Selling Illusions The Cult Of Multiculturalism In Canada:

Selling Illusions Neil Bissoondath, 1994 Since he immigrated to Canada two decades ago Neil Bissoondath has consistently refused the role of the ethnic and sought to avoid the burden of hyphenation a burden that would label him as an East Indian Trinidadian Canadian living in Quebec Bissoondath argues that the policy of multiculturalism with its emphasis on the former or ancestral homeland and its insistence that There is more important than Here discourages the full loyalty of Canada's citizens Through the 1971 Multiculturalism Act Canada has sought to order its population into a cultural mosaic of diversity and tolerance Seeking to preserve the heritage of Canada's many peoples the policy nevertheless creates unease on many levels transforming people into political tools and turning historical distinctions into stereotyped commodities It encourages exoticism highlighting the differences that divide Canadians rather than the similarities that unite them *Selling Illusions* is Neil Bissoondath's personal exploration of a politically motivated public policy with profound private ramifications a policy flawed from its inception but implemented with all the political zeal of a true believer ***Selling Illusions* Neil Bissoondath, 2009**

Back In Michael Böss,2015-09-30 Economists used to claim that material self interest and the rational choices of the individual were universal factors that transcended cultural values and differences This position has been challenged by critics who have pointed out the methodological and philosophical weaknesses of this approach They dispute the idea that social order can be explained as the product of the choices of individual agents and that social agents operate independently of their social and cultural values and norms Today there is virtual agreement not only among students of culture but also among social scientists that culture counts in both politics and society as well as in international relations In this book a number of international political scientists economists philosophers and humanist scholars address the role of culture ethnicity and religion in contemporary states and societies **Language in Canada** John Edwards,1998-07-09 Language in Canada provides an up to date account of the linguistic and cultural situation in Canada primarily from a sociolinguistic perspective The strong central theme connecting language with group and identity will offer insights into the current linguistic and cultural tension in Canada The book provides comprehensive accounts of the original charter languages French and English as well as the aboriginal and immigrant varieties which now contribute to the overall picture It explains how they came into contact and sometimes into conflict and looks at the many ways in which they weave themselves through and around the Canadian social fabric The public policy issues particularly official bilingualism and educational policy and language are also given extensive coverage Non specialists as well as linguists will find in this volume a companion to Language in Australia Language in the USA and Language in the British Isles an indispensable guide and reference to the linguistic heritage of Canada **Canada from the Outside in / Le Canada Vu D'ailleurs** Pierre Anctil,Zilá Bernd,2006 Selected papers presented at the International Council for Canadian Studies biennial conference held May 25 27 2005

Reshaping the Mosaic Ninette Kelley,Jeffrey G. Reitz,Michael J. Trebilcock,2025-04-30 Immigration remains a cornerstone of national policy although it has undergone significant transformations across economic family and refugee admission streams in the past two decades Reshaping the Mosaic offers an insightful exploration of Canada s immigration policy ranging from its historical roots to contemporary developments The book examines the growth in permanent and temporary immigration to Canada It explores changes in selection criteria and evaluates their impact on key policy objectives
