Offering sophisticated and nuanced distinctions between complex trauma and PTSD she shows how treatment is necessarily contextual and tailored to the unique clinical and personality dynamics of the sufferer that is thoroughly client specific within the therapeutic dyad. She dispenses with simplistic and supercilious attitudes that embarrassingly boast a uniform or manualized treatment to trauma instead carefully taking into consideration polysymptomatic neurobiological and socialcultural differences that inform the interpersonal emotional and safety milieu from the beginning of treatment to stabilization the working through process and then onto successful recovery. This is a must read book for those in training and senior clinicians alike. Jon Mills PsyD PhD ABPP Faculty Postgraduate Programs in Psychoanalysis author of *Treating Attachment Pathology*.
