Selected Works Of Nehru Vol34 Jawaharlal Nehru,2005-06-16 In this volume which covers the period from 21 June to 31 August 1956 Jawaharlal Nehru devotes a great deal of attention to the crisis over the nationalization of the Suez Canal and to other national and international issues The 1857 Indian Uprising and the Politics of Commemoration Sebastian Raj Pender,2022-05-05 The Cawnpore Well Lucknow Residency and Delhi Ridge were sacred places within the British imagination of India Sanctified by the colonial administration in commemoration of victory over the Sepoy Mutiny of 1857 they were read as emblems of empire which embodied the central tenets of sacrifice fortitude and military prowess that underpinned Britain's imperial project Since independence however these sites have been rededicated in honour of the First War of Independence and are thus sacred to the memory of those who revolted against colonial rule rather than those who saved it The 1857 Indian Uprising and the Politics of Commemoration tells the story of these and other commemorative landscapes and uses them as prisms through which to view over 150 years of Indian history Based on extensive archival research from India and Britain Sebastian Raj Pender traces the ways in which commemoration responded to the demands of successive historical moments by shaping the events of 1857 from the perspective of the present By telling the history of India through the transformation of mnemonic space this study shows that remembering the past is always a political act

Conflicting Visions Ryan Touhey,2015-05-15 In 1974 India shocked the world by detonating a nuclear device In the diplomatic controversy that ensued the Canadian government expressed outrage that India had extracted plutonium from a Canadian reactor donated only for peaceful purposes In the aftermath relations between the two nations cooled considerably As *Conflicting Visions* reveals Canada and India's relationship was turbulent long before the first bomb blast From the time of India's independence from Britain Ottawa sought to build bridges between Indian and the West through dialogue and foreign aid New Delhi however had a different vision for its future and throughout the Cold War mistrust between the two nations deepened Ryan Touhey draws on archival records personal papers and interviews from Canada India the United States and Britain to trace the breakdown of this complicated bilateral relationship In the process he deepens our understanding of the history of Canadian foreign aid and international relations during the Cold War *Intertwined Lives* Jairam Ramesh,2018-06-19 This is the first definitive biography of arguably India's most influential and powerful civil servant P N Haksar Indira Gandhi's alter ego during her period of glory Educated in the sciences and trained in law Haksar was a diplomat by profession and a communist turned democratic socialist by conviction He had known Indira Gandhi from their student days in London in the late 1930s even though family links predated this friendship They kept in touch and in May 1967 she plucked him out of his diplomatic career and appointed him secretary in the prime minister's Secretariat This is when he emerged as her ideological beacon and moral compass playing a pivotal role in her much heralded achievements including the nationalization of banks abolition of privy purses and princely privileges the Indo Soviet Treaty the creation of

Bangladesh rapprochement with Sheikh Abdullah the Simla and New Delhi Agreements with Pakistan the emergence of the country as an agricultural space and nuclear power and later the integration of Sikkim with India This power and influence notwithstanding Haksar chose to walk away from Indira Gandhi in January 1973 She however persuaded him to soon return first as her special envoy and later as deputy chairman of the Planning Commission where he left his distinctive imprint Exiting government once and for all in May 1977 he then continued to be associated with a number of academic institutions and became the patron for various national causes like protecting India's secular traditions propagating of a scientific temper strengthening the public sector and deepening technological self reliance Successive prime ministers sought his counsel and in May 1987 he initiated the reconstruction of India's relations with China He remained an unrepentant Marxist and one of India's most respected elder statesman and leading public figures till his death in November 1998 Drawing on Haksar's extensive archives of official papers memos notes and letters Jairam Ramesh presents a compelling chronicle of the life and times of a truly remarkable personality who decisively shaped the nation's political and economic history in the 1960s and 1970s that continues to have relevance for today's India as well Written in Ramesh's inimitable style this work of formidable scholarship brings to life a man who is fast becoming a victim of collective amnesia Tibet Lezlee Brown Halper, Stefan Halper, 2014-04-01 The mythologizing of Tibet in the West and the Himalayan state's subsequent abandonment to China are recounted in this briskly paced and revealing new history *Norms and Politics* Arvind Elangovan, 2019-04-08 During the twilight of British rule in India a little known civil servant Sir Benegal Narsing Rau 1887-1953 was sought after by the ruling elites both British and Indian for his immense knowledge of the nature and working of the constitutions of the world as well as his reputation for being just and impartial between competing political interests Yet Rau's ideas and his voice have largely been forgotten today By examining Rau's constitutional ideas and following their trajectory in late colonial Indian politics this book shows how the process of the making of the Indian constitution was actually never separated from the politics of conflict that dominated this period This book demonstrates that it is only by foregrounding this political history that we can simultaneously remember Rau's critical contributions as well as understand why he was forgotten in the first place

