Selling The Australian Government Politics And Propaganda From Whitlam To Howard:

Australian Politics in a Digital Age Peter John Chen, 2013-02-01 The first comprehensive volume on the impact of digital media on Australian politics this book examines the way these technologies shape political communication alter key public and private institutions and serve as the new arena in which discursive and expressive political life is performed

Publisher's description **Pivot of Power** Paul Strangio, Paul 't Hart, James Walter, 2017-08-28 The prime ministership remains the main prize in Australian politics but it is a precarious one Leadership turnover in recent years has seen more prime ministers rise and fall than at any time since the decade after federation What explains this volatility The Pivot of Power is the second volume in a unique blend of collective biography and institutional history that shows the skills limitations and passions of incumbents are only part of the story The ways in which prime ministers thrive and fail are influenced by the resources at their command the evolving nature of the parties they lead the daunting public expectations they face under a relentless media gaze and the challenges that history throws at them Recent changes in these areas have had a destabilising effect and made the role of prime minister more onerous than ever After decades of strong national leadership the office has rarely seemed quite so confounding as it does for its contemporary holders The Pivot of Power explains how this has come about And its rich account of prime ministerial fortune since the mid twentieth century yields historical lessons for overcoming the current malaise [Politics, Media and Democracy in Australia](#) Brian McNair, Terry Flew, Stephen Harrington, Adam Swift, 2017-02-10 In Australia as in many comparable democracies the role of the media in the political process is high on the public agenda There is a perception of widespread disillusionment with and disengagement from politics amongst voters and criticism of the media for failing to fulfil their democratic responsibilities adequately This book evaluates public perceptions of the performance of the political media in the context of the declared aims and objectives of media producers From there the authors present findings for improving the capacity of political media to engage and inform their audiences in ways which enhance the quality and popular legitimacy of the democratic process These conclusions are of import not only to Australians but to observers of mediated politics in the UK the US and other countries where similar debates around the crisis of public communication are on going *The politics of participation* Matt Qvortrup, 2013-07-19

We live in an age of democracy Very few people challenge the virtues of government by the people yet politicians and commentators are fond of decrying the crisis of democracy How do these views square up This book provides the answer by surveying the philosophical history of democracy and its critics and by analysing empirical data about citizen participation in Britain and other developed democracies In addition to analysis of major political thinkers like Plato Machiavelli and J S Mill the book analyses how modern technology has influenced democracy Among the issues discussed in the book are why people vote and what determines their decisions what prompts citizen involvement in riots and demonstrations whether spin doctors and designer politics pose a threat to democracy and the influence of mass media on our political behaviour More than

merely providing an overview the book also presents original analyses of timely issues such as referendums and the consequences of postal voting An essential book for students of politics history and media studies this study puts the debate about democracy into perspective and offers a solid grounding for future discussions

Political Parties in Transition? Ian Marsh, 2006 Australian politics have been dominated for nearly a century by two more or less continuous political groupings Labor and the Liberal National Coalition But in recent decades Australians have embraced a new range of issues gender the environment indigenous rights while party membership has collapsed

Judith Butler in Conversation Bronwyn Davies, 2013-10-31 How has Judith Butler's writing contributed to thought in the Social Sciences and the Humanities The participants in this project draw on various aspects of Butler's conceptual work and they question how it has opened up the possibilities of thought in areas of study as diverse as theatre studies education and narrative therapy In a format that demands careful listening and response the scholars in this book interact with Butler her writing and each other Within this dynamic space they take up Butler's body of work and carry it in new and exciting directions Their conversations and writing are in turn funny exciting surprising and moving

Prime Ministers in Power M. Bennister, 2012-03-20 A study of prime ministerial leadership in Britain and Australia Tony Blair and John Howard were election winning leaders in two similar countries They succeeded in dominating politics for over 10 years but both fell dramatically from office This book asks how these prime ministers established such predominant positions

Dealing with America J. V. Langmore, 2005 The United Nations is under scrutiny like never before it is under constant attack from neoconservatives in President George W Bush's administration and many of its own officials are under investigation for fraud some have been charged In the midst of this controversy a high level panel including former Australian Attorney General Gareth Evans has released a detailed set of proposals for reform and that blueprint has been taken up by the Secretary General Kofi Annan

