Brown, American Institute of Indian Studies, 1978 The Human Icon Christine Mangala Frost, 2017-01-01 Despite the history that divides them Hinduism and Orthodox Christianity have much in common In The Human Icon Christine Mangala Frost explores how both religions seek to realise the divine potential of every human being and the differences in their approach Frost who has experienced both the extraordinary riches and the all too human failings of Hinduism and Orthodox Christianity from the inside is perfectly placed to examine the convergences and divergences between the two faiths Inspired by a desire to clear up the misunderstandings that exist between the two The Human Icon is a study in how two faiths superficially dissimilar can nevertheless find meeting points everywhere The powerful intellectual and spiritual patristic traditions of Orthodox Christianity offer a rare tool for revitalising too often stalled dialogue with Hinduism and present the chance for a broader and more diverse understanding of the oldest religion in the world Tracing the long history of Orthodox Christianity in India from the Thomas Christians of ancient times to the distinctive theology of Paulos Mar Gregorios and the Kottayam School Frost explores the impact of Hindu thought on Indian Christianity and considers the potential for confluence With a breadth of interest that spans Hindu bhakti Orthodox devotional theology Vedanta and theosis as well as meditational Yoga and hesychastic prayer Frost offers a fresh perspective on how the devotees of both faiths approach the ideal of divinisation and presents a thoughtful modern methodology for a dialogue of life Integrative Spirituality Patrick J. Mahaffey, 2018-10-26 In Integrative Spirituality Patrick J Mahaffey elucidates spirituality as a developmental process that is enhanced by integrating the teachings and practices of multiple religious traditions Jungian depth psychology and contemplative yoga In the postmodern world of religious pluralism Mahaffey compellingly argues that each of us must fashion a unique path to wholeness which integrates aspects of life and of the self that have become disconnected and disowned Integrative Spirituality uniquely conjoins four components exemplary religious pluralists from three traditions individuation the forms of contemplative Hindu yoga that have been successfully transmitted to the West and a presentation of two models for integrating psychological growth and spiritual awakening The book presents pioneering practitioners in each field who exemplify how we may fashion our own approach to integrating both spiritual awakening and psychological development and delineates an array of spiritual practices that integrate the somatic psychological interpersonal and spiritual aspects of life Ultimately Mahaffey contends that integrative spirituality is a mode of being that fully embraces the divinity inherent in each of us and in the world Integrative Spirituality will be essential reading for academics and students of Jungian and post Jungian studies transpersonal and Jungian psychology and religious studies and contemplative education It will also be of interest to analytical and depth psychologists in practice and in training and to anyone seeking a greater understanding of spirituality psychological growth religious traditions individuation and contemplative yoga
