## **Selections From The Untitled Apocalypse Of The Codex Brucianus:**

*Fragments Of A Faith Forgotten* G. R. Mead, 1997-07 1906 Some short sketches among the Gnostics mainly of the first two centuries A contribution to the study of Christian origins They strove for the knowledge of God the science of realities the gnosis of the things that are wisdom was their goal *The Gnosis of the Light: a Translation of the Untitled Apocalypse Contained in the Codex Brucianus* Bruce Codex, 1918 **Pistis Sophia Revised** G. R. S. Mead, **Thrice-greatest Hermes: Excerpts and fragments** George Robert Stow Mead, 1906 **Fragments of a Faith Forgotten** George Robert Stow Mead, 1906 *Excerpts and fragments* Hermes (Trismegistus.), George Robert Stow Mead, 1906 **Frangements of a Faith Forgotten** G.R.S. Mead, 2017-08-02 The writing of the present work has been a congenial task to Mr Mead and he has brought to bear lovingly and zealously upon the portraiture of the figure of Christ and of early Christianity all the knowledge which a deep study of Oriental religions from their emotional side could furnish The outset that there is very little of what is commonly regarded as the Theosophic method apparent in the work which is the product of a scholarly though withal very devotional spirit Mr Mead's aim has been to enable the reader to obtain a glimpse of a world of which he has never heard at school and of which no word is ever breathed from the pulpit to take him away from the pictures which the rationalists and the apologists have presented and to enable him to obtain an unimpeded view of that wonderful panorama of religious strife which the first two centuries of our era presented He will here see a religious world of immense activity a vast upheaval of thought and a strenuousness of religious endeavor to which the history of the Western world gives no parallel Thousands of schools and communities on every hand striving and contending a vast freedom of thought a mighty effort to live the religious life Here he finds innumerable points of contact with other religions he moves in an atmosphere of freedom of which he has previously had no experience in Christian tradition Who are all these people not fishermen and slaves and the poor and destitute though those are striving too but these men of learning and ascetic life saints and sages as much as many others to whom the name has been given with far less reason *Pistis Sophia and The Corpus Hermeticum*, 1947-01-01 It came to pass when Jesus had risen from the dead that he passed eleven years discoursing with his disciples and instructing them only up to the regions of the First Commandment and up to the regions of the First Mystery that within the Veil within the First Commandment which is the four and twentieth mystery without and below those four and twenty which are in the second space of the First Mystery which is before all mysteries the Father in the form of a dove What the First Mystery surroundeth And Jesus said to his disciples I am come forth out of that First Mystery which is the last mystery that is the four and twentieth mystery And his disciples have not known nor understood that anything existeth within that mystery but they thought of that mystery that it is the head of the universe and the head of all existence and they thought it is the completion of all completions because Jesus had said to them concerning that mystery that it surroundeth the First Commandment and the five Impressions and the great Light and the five Helpers and the whole Treasury of the Light And

moreover Jesus had not told his disciples The regions of the great Invisible the total expansion of all the regions of the great Invisible and of the three triple powers and of the four and twenty invisibles and all their regions and their ons and their orders how they are extended those which are the emanations of the great Invisible and their ungenerated and their self generated and their generated and their light givers and their unpaired and their rulers and their authorities and their lords and their archangels and their angels and their decans and their servitors and all the houses of their spheres and all the orders of every one of them The Treasury of the Light And Jesus had not told his disciples the total expansion of the emanations of the Treasury nor their orders how they are extended nor had he told them their saviours according to the order of every one how they are nor had he told them what guard is at every gate of the Treasury of the Light nor had he told them the region of the Twin saviour who is the Child of the Child nor had he told them the regions of the three Am ns in what regions they are expanded nor had he told them into what region the five Trees are expanded nor as to the seven Am ns that is the seven Voices what is their region how they are expanded The Light world And Jesus had not told his disciples of what type are the five Helpers nor into what region they are brought nor had he told them how the great Light hath expanded itself nor into what region it hath been brought nor had he told them of the five Impressions nor as to the First Commandment into what region they have been brought But he had discoursed with them generally teaching that they exist but he had not told them their expansion and the order of their regions how they are For this cause they have not known that there were also other regions within that mystery And he had not told his disciples I have gone forth out of such and such regions until I entered into that mystery and until I went forth out of it but in teaching them he said to them I am come forth from that mystery For this cause then they thought of that mystery that it is the completion of completions and that it is the head of the universe and that it is the total Fulness For Jesus had said to his disciples That mystery surroundeth that universe of which I have spoken unto you from the day when I met with you even unto this day For this cause then the disciples thought there is nothing within that mystery

