Self Abuse:

What Do I Do When Teenagers are Victims of Abuse? Steven Gerali, 2010-02-23 Nobody can prepare you for all the issues you'll encounter when it comes to teenagers. Whether you work with teens or are trying to parent them, chances are that you've already run into a few things that you felt completely unprepared or ill-equipped to deal with. You're not alone. In this hard-hitting series of books, you'll find answers to the difficult questions you face when challenges arise. In What Do I Do When Teenagers are Victims of Abuse, Dr. Steven Gerali will help you grasp the realities and myths associated with abuse. Explore how theology informs the issue. Understand the different forms of abuse teens encounter, such as physical, emotional, sexual, and self-abuse. Identify the profile of abusers. Learn your role in mandated reporting. Equip teens to identify and avoid abusive situations or relationships. With this practical book, you'll have what you need to identify and help victims of abuse, and you'll find plenty of resources for help beyond what you're able to give. *Abuse: Who Pays the Price?* Nuel Onowuko, 2014-02 Everyone suffers and pays the price for abuse, directly or indirectly, but the degree to which we respond is largely determined by our knowledge of the abuse, creating stimuli, real or abstract, and how to break the circle. Were you abused as a child? Are you being abused, and you do not know it? Are you perpetuating an abuse without knowing you are? Are you being swept along with the pleasure mad throng of an abusive environmental influence and think it normal? Are you bound in an abuse in your quest for freedom? Do you consistently rationalize your error even when conscience tells you that you are wrong? Do you appropriate abuse to inanimate objects or other people without a reference to self? Who pays the price for the abuse that occurred years back, and why has the price for an abusive thought, a seemingly innocent act, become so heavy a burden to bear? Are your actions positive or negative, creating definite, objective stimuli? Those little feet behind you are sure to follow. How do you deal with that thing that takes over for you when you do not want to repeat this abuse? The answer to these questions and many others is the information contained in this material, aimed at helping you demystify abuse. It is my ultimate desire that this book ends all your search and research for compulsive abuse and abusive stimulants.
