titled "The Great Wall of China" at the Museum of  
Contemporary Art, Chicago, April 20 through May 10, 1983.

Works by a single artist are grouped chronologically by time of acquisition, in order to indicate the process of collecting. Artists' gallery showings have been included where pertinent, because a large number of works were purchased out of these exhibitions. Exhibitions and retrospectives have been taken from the gallery files, and in some cases may be complete. A list may also have been given by the Museum of the temporary list, and put in the collection of the Art Institute of Chicago, have been included. There are included in a small list

*Martin Puryear* John Elderfield,2007 Over the last 30 years Martin Puryear has created a body of work that defies categorization creating sculpture that looks at identity culture history This book accompanies an exhibition at The Museum of Modern Art that follows Puryear s development from his first solo show to works being presented for the first time      **Bruce Nauman** Bruce Nauman,2002-05-29 From the beginning I was trying to see if I could make art that did that Art that was just there all at once Like getting hit in the face with a baseball bat Or better yet like getting hit in the back of the neck You never see it coming it just knocks you down I like that idea very much the kind of intensity that doesn t give you any trace of whether you re going to like it or not Bruce Nauman Bruce Nauman s art is about heightened awareness awareness of spaces we usually don t notice the one under the chair out of which he made a sculpture and sounds we don t listen for the one in the coffin awareness of emotions we suppress or dread It s hard to feel indifferent to work like his Michael Kimmelman New York Times One of America s most important artists Bruce Nauman has worked in a dazzling variety of media since the mid 1960s sculpture photography performance installation sound holography film and video What has been a constant throughout his career however is his persistence in exploring both art as an investigation of the self and the power of language to define that self The latest volume in the acclaimed Art Performance series is the first book to combine the key critical writings on Nauman with the artist s own writings and interviews with him as well as images of his work Bruce Nauman offers a multifaceted portrait of an artist whose determination to experiment with style and form has created a body of work as eclectic and perhaps more influential than that of any other living American artist      Plane Image Gary Garrels,2006 Bruce Marden A Retrospective ISBN 0 87070 446 X 978 0 87070 446 8 Hardcover 11 5 x 9 5 in 240 pgs 248 color U S 60 00 CDN 72 00 October Art      **Library Catalog of the Metropolitan Museum of Art, New York** Metropolitan Museum of Art (New York, N.Y.). *The Worldwide Art Catalogue Bulletin* ,1986      *Made in U.S.A.* Sidra Stich,University Art Museum Berkeley,1987-01-01 Made in U S A takes a new look at American art of the 1950s and 1960s and shows us how American it was This is a provocative study of those artists who appropriated everyday images from the world of mass media and suburban living and forced their viewers into a sometimes witty sometimes bittersweet confrontation with the realities of living in late twentieth century America      **Joel Shapiro** Hendel Teicher,1998-09 The most comprehensive presentation ever published of the work

of preeminent American sculptor Joel Shapiro who came of age with the Post Minimalist generation of the 1970s Shapiro is especially known for his work for the Holocaust Memorial Museum in Washington D C This volume offers extensive documentation on the artist s life and complete works 295 illustrations 90 in color     *Body & Soul* Sarah Rogers-Lafferty,1985     *From America's Studio* ,1992     **Broken Wings** Donald Lipski,Hillwood Art Gallery,1987     **Building Steam** Donald Lipski,1985     *Anderer Leute Kunst* ,1987     John Chamberlain Julie Sylvester,John Chamberlain,1986     **Kounellis** Eduardo Cicelyn,Jannis Kounellis,Mario Codognato,2006 Arte Povera was never an art simply to look at but to experience with every sense and this richly illustrated retrospective exemplifies the ways in which the Italian movement went beyond a Minimalist preoccupation with the visual apprehension of form and process as Jannis Kounellis is one of the most highly esteemed exponents of the movement This monograph offers a rare opportunity to fully experience the confrontation of Kounellis s bold works as they were intended     *Réalité Aménagée* Andrea Kunard,Scott McFarland,2009     *Brice Marden, Paintings and Drawings* Klaus Kertess,Brice Marden,1992 Brice Marden s art is deceptively austere Within the seemingly narrow color range of his paintings and drawings he orchestrates remarkable thematic variations of color light scale and mood His monochromatic gray palette of the 1960s expressing a vocabulary of ambiguities gave way to limpid motions and a neoclassical exploration of color and light relationships Kertess a curator at New York City s Whitney Museum links the elemental grace of Marden s more recent works to this American artist s summer sojourns on Hydra a Greek island in the Aegean Sea In Marden s organic cellular structures Kertess sees the influence of Chinese calligraphy and Marden s trips to the Far East Illustrated with 158 plates 133 in color this handsome monograph follows Marden s metamorphosis from a pure abstractionist to an artist seeking to objectify the spiritual as he does in his Annunciation series and in the Elements which are symbolic paintings rooted in medieval alchemy
