**Hollywood in the Holy Land** Nickolas Haydock, E.L. Risdan, 2014-01-10 This collection of essays analyzes film representations of the Crusades other medieval East West encounters and the modern inheritance of encounters between orientalist fantasy and apocalyptic conspiracy From studies of the filmic representations of popular figures such as El Cid Roland Richard I and Saladin to examinations of such topics as Templar romance and the role of set design location and landscape the essays make significant contributions to our understanding of orientalist medievalism in film Instructors considering this book for use in a course may request an examination copy here [Defining Neomedievalism\(s\) II](#) Karl Fugelso, 2011 The focus on neomedievalism at the 2007 International Conference on Medievalism in ever more sessions at the annual International Congress on Medieval Studies and by many recent or forthcoming publications has left little doubt that this important new area of study is here to stay and that medievalism must come to terms with it In response to an essay in Studies in Medievalism XVIII defining medievalism in relationship to neomedievalism this volume therefore begins with seven essays defining neomedievalism in relationship to medievalism [Civil Society in British History](#) Jose Harris, 2005-07-14 This book explores the many different strands in the language of civil society from the sixteenth to the twentieth centuries Through a series of case studies it investigates the applicability of the term to a wide range of historical settings The contributors show how past understandings of the term were often very different from even in some respects the exact opposite of those held today **Чужое имя. **Restoration Heart** William Cash, 2019-09-10 Breathtaking untold story riotously colourful Mail on Sunday I read most of it in one exciting sitting It is brilliant gripping and sad Harry Mount Restoration Heart is a story of love double divorce and redemption It is a biography of the heart and of a house When William Cash suffers a post divorce mid life breakdown aged 43 life seemed bleak but things were about to change Like William himself his old Shropshire family house Upton Cressett was in as much in need of being rescued and fixed up as its owner As William embarks on re building his life and ruin of a country house he starts looking again for love But money patience and the likelihood of ever finding family happiness soon start to run out Drawing on his haul of letters written to various wives fiancées and girlfriends all potential third wives the book follows Cash's search for a chatelaine for Upton Cressett Restoration Heart is a tempestuous Gulliver like voyage of the heart with a colourful cast of figures including Tom Wolfe Jay McInerney Margaret Thatcher Elizabeth Hurley David Hockney Piers Morgan an American singer legend cousin and most dramatically future prime minister Boris Johnson Hilarious and poignant this restore a wreck memoir is an account of how an Englishman is rescued by love architecture and beauty The memoir also holds up a dark lens to the Bonfire of the Vanities generation that Cash was a member of at Cambridge The story reveals how a broken man can become completely transformed both emotionally and imaginatively by a building and its surrounding landscape During the four year refurbishment the house's reclamation

becomes inexorably linked with his own re birth and salvation before he finally marries for the third time and gets to live in his family house This is not a misery memoir it is an uplifting albeit tempestuous Gulliver like biography of the heart with an ancient Elizabethan house as the writer s Arcadian safe house and source of salvation     *The Cambridge Paperback Guide to Literature in English* Ian Ousby,1996-02-23 Derived from the parent Guide to Literature in English this volume offers in concise form over 4 000 entries on literature in English from cultures throughout the world Writers and major works from the UK and the USA are represented as are those from Canada the Caribbean Australia India and Africa The coverage is broad from the classics of English literature to the best of modern writing Additionally the Guide has a wealth of entries on literary movements groups or schools in literature and criticism literary magazines genres and sub genres critical concepts and rhetorical terms     *Time* ,1993     *Housman Country* Peter Parker,2017-06-20 Parker s beautiful Housman Country tells you everything you want to know about the life and influence of England s most satirised but inimitable poets Evening Standard A New York Times Book Review Editor s Choice Nominated for the 2017 PEN Bograd Weld Prize for Biography A E Housman s A Shropshire Lad made little impression when it was first published in 1896 but has since become one of the best loved volumes of poetry in the English language Its evocation of the English countryside thwarted love and a yearning for things lost is as potent today as it was more than a century ago and the book has never been out of print In Housman Country Peter Parker explores the lives of A E Housman and his most famous book and in doing so shows how A Shropshire Lad has permeated English life and culture since its publication The poems were taken to war by soldiers who wanted to carry England in their pockets were adapted by composers trying to create a new kind of English music and have influenced poetry fiction music and drama right up to the present day Everyone has a personal land of lost content with blue remembered hills and Housman has been a tangible and far reaching presence in a startling range of work from the war poets and Ralph Vaughan Williams to Inspector Morse and Morrissey Housman Country is a vivid exploration of England and Englishness in which Parker maps out terrain that is as historical and emotional as it is topographical A rich blend of literary criticism and cultural history *The Spectator*     *The Bronze Age Landscape of the Northern English Midlands* David Mullin,2003 Wet wooded and largely unattractive is how some have characterised the northern Midlands in the Bronze Age In this thesis David Mullin undertakes an archaeological investigation of the ill studied regions of Cheshire northern Shropshire and northern Staffordshire     *Nelson's Encyclopaedia* ,1907     *The English Catalogue of Books: v.
