## **Selling Edge:**

**The Selling Edge** Bret J. Barrie, 2017-01-11 There is no such thing as a natural born salesman. Schools don't teach effective sales training or the ability to influence a person's decision making process. Very few people graduate college with the intention of getting into sales. However, sales is where many people end up. Once you're in the sales industry, you'll find yourself competing against highly skilled salespeople with years of experience. This doesn't have to be your experience. With proper direction and daily practice, not only can you find tremendous success in sales, but you can also love it. In *The Selling Edge*, veteran salesman Bret Barrie will teach you how to collaborate with mentors for continued success and improvement. Build strong connections and gain the trust of customers and prospects instantly. Work your plan without letting your plan work you. Identify, access, and influence key decision makers in every sale. Develop top notch selling skills to grow your business. Whether you're new to sales and looking to get off to a strong start or you've been selling for years and want to improve your skills or learn better habits, this book is for you.

**Killing the Sale** Todd Duncan, 2004-02-17 There are approximately 12.2 million salespeople in the United States, that's about 1 out of every 23 people. Salespeople are everywhere selling everything imaginable. Some are making a killing, but a greater percentage end up victims of the sales industry and their own mistakes. Some are normal bumps in the road toward success. Others are more damaging. But many are fatal to a career. Duncan addresses these catastrophic mistakes with clarity and directness. Whether you're a seasoned sales professional or someone considering sales as a career, Duncan's wisdom can help you avoid errors in perception, practice, and performance that could not only kill a sale but also your career.

**Advertising and Selling**, 1920 Hardball Selling Robert L. Shook, 2003-12-01 Straightforward strategies for those who want to take control of the sale and join the winning top 5 percent of the sales force. Get your foot in the door. Control the sale without manipulation. Create a sense of urgency. Let the buyer participate. Learn the crucial subtleties of an aggressive approach. Target the biggest sales. Sell abroad. And much more. For many companies, 20 percent of their sales force generates 80 percent of their sales volume. In this hands-on guide, Robert L. Shook, a master salesman, teaches the high pressure strategies that mean the difference between a super seller and a salesperson. The methods spelled out in this book describe what it takes to be in the elite 5 percent. In *Hardball Selling*, Shook inspires all salespeople to dare to be different and master hard selling without browbeating or offending customers. Shook spent 17 years in the trenches perfecting his successful strategies. Using the four basic principles of hardball selling, he guides you through all the steps from getting past the gatekeeper to the single minded tactics necessary to close a sale. Shook's *Hardball Selling* is provocative and controversial and filled with wonderful selling tips. I highly recommend it to every salesperson. Martin D. Shafiroff, the world's No. 1 stockbroker.
