Conscious Self-Love

Jill Blackwell, 2020-01-09 What if the whole purpose of our time on Earth right now is to learn to love ourselves unconditionally where we accept ourselves and take care of ourselves regardless of the parental societal conditioning we received What if we are here to learn from the relationship choices we made that grew out those very early experiences of feeling unworthy What if we are all here to learn how to leave the conditional love behind and learn to love ourselves unconditionally no matter what Maybe everyone's life purpose is to learn to master conscious and unconditional self love Sure there will be jobs you will have and missions to accept if you choose but most will be related to you learning the one big thing to love yourself unconditionally Given what has happened in your past the trauma abandonment growing up with narcissists then picking bad relationship partners as a result how can we get from point A to Conscious Self Love Conscious Self Love occurs when you practice self love for yourself despite how others never showed you how to do it or how others treated you like you didn't deserve to be loved This book illuminates problems in how you relate to yourself which is not your fault and dismantles them Too much time has been spent on shining our outsides and we seem to have forgotten the best and really only way to make our outsides shine from the inside Reading this book helps you practice conscious self love which will transform your world and the worlds of those you love Practicing conscious self love may quite possibly end your never ending search for your purpose your never ending participation in fix it courses book classes your unending search for answers you accepting unhealthy relationships and treatment from others that you don't like and then blaming it on them Practicing conscious self love will stop your confusion answer your life questions and bring you back to your true and beautiful and loveable authentic self People who practice conscious self love are really the only people capable of unconditionally loving others People who practice conscious self love are kind to themselves and treat others with kindness People who practice conscious self love accept themselves and treat others with acceptance People who practice conscious

self love forgive themselves and treat others with forgiveness People who practice conscious self love take care of their bodies and teach others to do the same People who practice conscious self love teach others to love themselves especially their children People who practice conscious self love teach others to take care of themselves and the circle of love acceptance forgiveness and care grows Sadly people who don t practice conscious self love can try to be loving and kind to others but soon their lack of conscious self love manifesting as constant fixing giving and seeking love from the outside will cause inner and outer turmoil creating a cycle of self hate to be passed down generationally and spill out into our world Are you ready to get started
