Self-Management in Yugoslavia and the Developing World Ukandi G Damachi, Hans D Seibel, 1982-07-29 *Yugoslavia, Self-management Socialism and the Challenges of Development* Martin Schrenk, Cyrus Ardalan, Nawal A. El Tatawy, World Bank, 1979 Report of a mission sent to Yugoslavia by the World Bank Workers' Participation And Self-management In Developing Countries Janez Prasnikar, 2019-04-25 Drawing on his background as an economist and a specialist on the Yugoslav system of workers self management Janez Prasnikar analyzes an extraordinary amount of dispersed information on the experience with workers participation in thirteen developing countries *Computers and Computer Applications in Developing Countries* Ukandi Godwin Damachi, H. Ray Souder, 2015-12-30 *The Palgrave Handbook of Workers' Participation at Plant Level* Stefan Berger, Ludger Pries, Manfred Wannöffel, 2019-01-21 Comprising the study documentation and comparison of plant level workers participation around the world this volume meets the challenge of offering a global perspective on workers participation representation and models of social partnership Value chains economic life inter cultural exchange and knowledge as well as the mobility of persons and ideas increasingly cross the borders of nation states In the knowledge age the active participation of workers in organizations is crucially important for sustainable and long term growth and innovation This handbook offers lessons from historical global accounts of workers participation at plant level even as it looks forward to predict forthcoming trends in participation **Management Problems in Africa** Ukandi Godwin Damachi, Hans Dieter Seibel, 1986-06-18 **Yugoslavia** Noam Chomsky, 2018-04-10 The Balkans in particular the turbulent ex Yugoslav territory have been among the most important world regions in Noam Chomsky's political reflections and activism for decades His articles public talks and correspondence have provided a critical voice on political and social issues crucial not only to the region but the entire international community including humanitarian intervention the relevance of international law in today's politics media manipulations and economic crisis as a means of political control This volume provides a comprehensive survey of virtually all of Chomsky's texts and public talks that focus on the region of the former Yugoslavia from the 1970s to the present With numerous articles and interviews this collection presents a wealth of materials appearing in book form for the first time along with reflections on events twenty five years after the official end of communist Yugoslavia and the beginning of the war in Bosnia The book opens with a personal and wide ranging preface by Andrej Gruba i that affirms the ongoing importance of Yugoslav history and identity providing a context for understanding Yugoslavia as an experiment in self management antifascism and multiethnic coexistence Self-management in Yugoslavia and the Developing World Hans Dieter Seibel, Ukandi Godwin Damachi, 1982 **Department of State Publication**, 1997 Each issue covers separate country **The Quest for a Liberal-Socialist Democracy and Development** Vjeran Katunarić, 2019-01-29 This book explains why elective affinity exists between democratic and non democratic ideologies and why liberal socialism as a compromise between liberalism and socialism did not succeed in the 20th century As is shown here

the main reason for such affinity is the self incurred immaturity of both ideologies Although both concepts diverged from the beginning as contenders in the political scene they gradually became more antagonistic and self contained Furthermore the idea of the self production of both liberalism and socialism system absorbed their democratic potential and expanded the elective affinity toward authoritarian ideologies and regimes The book also provides a set of policies of liberal socialism that may serve to remove the liabilities of liberalism and socialism as separate ideologies and policies and produce conditions for democratic and economically sustainable development Indigenous African Enterprise Ogechi Adeola,2020-12-14 This book examines an indigenous Africa centric business model practised by the Igbos of south eastern Nigeria for decades The unique framework and rules of operation collectively referred to as the Igbo Traditional Business School I TBS in this book is underpinned by the Igba boi apprenticeship *Peasant Cooperatives and Political Change in Peru* Cynthia McClintock,2014-07-14 This is the first study to apply to the topics of workplace democracy or change in political culture both before and after sample survey data as well as long term participant observation Originally published in 1981 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Background Notes, Yugoslavia** ,1983 **The New Yugoslav Woman** Branka Bogdan,2025-09-30 From 1945 to 1989 the Yugoslav state connected its claims of progressive politics and gender equality to its support of free healthcare sex education and contraception and laws that supported reproductive choice Yugoslav men and women internalized these messages proclaiming their homeland s superior care for its citizens in comparison to postwar Europe and the United States Even as Yugoslav women faced stigma and abuse for their usage of contraceptives and medical practitioners grappled with new regulations and technology alongside personal ideologies Yugoslavs celebrated their own reformation into new politically minded citizens who carefully navigated tradition and modernity as they reconstructed the nation The New Yugoslav Woman provides a social and cultural history of how Yugoslav communists used reproductive regulation to build a platform of socialism through self management and to position the country as a conduit between the global North and South Author Branka Bogdan traces reproduction as a central facet of socialist Yugoslavia s state formation through the nation s laws medical infrastructure technological growth and state run sex education programs Bringing this history to the present day with a discussion of more than two dozen interviews with Yugoslav patients and medical professionals Bogdan reveals how these recollections show key continuities with the past rather than an abrupt break between the socialist and post socialist worlds Drawing Yugoslavian women s experiences into the geopolitical history of reproduction and the Cold War era state The New Yugoslav Woman reveals the centrality of reproduction contraception and

abortion to socialist Yugoslavia's self-conception as the developed leader of the developing world **Workers' Self-management and Participation in Developing Countries** K. C. Sethi, International Center for Public Enterprises in Developing Countries, 1983 Conference report comparison of workers self management and recent trends in workers participation in public enterprises in 14 developing countries evaluates political aspects economic implications and social implications of workers control over decision making describes participatory styles in workers cooperatives works councils via workers stock ownership etc mentions impact on woman workers and trade unionization Organigrams **Yugoslavia and the Nonaligned World** Alvin Z. Rubinstein, 2015-03-08 Yugoslavia's importance to the evolution of nonalignment is emphasized as Alvin Z. Rubinstein examines the domestic and foreign determinants shaping Yugoslavia's turn to the new nations of Asia and Africa and its role in pioneering nonalignment He discusses the policies of Yugoslav leaders in their search for security and international influence and traces the many ways in which Yugoslavia established close ties to the nonaligned nations to become the only European country prominent among the nonaligned He analyzes the relationship between Tito and Nasser Belgrade's role in the Moscow Peking rift the interaction between Yugoslavia and the nonaligned countries in the United Nations and nonalignment's changing role in the international relations of the postwar era Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Labour Participatory Economy* S. Mahalingam, 1993

Markets in the Name of Socialism Johanna Bockman, 2011-07-26 Challenging conventional accounts Markets in the Name of Socialism chronicles a transnational dialogue among economists on both sides of the Iron Curtain about democracy socialism and markets These exchanges led to the transformations of 1989 and unintentionally the rise of neoliberalism
