Should A Christian Embrace Socialism Communism Of Humanism:

Should a Christian Embrace Socialism, Communism Or Humanism? L. T. Nyirongo,1994 **King and the Other America** Sylvie Laurent,2019-01-08 An elegant and timely history of how black intellectuals have long made a case for the intersections between class and race The Nation A meticulously researched look into the development of King s thought Laurent s important new book highlights the depth of the wisdom and organizing skill he brought to the movement for economic justice The Progressive Shortly before his assassination Martin Luther King Jr called for a radical redistribution of economic and political power to transform the whole of society In 1967 he envisioned and designed the Poor People s Campaign an interracial effort that was carried out after his death This campaign brought together impoverished Americans of all races to demand better wages better jobs better homes and better education King and the Other America explores this overlooked and obscured episode of the late civil rights movement deepening our understanding of King s commitment to social justice and also of the long term trajectory of the civil rights movement Digging into earlier radical arguments about economic inequality across America which King drew on throughout his entire political and religious life Sylvie Laurent argues that the Poor People s Campaign was the logical culmination of King s influences and ideas which have had lasting impact on young activists and the public Fifty years later growing inequality and grinding poverty in the United States have spurred new efforts to rejuvenate the campaign This book draws the connections between King s perceptive thoughts on substantive justice and the ongoing quest for equality for all **Missionalia** ,1995 **Family Values and the Rise of the Christian Right** Seth Dowland,2015-12-17 Family Values and the Rise of the Christian Right chronicles how the family values agenda became so powerful in American political life and why it appealed to conservative evangelical Christians

Index to Book Reviews in Religion ,1999 **The African Book Publishing Record** ,1995 Unraveling The Right Amy Ansell,2019-05-20 This book focuses on an alternative perspective on the relevance of today s conservatism in American thought and politics It analyzes the most central and most significant public issues confronting our society at the end of the twentieth century *African Publishing Review* ,1995 **African Books in Print** ,1978 *Suffering Victory* Guillaume Sauvé,2025-05-15 Suffering Victory recounts the commitment of Soviet liberal intellectuals to democratic transition during the effervescent period of perestroika and in the first years of post Soviet Russia to the rise of Boris Yeltsin and the dissolution of the USSR Guillaume Sauvé argues that late Soviet liberalism was mainly nourished by the legacy of humanistic socialism combining Enlightenment ideals and Romantic aspirations and concludes that the distinguishing feature is its assumed moralism After encouraging the concentration of power in the hands of the Russian president and an enlightened elite liberal intellectuals undermined their own democratic project and were pushed aside from decision making while being rejected by most of the population for having supported a course of reforms that did not fulfill its promises As Suffering Victory shows the success of Russia s liberal intellectuals against the Communist Party came at the price of a decline deeper

and more lasting than in most post communist countries Following the full scale invasion of Ukraine in February 2022 the fate of late Soviet liberals sheds crucial light on the prospects of liberal reforms in Russia today Right-Wing Populism in America Chip Berlet,Matthew N. Lyons,2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America Humanism in Marketing Philip Kotler,Waldemar Pfoertsch,Fabio Ancarani,Ivan Ureta,2024-10-25 This edited collection hinges on the idea that marketing serves as the catalyst for capitalism and in light of this embracing a humanistic marketing approach holds the potential to foster a more humane form of capitalism Particularly in the midst of our tumultuous era this book has an added importance and the twelve chapters represent a crucial update on the current status of marketing ethics and humanistic management Leading scholars have contributed chapters displaying an interdisciplinary take on humanistic marketing featuring global examples and cutting edge research Topics include digital transformation and artificial intelligence leadership organization design and the future of work This book will be of great interest for scholars and students of marketing business ethics corporate responsibility and leadership Looking Back to Look Forward Niels De Nutte,Bert Gasenbeek,2019-11-13 The number of secular people has increased substantially over the past several decades and research on secularism and non religion has been on the rise these past years Yet until today no publication had examined the evolution of organised freethought and subsequent secular humanism as it emerged in different Western countries in a comparative perspective In this book a team of historians brings together the histories of secular humanism in some pioneer countries They examine how organised freethought evolved in the Netherlands Belgium Great Britain and the United States in the aftermath of World War II As secular humanist organisations in these countries are some of the cofounders and long lasting members of Humanists International formerly International Humanist and Ethical Union this book reveals how Western humanism developed in different circumstances **Rediscovering Christian Realism** James E.

