The New York Times Index, 1990 *A Beast in the Silence* Yvonne Francisco, 2020-04-27 A Beast In Silence By Yvonne Francisco In these short stories the author conveys the feelings and anguish of women living under the yoke of domineering and abusive men or as she calls them men beasts a new subspecies which in her own words emerged as a hybrid between humans and some kind of wild animal Through her tales the author vividly shows that no specific social class or educational levels can prevent women from being caught up in the so-called cycle of violence as reflected by increasingly shocking statistics worldwide with so many women experiencing violence at the hands of their current and former partners or husbands on a daily basis Readers will also be able to discover the particular characteristics that define this man-beast or abuser In a break from literary convention the author does not name any of her characters using just personal pronouns like he or she to help readers to identify with them If they too are experiencing identical or similar situations some readers might come to realize that what is going on in their own lives is not normal but part of that same vicious cycle of domestic violence
