre professional and a journalist gives him an intimate understanding of the antagonism

that often develops between reviewers and those who feel themselves to be the target of irresponsible criticism His book provides a clear perspective on theatrical matters and guidelines that will help to improve standards of reviewing and create an appreciation of the essential relationship between the theatre and its critics *The Ziegfeld Follies* Ann Ommen van der Merwe, 2009-03-26 The Ziegfeld Follies A History in Song presents an account of the Follies through the musical productions contained in the show Accessing primary sources such as magazines and extant programs Ann Ommen van der Merwe has carefully researched the Follies reconstructing the songs dances and content of each annual production from 1907 to 1931 providing detailed descriptions of song performances In so doing the book demonstrates the important role of song in facilitating the comedy and spectacle for which the Follies are better known Ommen van der Merwe takes a broad chronological approach to the material addressing such issues as musical style lyrics and staging of individual songs In the process she identifies the historical trajectory of the Ziegfeld Follies delineating periods within its history like the development of the production values Ziegfeld was famous for the success of his spectacles his adaptation to changing times and his legacy She also considers the cultural and performance history of the Follies and its reflection of the society in which it developed An appendix lists the composer lyricist publisher and performer of each Follies song as well as a library collection or archive where a copy may be found The book also includes a collection of photographs a select discography bibliography and two indexes by song title and general subject Taking the Town Kolan Thomas Morelock, 2008-08-22 The relationship between a town and its local institutions of higher education is often fraught with turmoil The complicated tensions between the identity of a city and the character of a university can challenge both communities Lexington Kentucky displays these characteristic conflicts with two historic educational institutions within its city limits Transylvania University the first college west of the Allegheny Mountains and the University of Kentucky formerly State College An investigative cultural history of the town that called itself The Athens of the West Taking the Town Collegiate and Community Culture in Lexington Kentucky 1880 1917 depicts the origins and development of this relationship at the turn of the twentieth century Lexington s location in the upper South makes it a rich region for examination Despite a history of turmoil and violence Lexington s universities serve as catalysts for change Until the publication of this book Lexington was still characterized by academic interpretations that largely consider Southern intellectual life an oxymoron Kolan Thomas Morelock illuminates how intellectual life flourished in Lexington from the period following Reconstruction to the nation s entry into the First World War Drawing from local newspapers and other primary sources from around the region Morelock offers a comprehensive look at early town gown dynamics in a city of contradictions He illuminates Lexington s identity by investigating the lives of some influential personalities from the era including Margaret Preston and Joseph Tanner Focusing on literary societies and dramatic clubs the author inspects the impact of social and educational university organizations on the town s popular culture from the Gilded Age to the Progressive Era Morelock s work is an enlightening analysis of the

intersection between student and citizen intellectual life in the Bluegrass city during an era of profound change and progress Taking the Town explores an overlooked aspect of Lexington s history during a time in which the city was establishing its cultural and intellectual identity *Nineteenth Century Theatre* ,1987 Body Knowledge Mary Simonson,2013-11 This book traces the deployment of intermedial aesthetics in the works of early twentieth century female performers By destabilizing medial and genre boundaries these women created compelling and meaningful performances that negotiated turn of the century American social and cultural issues **Mrs. Leslie Carter** Craig Clinton,2006-11-10 Born Caroline Louise Dudley Mrs Leslie Carter was destined to become one of America s principal turn of the century actresses In 1889 a high profile divorce case labeled her an adulteress and sent her to the brink of poverty With characteristic resilience however Mrs Carter used infamy to her advantage Retaining her married name as an act of revenge against her ex husband she approached David Belasco one of the foremost playwright directors of the day and persuaded him to teach her the art of acting So began one of theatre s most prolific partnerships Not only did Belasco become Mrs Carter s acting coach he composed plays specifically as vehicles to showcase her particular talents Although their relationship ruptured in 1906 Mrs Carter continued to enjoy international renown Weathering the changing times and methods of the early twentieth century she persevered through stage silent movies and vaudeville shows This biography focuses particularly on Mrs Carter s successful career and on her professional partnership with David Belasco Spanning a period of radical transformation in American theatre her career reflected and endured the artistic changes which occurred during the decades on either side of the century mark Period photographs and theatrical art are included A Bibliography of Sources in Christianity and the Arts Daven Michael Kari,1995 Works have been selected primarily for their utility to those conducting research in the fine arts relating to Christianity and religion General categories covered include bibliographies of bibliographies aesthetics architecture cinema dance and mime drama and rhetoric electronic communications radio TV and video fabric arts literature music photography visual arts calligraphy to sculpture wit and humor Reference Books Bulletin, 1983-1984 American Library Association.
