Short Voyages To The Land Of The People:

Short Voyages to the Land of the People Jacques Rancière, 2003 This work reads a series of texts and journeys across class lines and shows how the image of the people functions in them as a point of reference unto which the observer projects a conceptual framework based on the observer s own circumstances *Short Voyages to the Land of the People* Jacques Rancière, 2003 This work reads a series of texts and journeys across class lines and shows how the image of the people functions in them as a point of reference unto which the observer projects a conceptual framework based on the observer s Egalitarian Strangeness Edward J. Hughes, 2021-04-15 Shortlisted for the 2022 R Gapper book own circumstances prize The formulation egalitarian strangeness is a direct borrowing from Courts voyages au pays du peuple Short Voyages to the Land of the People 1990 a collection of essays by the contemporary French thinker Jacques Ranci re Perhaps best known for his theory of radical equality as set out in Le Ma tre ignorant The Ignorant Schoolmaster 1987 Ranci re reflects on ways in which a hierarchical social order based on inequality can come to be unsettled In the democracy of literature for example he argues that words and sentences serve to capture any life and to make it available to any reader The present book explores embedded forms of social and cultural apportionment in a range of modern and contemporary French texts including prose fiction socially engaged commentary and autobiography while also identifying scenes of class disturbance and egalitarian encounter Part One considers the refrain of class audible in works by Claude Simon Charles P quy Marie Ndiaye Thierry Beinstingel and Gabriel Gauny and examines how these authors practices of language connect with that refrain In Part Two Hughes analyses forms of domination and dressage with reference to Simone Weil s mid 1930s factory journal Paul Nizan's novel of class alienation Antoine Bloy from the same decade and Pierre Michon's Vies minuscules Small Lives 1984 with its focus on obscure rural lives The reflection on how these narratives draw into contiguity antagonistic identities is extended in Part Three where individual chapters on Proust and the contemporary authors Fran ois Bon and Didier Eribon demonstrate ways in which enduring forms of cultural distribution are both consolidated and contested

Dissenting Words Jacques Rancière, 2017-09-07 Dissenting Words is a lively and engaging collection of interviews that span the length of Jacques Ranci re s trajectory from the critique of Althusserian Marxism and the work on proletarian thinking in the nineteenth century to the more recent reflections on politics and aesthetics Across these pages Ranci re discusses the figures concepts and arguments he has introduced to the theoretical landscape over the past forty years the themes and concerns that have animated his thinking the positions he has defended and the wide range of objects and discourses that have attracted his attention and through which his thought has unfolded history pedagogy literature art cinema But more than reflecting on the continuities turns ruptures and deviations in his thought Ranci re recasts his work in a different discursive register And the pleasure we experience in reading these interviews with their asides displacements and reconstructions stems from the way Ranci re transforms the voice of the thinker commenting on his texts and elucidating

