emergence of a sophisticated antislavery ideology and the rise of organized opposition to slavery in the Atlantic World in the eighteenth and nineteenth centuries represented nothing less than one of the great intellectual and social revolutions in the history of the world. An institution which by the early eighteenth century was near axiomatically accepted as necessary, useful, and thoroughly in accord with Judeo-Christian tenets and virtues, and which profoundly informed the lives of millions of people, had by the mid-nineteenth century come increasingly to be viewed as the chief vector of evil and the Devil in the world, the very quintessence of evil as some called it, and the chief repository of all that was socially, politically, and especially economically archaic and stagnant. This encyclopedia is organized around three principal concerns: the illustration and explication of the various forms of antislavery and its emergence as an organized movement; the immediate precipitants of abolition and the processes of its passage; and the enactment of emancipation and its consequences. While the earliest expressions of antislavery may have only comprised one or a few isolated voices, the antislavery most commonly reviewed here is that animated by a systematic and ardent opposition to slavery and intended to mobilize large numbers of people to attack and end the institution. A wide variety of people and organizations nurtured and extended this antislavery: religious figures, political economists, slaves, sailors, artisans, missionaries, planters, captains of slave ships, democratic enthusiasts, and others were all involved, along with the various organizations, secular, religious, or otherwise, with which they were associated. Antislavery was by no means exclusively or even principally the work of an intellectual elite; and the force of all, from the lowly and unlearned to the privileged and prominent, is represented. The presence of slavery continued to be attacked in the contracting Ottoman Empire in the early twentieth century, in Liberia in the 1930s, in Saudi Arabia in the mid-twentieth century, and even in the latter years of the century in countries like Sudan, Pakistan, India, and others in Southeast Asia. The entries have a worldwide focus, covering antislavery movements and important developments in slavery, abolition, and slave emancipation in many places around the globe. Other entries cover individuals, groups, events, documents, and organizations related to the history of abolition and emancipation over the last two centuries. Coverage also addresses a wide range of topics, issues, and ideas related to the broad topic of ending historical systems of slavery and human bondage. Besides over 400 cross-referenced entries, most of which conclude with lists of additional readings, the encyclopedia also includes an Introduction tracing the history of abolition and emancipation, a selected general bibliography, a guide to related topics, numerous illustrations, and a detailed subject index.

School Library Journal, 1999 **George Washington Versus the Continental Army** Michael S. McGurty, 2023-10-26 The Revolutionary War was nearing its end in early 1783. In his Hudson Highlands stronghold, General Washington kept a wary eye on the British force in New York City, 60 miles away. His army owed months of back pay, and his officers, frustrated by the negotiations over their promised pension, chafed under martial authority. A nationalist faction in Congress seized upon this discontent to instigate the Newburgh Conspiracy, a plot by Continental Army officers to menace civil officials who opposed the Impost, a 5% tax on imports to be collected by the central

government to satisfy the nation's debts. The army by this time a formidable force of seasoned veterans was provoked into threatening the very liberties it had fought to defend. This book examines this last major crisis of the Revolution when Washington stood between his men and the American people. **The Washington Post Index**, 2008 *All Jacked Up* Penny McCall, 2007. When she accidentally ticks off the biggest drug lord in the western hemisphere, librarian Aubrey Sullivan, who is gifted with a photographic memory, must place her trust in rogue FBI agent Jack Mitchell while trying to keep her hands to herself. Original *Bulletin of the Children's Book Center*, 1956.