Hassell,2022-10-07 What if there were more helpful ways to deal with the increasing polarization and division within our society What if we could finally overcome the warring between fundamentalists and liberals In Rediscovering Christian Realism James Hassell highlights some time tested and proven methods for Christians both to develop and utilize consecrated common sense Christian realism is not so much of a program as it is both a way of accepting our sinful humanity and highlighting the Spirit led way of Jesus Hassell therefore describes ways to temper our idealism without giving into cynicism outlining what he calls The Balanced Approach The Balanced Approach comes from a synthesis of the best work of past Christian realists such as Reinhold and Richard Niebuhr Emil Brunner Paul Tillich John C Bennet and others Hassell has researched and described their insights especially for contemporary application in the real world events of the twenty first century This book is designed especially for those Christians who may find themselves stuck in how to live out their faith more boldly both in the church fellowship and in the public square **Pre-Incident Indicators of Terrorist Incidents**

Brent L. Smith,2011 This is a print on demand edition of a hard to find publication Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning and if so could patterns of preparatory conduct be identified About one half of the terrorists resided planned and prepared for terrorism relatively close to their eventual target The terrorist groups existed for 1 205 days from the first planning meeting to the date of the actual planned terrorist incident The planning process for specific acts began 2 3 months prior to the terrorist incident This study examined selected terrorist groups incidents in the U S from 1980 2002 It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents Illustrations Religious Humanism

,1987 **A History of European Socialism** Albert S. Lindemann,1983-01-01 This is a serious and accomplished synthesis Biographical vignettes enliven the presentation of ideas and references to studies of regional diversities give the narrative an uncommonly rich texture Lucid and illuminating It is the best book on the subject to put into the hands of our students Helmut Gruber International Labor and Working Class History A synthetic narrative by a young academic scholar who has independent ideas on an important subject This book is worth reading if for no other reason than its modest but nonpatronizing rehabilitation from generations of Marxist caricature of a host of deeply democratic European socialists James H Billington Washington Post Book World One asset of this book is its lack of the overbearing personal partisanship one finds in so many historical studies of socialism Lindeman incorporates some recent and inaccessible studies in social history written from the bottom up David D Arcy World View As a whole Lindemann offers a more balanced treatment of the ideas and the movement of socialism than found in many extant histories A must for all college and university libraries Choice A competent and fair minded study of a controversial subject It presents much factual material and judicious interpretation in lucid prose L S Stavrianos Los Angeles Times Book Review **The Southern Workman** ,1934 The May or June issue of 1900 1939 includes the report of the institute s president for 1900 1939 **Political Rhetoric in Theory and**

Practice Robert C. Bartlett, Nasser Behnegar, 2023-11-16 Political Rhetoric in Theory and Practice is an introduction to the art of rhetoric or persuasive speaking. A collection of primary sources, it combines classic statements of the theory of political rhetoric: Aristotle, Isocrates, Demosthenes, Cicero, with a rich array of political speeches from Socrates to Martin Luther King Jr, Pericles to Richard Nixon, Sojourner Truth to Phyllis Schlafly. These speeches exemplify not only the three principal kinds of rhetoric: judicial, deliberative, and epideictic, but also the principal rhetorical proofs. Grouped thematically, the speeches boast a diversity of speakers, subject matters, and themes. At a time when the practice of democracy and democratic deliberation are much in question, this book seeks to encourage the serious study of rhetoric by making available important examples of it in both its noblest and its most scurrilous forms.

Democracy Under Assault Michele Swenson, 2004 Swenson presents an in-depth examination of the fracture of the church-state divide, challenges to the independent judiciary, resurrected 19th-century science and socioeconomic Darwinism, as well as revisionist history.
