Selections From Ars Amatoria Remedia Amoris:

Ovid: Ars Amatoria Graves H. Thompson, 1997 Introduction with chapters on Ovid's life and suggestions on reading the Ars Amatoria Original Latin texts based on the 1916 Teubner edition by R Ehwald with changes in readings spellings and punctuation Line by line notes English's **Selections from Ars amatoria, Remedia amoris of Ovid** Ovid, 1952 **The Art of Love** Roy Gibson, Steven Green, Alison Sharrock, 2007-01-04 The Art of Love celebrates the bi-millennium of Ovid's cycle of sophisticated and subversive didactic poems on love traditionally assumed to have been brought to completion around AD 2 Ars Amatoria The Art of Love and Remedia Amoris Cures for Love which purport to teach young Roman men and women how to be good lovers were partly responsible for the poet's exile from Rome under the emperor Augustus None the less they exerted great influence over ancient and later love poetry This is the first collection in English devoted to the poems and brings together many of the leading figures in the field of Latin literature and Ovidian studies from the British Isles Germany Italy and the United States It offers a range of perspectives on the poetics politics and erotics of the poems beginning with a critical survey of recent research and concluding with papers on the ancient medieval and modern reception of the poems **Selections from the Ars Amatoria and Remedia Amoris of Ovid** Publius Ovidius Naso, 1964

Selections From the Ars Amatoria and Remedia Amoris. With Introd., Notes, and Vocabulary by Graves Haydon Thompson. (Reprinted With Corrections). Ovid, Graves Haydon Thompson (Ed), 1953 *Selections from the Ars Amatoria and Remedia Amoris of Ovid* Ovid, 1953 **Selections from the Ars amatoria and Remedia amoris of Ovid** Ovid, 1958

The Offense of Love Ovid, 2014 This work brings together a selection of the author's articles written over a period of 20 years observing the place of alcohol in American culture The text also contains several ethnographic studies of bars in San Diego and a study of court-mandated programmes for drink drivers **An Ovid Workbook** Charbra Adams Justin, Phyllis B. Katz, 2006-01-01 **Selections from Ovid** Ovid, 1905 The Love Books of Ovid Ovid, 1930 This is Julian May's translation of Ovid's erotic works The Amores the Loves Ars Amatoria the Art of Love Remedia Amoris The Cure for Love and the fragmentary Medicamina Faciei Feminae Women's Facial Cosmetics This version was published in 1930 in a limited edition with sensual art deco illustrations by Jean de Bosschere In the Amores published about 18 BCE Ovid portrays the evolution of an affair with a married woman named Corinna It is unclear as to whether this is fictional or autobiographical but it is obviously based on the experiences of a sophisticated lover The Ars Amatoria published about 1 BCE is a guidebook for seduction it includes many tips and tricks which would not be out of place in a modern dating manual while giving intimate vignettes of daily life in Ancient Rome The first two books are written from a male point of view the last book which was probably written at a later date is addressed to women It is believed that this work which celebrates extramarital sex was one of the reasons that Ovid was banished by the Emperor Augustus who was attempting to promote a more austere morality

The Language of Sex John W. Baldwin, 1994 The result is a fascinating dialogue of how these representatives agreed or

disagreed with ignored imitated or responded to each other at a critical moment in the development of European ideas about sexual desire fulfillment morality and gender This heterogeneous discussion also offers a startling glimpse into the construction of gender specific to this moment when men and women enjoyed equal status in sexual matters if nowhere else In a pervasively patriarchal society where male dominance was virtually unquestioned sexual relations appear here as an exception In varied ways each spokesman argues for the equality of men and women in sexual matters a proposition that received scientific undergirding from the Galenic theory of the two sperm distributed between male and female and that would give way in the thirteenth century to the Aristotelian theory of the single male sperm

Ovid's Terence Iris Brecke, 2023-11-20 This book investigates the complex reception of Terence in Ovid and a number of allusions to the Terentian comedies in the love elegies and the exilic elegiac epistle Tristia 2 The genres of Latin love elegy and New Comedy are often seen as closely connected in research and one leading view is that Latin love elegy to a large degree springs out of the comic genre However though both genres are strongly rooted in social practise and presents interpersonal relationships in a non mythological everyday setting there are also major differences between them Marriage for instance is the conventional goal for the young lover withing the comic genre whereas the elegiac lover should avoid it Taking into account both the similarities and the crucial differences between the comic genre and Latin love elegy and key elegiac topoi such as seruitium amoris and militia amoris this book demonstrates an intricate connection between Ovid and Terence and a complex nexus of allusions that goes straight to the core of Ovid's elegiac authorship Winner of the Trends in Classics Book Prize 2023

Ovid Heroides: A Selection John Godwin, 2016-04-07 This is the OCR endorsed publication from Bloomsbury for the Latin A Level Group 4 prescription of Ovid's Heroides giving full Latin text commentary and vocabulary for Heroides VI lines 1 100 and 127 64 and X lines 1 76 and 119 50 A detailed introduction covers the prescribed text to be read in English placing the poems in their Roman literary context The heroines of the Heroides are women in love who can do nothing but write sad verse letters to their faithless lovers across the sea They tell their stories and express their feelings in poetry of great power and psychological subtlety Hypsipyle in VI and Ariadne in X are feminists before feminism royal ladies who are slaves to their passion these women are given a voice by Ovid in poetry which is at once simple and sophisticated heartfelt and yet also full of irony and literary resonance