**Thrice-Greatest Hermes** G. R. S. Mead, 2013-11-08 This is the edition including all three books and a detailed essay about Hermeneutics The so called Hermetic writings have been known to Christian writers for many centuries The early church Fathers Justin Martyr Tertullian Clement of Alexandria quote them in defense of Christianity Stobaeus collected fragments of them The Humanists knew and valued them They were studied in the sixteenth and seventeenth centuries and in modern times have again been diligently examined by many scholars G R S Mead has issued a translation of the whole body of extant literature with extended prolegomena commentary etc There is a wide difference of opinion as to the date at which this literature was produced Mead believes that some of the extant portions of it are at least as early as the earliest Christian writings while von Christ assigns them to the third Christian century and thinks that they show the influence of neo Platonism To affirm that they influenced New Testament usage would be hazardous but they perhaps throw some light on the direction in which thought was moving in New Testament times The Westminster

Review ,1906      **The Cosmic Procession** Frances Swiney,1906      *Soma* David L. Spess,2000-08-01 The definitive work on the ancient Hindu soma rituals mentioned in the Vedas and debated by scholars for decades The first book to identify the mysterious soma plant A breakthrough book that reenvisions the role of psychoactive plants in religion Soma has been shrouded in mystery for centuries It is simultaneously a sacred hallucinogenic plant used in secret rituals a personified God and an important cosmological principle Summarizing all previous research on the subject David Spess goes far beyond his predecessors and shows that soma provides an important key to the understanding of the earliest systemized methods of medicine psychology magic rejuvenation longevity and alchemy Most significant is that his intensive research provides the most compelling case yet for actual identification of the plants that served as the basis for the divine hallucinogen *Nelumbo nucifera* the sacred lotus of India as well as some members of the *Nymphaea* genus With the renewed interest in the ritual use of psychoactive substances shamanism psychic phenomena and alternative modalities of healing Soma provides a much needed bridge between Eastern and Western esoteric traditions Contained within the enigmatic verses about soma in the Rig Veda is a secret about ourselves and the nature of our relationship to the world and cosmos Soma makes this knowledge available to us once again      **Pistis Sophia** Anonymous,2021-10-21 Pistis Sophia is a Gnostic text written between the 3rd and 4th centuries AD The existing manuscript relates one Gnostic group s teachings of the transfigured resurrected Jesus to the assembled disciples including his mother Mary Mary Magdalene and Martha In this text the risen Jesus had spent eleven years speaking with his disciples teaching them only the lower mysteries After eleven years he receives his true garment and is able to reveal the higher mysteries revered by this group Cosmology is a primary focus of the Pistis Sophia learning the structure of the universe and how to traverse it is considered key in these texts and the cosmology is one of the most complex from any Gnostic text remaining today in Pistis Sophia the Sophia as major female divinity originates and dwells outside of the divine realm Her fall and redemption parallel that found in versions of the Sophia myth such as that in the Apocryphon of John but the actions all take place in the material aeons and she can only be restored to her place in the thirteenth aeon outside the Kingdom of Light The Pistis Sophia is a startling blend of early Christianity and Hellenic Paganism with other elements such as reincarnation Astrology Mystery religion and Hermetic magic      **Hidden Gospels** Philip Jenkins,2002-12-05 This incisive critique thoroughly and convincingly debunks the claims that recently discovered texts such as the Gospel of Thomas the Gospel of Mary and even the Dead Sea Scrolls undermine the historical validity of the New Testament Jenkins places the recent controversies surrounding the hidden gospels in a broad historical context and argues that far from being revolutionary such attempts to find an alternative Christianity date back at least to the Enlightenment By employing the appropriate scholarly and historical methodologies he demonstrates that the texts purported to represent pristine Christianity were in fact composed long after the canonical gospels found in the Bible Produced by obscure heretical movements these texts have attracted much media attention chiefly because they seem to support radical feminist and post

modern positions in the modern church Indeed Jenkins shows how best selling books on the hidden gospels have been taken up by an uncritical drama hungry media as the basis for a social movement that could have powerful effects on the faith and practice of contemporary Christianity     *Pistis Sophia* G. R. S. Mead,2012-03-13 This important historical document chronicles the teachings of Jesus who explains life s mysteries to his disciples and Mary Magdalene Their discussions take place after Christ s resurrection and include accounts of his ascension     *The Gnôsis of the Light* F. Lamplugh,1918     *The Gnôsis of the Light. A Translation of the Untitled Apocalypse Contained in the Codex Brucianus, with Introduction and Notes by Rev. F. Lamplugh* BRUCE CODEX.,Alfred Amoz Fletcher LAMPLUGH,1918     **Pistis Sophia** George Robert Stow Mead,1921     **Reference Catalogue of Current Literature** ,1928     A Gnostic Miscellany: Being for the Most Part Extracts from the Books of the Saviour, to which are Added Excerpts from a Cognate Literature Pistis Sophia,1955
