While film and literature have played a role in the heated debates about so called copycat crimes the growing body of fictionalizations of school shootings has been neglected thus far However in a discourse in which the boundaries between fiction and reality are increasingly blurred this book shows how fiction shapes and structures challenges and disrupts cultural processes of meaning making Hence for a better understanding of the school shooting phenomenon the relevance of fiction on all levels of discourse construction requires thorough analysis This book therefore develops a new approach to the role of fiction for contemporary forms of excessive violence By combining narrative theory with insights from sociology and other disciplines it provides the means for apprehending and describing the relevance of fiction for contemporary discourses Furthermore it provides exemplary analyses of more specific functions of literary and filmic fictionalizations of school shootings between 2000 and 2016 Screening Text Shannon Wells-Lassagne, Ariane Hudelet, 2013-02-18 Rather than limiting the cinema as certain French New Wave critics feared adaptation has encouraged new inspiration to explore the possibilities of the intersection of text and film This collection of essays covers various aspects of adaptation studies questions of genre and myth race and gender readaptation and pedagogical and practical approaches A Sister's All You Need., Vol. 14 (light novel) Yomi Hirasaka, 2023-02-21 Even if they have a breakout as an author marry the girl they love and become a dad people can t change their stripes that easily especially if they write novels for a living