his concepts into another and equally rich manifestation of his thought Core sections of this edition are translated from the french publication Et tant pis pour le gens fatigu s by Jacques Ranci re Editions Amsterdam 2009 published by arrangement Agence litteraire Pierre Astier Associ s **Jacques Ranciere** Jean-Philippe Deranty, 2014-12-05 Although relatively unknown a decade ago the work of Jacques Ranciere is fast becoming a central reference in the humanities and social sciences His thinking brings a fresh innovative approach to many fields notably the study of work education politics literature film art as well as philosophy This is the first full length introduction to Ranciere's work and covers the full range of his contribution to contemporary thought presenting in clear succinct chapters the key concepts Ranciere has developed in his writings over the last forty years Students new to Ranciere will find this work accessible and comprehensive an ideal introduction to this major thinker For readers already familiar with Ranciere the in depth analysis of each key concept written by leading scholars should provide an ideal reference Aisthesis Jacques Ranciere, 2013-06-04 Composed in a series of scenes Aisthesis Ranci re s definitive statement on the aesthetic takes its reader from Dresden in 1764 to New York in 1941 Along the way we view the Belvedere Torso with Winckelmann accompany Hegel to the museum and Mallarm to the Folies Berg re attend a lecture by Emerson visit exhibitions in Paris and New York factories in Berlin and film sets in Moscow and Hollywood Ranci re uses these sites and events some famous others forgotten to ask what becomes art and what comes of it He shows how a regime of artistic perception and interpretation was constituted and transformed by erasing the specificities of the different arts as well as the borders that separated them from ordinary experience This incisive study provides a history of artistic modernity far removed from the conventional postures of modernism Human Strike and the Art of Creating Freedom Claire Fontaine, 2020-12-29 The first English language publication of writings by the collective artist Claire Fontaine addressing our complicity with anything that limits our freedom This anthology presents in chronological order all the texts by collective artist Claire Fontaine from 2004 to today Created in 2004 in Paris by James Thornhill and Fulvia Carnevale the collective artist Clare Fontaine creates texts that are as as experimental and politically charged as her visual practice In these writings she uses the concept of human strike and adopts the radical feminist position that can be found in Tiggun a two issue magazine cofounded by Carnevale Human strike is a movement that is broader and more radical than any general strike It addresses our inevitable subjective complicity with everything that limits our freedom and shows how to abandon these self destructive behaviors through desubjectivization Human strike Claire Fontaine writes is a subjective struggle to separate from the inevitable harm we do to ourselves and others simply by living within postindustrial neoliberalism Human Strike is the first English language publication of Claire Fontaine's influential and important theoretical writings **Interwar Itineraries** Emily O. Wittman, 2022-05-03 How people traveled and how people wrote about travel changed in the interwar years Novel technologies eased travel conditions breeding new iterations of the colonizing gaze The sense that another war was coming lent urgency and anxiety to the search for new places and authentic experiences In

Interwar Itineraries Authenticity in Anglophone and French Travel Writing Emily O Wittman identifies a diverse group of writers from two languages who embarked on such guests For these writers authenticity was achieved through rugged adventure abroad to economically poorer destinations Using translation theory and new approaches in travel studies and global modernisms Wittman links and complicates the symbolic and rhetorical strategies of writers including Andr Gide Ernest Hemingway Michel Leiris Isak Dinesen Beryl Markham among others that offer insight into the high ethical stakes of travel and allow us to see in new ways how models of the authentic self are built and maintained through asymmetries of encounter This book offers a valuable account of literary activity in a genre still inadequately covered in literary critical history Emily Witt man organizes her material through pairings and contextualizing that are instructive and illuminating and often exciting This is comparative literature at its best Vincent Sherry Washington University A Brief History of the Masses Stefan Jonsson, 2008 Stefan Jonsson uses three monumental works of art to build a provocative history of popular revolt Jacques Louis David s The Tennis Court Oath 1791 James Ensor s Christ s Entry into Brussels in 1889 1888 and Alfredo Jaar's They Loved It So Much the Revolution 1989 Addressing respectively the French Revolution of 1789 Belgium's proletarian messianism in the 1880s and the worldwide rebellions and revolutions of 1968 these canonical images not only depict an alternative view of history but offer a new understanding of the relationship between art and politics and the revolutionary nature of true democracy Drawing on examples from literature politics philosophy and other works of art Jonsson carefully constructs his portrait revealing surprising parallels between the political representation of the people in government and their aesthetic representation in painting Both essentially frame the people Jonsson argues defining them as elites or masses responsible citizens or angry mobs Yet in the aesthetic fantasies of David Ensor and Jaar Jonsson finds a different understanding of democracy one in which human collectives break the frame and enter the picture Connecting the achievements and failures of past revolutions to current political issues Jonsson then situates our present moment in a long historical drama of popular unrest making his book both a cultural history and a contemporary discussion about the fate of democracy in our globalized world The Ashgate Research Companion to Paranormal Cultures Olu Jenzen, Sally R.