Superstates Alasdair Roberts, 2022-11-29 In this century the world will conduct an extraordinary experiment in government In 2050 forty percent of the planet's population will live in just four places India China the European Union and the United States These are superstates polities that are distinguished from normal countries by expansiveness population diversity and complexity How should superstates be governed What must their leaders do to hold these immense polities together in the face of extraordinary strains and shocks Alasdair Roberts looks to history for answers Superstates he contends wrestle with the same problems of leadership control and purpose that plagued empires for centuries But they also bear heavier burdens than empires including the obligation to improve life for ordinary people and respect human rights One axiom of history was that empires always died Size and complexity led to fragility and imperial rulers improvised constantly to put off the day of reckoning Leaders of superstates are doing the same today pursuing radically different strategies for governing at scale that have profound implications for democracy and human rights History shows that there are ways to govern these sprawling and diverse polities well But this requires a different way of thinking about the art and methods of statecraft

Women and The Post.Colonial Indian State Dr. Nilendra Bardiar, 2022-03-15 The object of this book is to look into some aspects of law making policy formulations and implementation of the constitutional and legal provisions etc by the post colonial state in India vis vis gender justice and women empowerment and will try to examine the State's perspective on gender relations This will lead to theorizing the nature and character of the Post colonial State from a gender perspective The book will also go into the participation of women in the movement for their rights and the role of women's socio political organizations in the process While the primary concern of the book will be the post colonial period yet to put the things in the right perspective and to bring the context it may be necessary to dwell briefly upon the pre 1947 period also especially the period of 1920 onwards to understand the working of the post colonial state in the aftermath of Independence During the colonial period the construction of woman as an individual and as a social familial being in the Gandhian discourse and Nehruvian vision's divergence from it in the post colonial period is too important to be left out the scope of this book

Nehru and Bose Rudrangshu Mukherjee, 2015-09-15 Nobody has done more harm to me than Jawaharlal Nehru wrote Subhas Chandra Bose in 1939 Had relations between the two great nationalist leaders soured to the extent that Bose had begun to view Nehru as his enemy But then why did he name one of the regiments of the Indian National Army after Jawaharlal And what prompted

Nehru to weep when he heard of Bose's untimely death in 1945 and to recount soon after I used to treat him as my younger brother Rudrangshu Mukherjee's fascinating book traces the contours of a friendship that did not quite blossom as political ideologies diverged and delineates the shadow that fell between them for Gandhi saw Nehru as his chosen heir and Bose as a prodigal son

The Non-Aligned Movement and the Cold War Natasa Miskovic, Harald Fischer-Tiné, Nada Boskovska, 2014-04-16 The idea of non alignment and peaceful coexistence was not new when Yugoslavia hosted the Belgrade Summit of the Non Aligned in September 1961 Freedom activists from the colonies in Asia Africa and South America had been discussing such issues for decades already but this long lasting context is usually forgotten in political and historical assessments of the Non Aligned Movement This book puts the Non Aligned Movement into its wider historical context and sheds light on the long term connections and entanglements of the Afro Asian world It assembles scholars from differing fields of research such as Asian Studies Eastern European and Southeast European History Cold War Studies Middle Eastern Studies and International Relations In doing so this volume looks back to the ideological beginnings of the concept of peaceful coexistence at the time of the anticolonial movements and at the multi faceted challenges of foreign policy the former freedom fighters faced when they established their own decolonized states It analyses the crucial role Yugoslav president Tito played in his determination to keep his country out of the blocs and finally examines the main achievement of the Non Aligned Movement to give subordinate states of formerly subaltern peoples a voice in the international system An innovative look at the Non Aligned Movement with a strong historical component the book will be of great interest to academics working in the field of International Affairs international history of the 20th century the Cold War Race Relations as well as scholars interested in Asian African and Eastern European history
