Gunn's *The Little Black Princess: A True Tale of Life in the Never Never Land* is a captivating narrative that delves into the relationship between a European woman and an Indigenous Australian girl in the remote Australian outback. Gunn's literary style is characterized by vivid descriptions of the harsh yet beautiful landscape as well as sensitive portrayals of the cultural clashes and misunderstandings that occur in this setting. The book is a significant contribution to Australian literature, offering readers a glimpse into the complexities of race relations and colonialism during the early 20th century. Jeannie Gunn, also known as Mrs Aeneas Gunn, was a pioneering author who drew inspiration from her own experiences living in the Australian outback. Her firsthand knowledge of the challenges and triumphs of life in the bush shines through in this novel, making it a powerful and authentic portrayal of a bygone era. I highly recommend *The Little Black Princess* to readers interested in Australian literature, colonial history, and cross-cultural relationships. Gunn's thoughtful exploration of identity, belonging, and empathy makes this book a compelling and thought-provoking read for anyone interested in issues of diversity and inclusion.

Smith, Kristine Moruzi, Clare Bradford, 2018-01-01 *From Colonial to Modern* examines representations of girls in Canadian, Australian, and New Zealand girls' literature to trace how colonial authors transformed British feminine norms to produce transnational ideals and modern nationalised femininities.

Ijamama Speaks: Wisdom of a Black Sistah from the Urban Hood Frederick Douglas Harper, 2017-03-25 *Ijamama Speaks* is a hilarious satire. Ijamama is a woman from the urban hood who is accidentally discovered by a feminist magazine. Hot Heifer after she stood up to a sexist law that allowed men to be topless in public but not women. A published interview of Ijamama in Hot Heifer magazine leads to her cohosting a feminist late night TV show and eventually getting her own late night TV show. The Ijamama Tell It Like It Is Midnight Show targeted to urban blacks, college students, and working class women. Although very funny, *Ijamama Speaks* presents meaningful lessons about rightful living and quality living through dialogues of host Ijamama with her diverse TV guests. Some of her guests include Celibate Dude, Lead Belly, Benevolent Angel, Smart Ass White Boy, Dr Fartenstein, PumpDaddy, Spiritual Teacher, Bootylicious Queens, Preacher Teacher, Little Red Rapper from da Hood, and HoneyBaby.

The Australian Country Girl: History, Image,

Experience Catherine Driscoll, 2016-03-23 The Australian Country Girl History Image Experience offers a detailed analysis of the experience and the image of Australian country girlhood In Australia country girl names a field of experiences and life stories by girls and women who have grown up outside of the demographically dominant urban centres But it also names a set of ideas about Australia that is surprisingly consistent across the long twentieth century despite also working as an index of changing times For a long period in Australian history well before Federation and long after it public and popular culture openly equated Australian character with rural life This image of Australian ness sometimes went by the name of the bush man now a staple of Australian history This has been counterbalanced post World War II and increased immigration by an image of sophisticated Australian modernity located in multicultural cities These images of Australia balance rather than contradict one another in many ways and the more cosmopolitan image of Australia is often in dialogue with that preceding image of the bush This book does not offer a corrective to the story of Australian national identity but rather a fresh perspective on this history and a new focus on the ever changing experience of Australian rural life It argues that the country girl has not only been a long standing counterpart to the Australian bush man she has more importantly figured as a point of dialogue between the country and the city for popular culture and for public sphere narratives about Australian society and identity

Relative Races Brigitte Fielder,2020-09-21 In *Relative Races* Brigitte Fielder presents an alternative theory of how race is ascribed Contrary to notions of genealogies by which race is transmitted from parents to children the examples Fielder discusses from nineteenth century literature history and popular culture show how race can follow other directions Desdemona becomes less than fully white when she is smudged with Othello s blackface a white woman becomes Native American when she is adopted by a Seneca family and a mixed race baby casts doubt on the whiteness of his mother Fielder shows that the genealogies of race are especially visible in the racialization of white women whose whiteness often depends on their ability to reproduce white family and white supremacy Using black feminist and queer theories Fielder presents readings of personal narratives novels plays stories poems and images to illustrate how interracial kinship follows non heteronormative non biological and non patrilineal models of inheritance in nineteenth century literary culture

Princess Nosey from the Land of Rosey Anita O. Brown,2013-07-05 This has inspired her to capture on paper some of the once in a lifetime preciously innocent and often times hilarious moments that she survived through while raising her 3 children This is just one book out of a series of three that was inspired by the tender moments she has shared particularly within the first 10 years of her childrens lives So if you need a moment to pretend that all is well in the world turn off the evening news grab your children and snuggle up in a chair real close and drift off into a world full of childish giggles and pure innocent laughter And dont forget to tell your kids just how much you LOVE and ADORE them

Reading Race Clare Bradford,2013-05-09 How do children s books relate to the cultures that produce them and how do they influence those cultures In *Reading Race* Clare Bradford looks at representations of Australia s indigenous peoples in texts for children She shows how these varying representations have

helped to colour the attitudes beliefs and assumptions of different generations of Australians To what extent have children s books enabled readers to understand Aboriginal culture relations between Aboriginal and non Aboriginal people and relationships between Aboriginality and national identity Bradford draws on examples from popular and literary children s books of all genres fiction non fiction picture books and school texts She reveals that many children s books display the tensions and uncertainties inherent in relations between Aboriginal and non Aboriginal people Bradford also uncovers the different ideologies of race that have informed Australian children s texts from the nineteenth century to currently popular writers demonstrating cultural shifts in the representation of Aboriginality over time The result is a ground breaking and intelligent picture of how Australian children s books by both white and Aboriginal writers have negotiated the matter of race Reading Race will enhance the ways in which we come to read and understand the complex and delicate issues around Aboriginal white relations It will be an invaluable resource in the fields of post colonial studies Indigenous and Aboriginal studies literary and cultural studies and children s literature
