includes over 6 000 courses offered by 154 institutions or distance learning consortium members Following an introduction that describes existing practices and delivery methods the Directory offers three indexes Subject Index of Courses Offered by Level Course Level Index Geographic Index All information was supplied by the institutions Entries include current contact information a description of the institution and the courses offered grade level and admission information tuition and fee information enrollment periods delivery information equipment requirements credit and grading information library services and accreditation

Advantage and Disadvantage R. Darrell Bock, Elsie G. J. Moore, 1986 Based upon a large body of factual information a critical view of the cognitive skills and potentials of young people in the United States in the 1980s The data is analyzed using the most current statistical techniques and discussed from a broad psychological sociological and educational perspective The respondents to the survey were obtained by direct visits to households not through convenient institutional sources therefore allowing for a representative national sample As such the study typifies a complete cross section of America's youth both in and out of school The young people included in the sample were administered the ASVAB a test battery which consists of ten separately timed and scored tests which assess a wide range of knowledge and skills from English language reading and vocabulary through secondary school mathematics understanding and quantitative competence to quite specific vocational knowledge in technical fields Differences in the profiles across the ten tests provide some of the more interesting results of the analysis

Everyday Mathematics for Caribbean Schools Clarrie Layne, Susan Llewellyn, Alex Greer, 1995 Attempting to put maths in situations which will interest the pupil this book contains exercises and examples which are drawn from real life problems which are familiar to students in the Caribbean
