Show Us The Money The Politics And Proceh Of Alternative Budgets:

Show Us the Money! Canadian Centre for Policy Alternatives, Choices (Association), 1998 We all know the state takes money from the workers and gives most of it to the rich Here is a model for creating alternative budgets useful as organizing tools to create visions and movements towards different social and economic arrangements **Universities for Sale** Neil Tudiver, Canadian Association of University Teachers, 1999 In the 1990s Canadian universities experienced an aggressive campaign of corporatization Universities for Sale offers suggestions on how to resist corporatization Neil Tudiver shows how scholarly independence has in recent years been eroded to a point of crisis Left unchecked corporations play a larger and larger role in deciding which fields of study survive and which will disappear He looks at how professors defend free inquiry against the pressures of economic expediency Universities for Sale is a penetrating analysis of the ongoing issue of corporate influence on Canada s universities Alternative Budgets John Loxley, Canadian Centre for Policy Alternatives, 2003 Alternative budgets are presented as a method of political mobilization that advances fiscally responsible government allocation of resources in this treatise on the enlightened alternatives to the neoconservative agenda of slashing social services The basics of budgeting the technical and political contexts of budgeting and the relationship between budget legislation and fiscal constraints on governments are among the issues discussed to make the more esoteric aspects of budgeting understandable A budget that emphasizes the needs of poor people women and the environment is outlined with information on how to construct alternative budgets analyze the possibilities of government funding and mobilize political activists to propose clear affordable alternatives to neoliberal government cutbacks **Progress of the World's Women** Diane Elson, 2000 This report contains an impressive list of tables and charts on aspects of empowerment of women e g share of seats in national parliaments 1987 2000 changes in wages secondary enrolment ratios etc *Globalization, Neo-conservative Policies, and Democratic Alternatives* John Loxley, 2005 Over the course of the last two decades governments around the world implemented a fundamental shift in the mainstream economic policy and ushered in a period of globalization These changes which are commonly known as neo conservative were resisted by a range of social forces from workers to farmers in the universities and on the streets With its diverse international perspectives of globalization and formulations of alternative economic policies this volume of essays responds to and posits alternatives for the uncreative and unjust policy decisions of world governments that negatively affect the welfare of the world s indigent people This book s unifying theme is the principle of social justice that motivates Loxley s life and work Loxley an economist is perhaps best known for his work in South Africa as an advisor to Nelson Mandela during the transition from apartheid and with First Nations communities in his native Canada Many of the 19 essays explore the impact of globalization on the developing world particularly Africa A comprehensive and expansive exploration of the global impact of neo conservative economic policies from an internationally diverse group of scholarly voices **American Book Publishing Record** ,1999 Constitutional

Amendments Seeking to Balance the Budget and Limit Federal Spending United States. Congress. House. Committee on the Judiciary. Subcommittee on Monopolies and Commercial Law, 1983 *Canadian Books in Print*, 2003 **Funding the Nuclear Decommissioning Authority** Great Britain: Parliament: House of Commons: Business and Enterprise Committee, 2008 The NDA is funded by a combination of commercial income and grant in aid For 2007/08 its budget is set at 2 790 million of this 1 420 million was intended to be ring fenced grant in aid and 1 370 million commercial income chiefly from reprocessing but also including income from waste substitution The National Audit Office report HC238 session 2007/08 ISBN 9780102951974 identified uncertainty as to whether the waste substitution income budgeted for would actually be forthcoming There has been a shortfall in the NDA's budget and the large request for additional funding that resulted came at a very late stage in the financial year The Committee believes the NDA's funding model is unsustainable particularly in light of the volatile and declining nature of the NDA's commercial income Public funding will almost certainly have to increase significantly over and above the current plans This has major implications for the Department for Business Enterprise and Regulatory Reform DBERR which already spends 40 per cent of its departmental expenditure limit on the NDA A new system of funding is needed as the Permanent Secretary of DBERR acknowledged and work on this needs to begin urgently Fiscal Year 1999 Budget Authorization Requests for the Department of Energy, Environmental Protection Agency Research and Development, and National Oceanic and Atmospheric Administration : Hearing Before the Subcommittee on Energy and Environment of the Committee on Science, U.S. House of Representatives, One Hundred Fifth Congress, Second Session, March 25, 1998 United States. Congress. House. Committee on Science. Subcommittee on Energy and Environment, 1998 Congressional Record United States. Congress, 2002 *EU development assistance* Great Britain: Parliament: House of Commons: International Development Committee, 2012-04-27 The UK spends approximately 12.3 billion each year on aid through the European Union approximately 16% of the UK's total aid budget Only 46% of this aid however goes to low income countries a figure that MPs say is unacceptable Instead middle income countries bordering Europe are benefiting Turkey has consistently been in the top five recipients of European Commission aid 223 million euros in 2010 as has Serbia euros 218 million in 2010 The Committee is calling on the UK Government to press for funding to be diverted away from higher middle income countries bordering Europe to give greater help to the poorest people in the world In order to make this happen the MPs say Ministers must challenge and change the definition of Official Development Assistance ODA It appears to be being used as a way of fudging the figures to help other European countries meet the target for 0.7% of GDP to be given as aid The Committee recognises that there are a number of advantages to giving aid through the EU but identifies a number of problems with the way EU Development Assistance works Overall the European Commission has improved its performance over the last decade and has recently proposed further improvements to development policy in *An Agenda for Change* The Committee supports a number of these proposed changes but it does have

concerns that conditionality should not hurt the poor for the sins of their governments **The President's Economic Plan** United States. Congress. House. Committee on Post Office and Civil Service. Subcommittee on Compensation and Employee Benefits,1995 Distributed to some depository libraries in microfiche **Performance-based Government** United States. Congress. House.