Advocates and Persuaders Mark J. Sheehan, 2019-03-29 The authors of Advocates and Persuaders aim to demystify the political practice of lobbying They believe that lobbying has a significant role to play in a healthy democracy and they examine it closely in the contexts of federal state and local government They also shine a spotlight on the involvement of the media regulators and pollsters in lobbying and include as case studies analyses of lobbying by a diversity of organisations ranging widely from large corporations to grass roots activists

What Were They Thinking? James Walter, Professor of Australian Studies James Walter, 2010-10 Ideas are at the heart of our politics They are the means by which people are influenced and mobilised Australian politics have been shaped by distinctive patterns of political thought from the colonial period to the Rudd government But how have these patterns arisen And what have been their effects on shaping what we think is politically possible or desirable This book is not a survey of theory but an invigorating history of people trying to make sense of their world fighting to establish the principles governing the way politics is pursued and justifying their own perspectives What Were They Thinking is a compelling story of winners and losers of individuals interpreting and trying to influence their times

and of how ideas and power are linked TV Futures Andrew T. Kenyon, 2007-01-01 TV Futures Digital Television Policy in Australia brings together leading writers from both law and media studies to examine the implications of the shift to digital television for the platforms and audiences copyright law and media regulation The book combines writers with expertise in media law and copyright law with those skilled in media policy and social and cultural research Through its scope and topicality the book substantially develops the literature on digital television to serve readers from across the fields of law the humanities and social sciences Media and Governance Thomas Schillemans, Jon Pierre, 2019-01-16 First published as a special issue of Policy Politics this updated volume explores the intersections between governance and media in western democracies which have undergone profound recent changes Many governmental powers have been shifted toward a host of network parties such as NGOs state enterprises international organizations autonomous agencies and local governments Governments have developed complex networks for service delivery and they have a strategic interest in the news media as an arena where their interests can be served and threatened How do the media relate to and report on complex systems of government How do the various governance actors respond to the media and what are the effects on their policies This book considers the impact of media related factors on governance policy public accountability and the attribution of blame for failures Policy, 2005 **Media & Politics** Wayne Errington, Narelle Miragliotta, 2007 A comprehensive introduction to the politics of the Australian media this text examines the media's development and evolution as well as the key debates and controversies which have shaped the domestic media landscape in the last decade It provides a strong framework to understand the relationship between Australian media and politics **Selling the Australian Government** Greg Barns, 2005 The fact that governments spend millions of taxpayers dollars monitoring the Opposition's every word and pumping out propaganda to backbenchers to ensure its spin reverberates across Australia has rarely been questioned by the media Greg Barns a former senior government adviser provides a revealing insight into the way governments sell themselves both publicly and behind the scenes and how their expensive propaganda effort affects the political process **Images, Colours and Reflections**, 2006 1, 2009 APAIS, Australian Public Affairs Information Service, 1983 Vol for 1963 includes section Current Australian serials a subject list **The Howard Decade in Australian Government and Politics**, 2007 **Exit Right** Judith Brett, 2007 In this definitive account Brett discusses how age became Howard's Achilles heel how he lost the youth vote how he lost Bennelong and how he waited too long to call the election She looks at the government's core failings the policy vacuum the blindness to climate change the disastrous misjudgment of WorkChoices and shows how Howard and his team came more and more to insulate themselves from reality With drama and insight Judith Brett traces the key moments when John Howard stared defeat in the face and explains why after the Keating Howard years the ascendancy of Kevin Rudd marks a new phase in the nation's political life It is when a leader's grip on political power starts to slip when his threats and bribes miss their mark when he starts to make uncharacteristic mistakes

and when what had once been strengths reveal their limitations that we can see most clearly the inner workings of that leadership This essay is about John Howard s leadership seen through the prism of its failings Judith Brett Exit Right This issue contains correspondence relating to Reaction Time by Ian Lowe from Guy Pearse Robert Merkel Michael Angwin Christine Milne Mark Diesendorf and Ian Lowe
